A person interested to get a prospectus may obtain from the issuer, and the issue manager.

“If you have any query about this document, you may consult the issuer, issue manager and underwriter”

“CONSENT OF THE BANGLADESH SECURITIES AND EXCHANGE COMMISSION HAS BEEN OBTAINED TO THE ISSUE OR OFFER OF THESE SECURITIES UNDER THE SECURITIES AND EXCHANGE ORDINANCE, 1969, AND THE BANGLADESH SECURITIES AND EXCHANGE COMMISSION (PUBLIC ISSUE) RULES, 2015. IT MUST BE DISTINCTLY UNDERSTOOD THAT IN GIVING THIS CONSENT THE COMMISSION DOES NOT TAKE ANY RESPONSIBILITY FOR THE FINANCIAL SOUNDNESS OF THE ISSUER COMPANY, ANY OF ITS PROJECTS OR THE ISSUE PRICE OF ITS SECURITIES OR FOR THE CORRECTNESS OF ANY OF THE STATEMENTS MADE OR OPINION EXPRESSED WITH REGARD TO THEM. SUCH RESPONSIBILITY LIES WITH THE ISSUER, ITS DIRECTORS, CHIEF EXECUTIVE OFFICER, MANAGING DIRECTOR, CHIEF FINANCIAL OFFICER, COMPANY SECRETARY, ISSUE MANAGER, ISSUE MANAGER’S CHIEF EXECUTIVE OFFICER, UNDERWRITERS, AUDITOR(S), VALUER AND/OR CREDIT RATING COMPANY (IF ANY).”

Risks in relation to the First Issue

"This being the first issue of the issuer, there has been no formal market for the securities of the issuer. The face value of the securities is Tk. 10.00 (ten) and the issue price is Tk 24, i.e. '2.4 times' of the face value. The issue price has been determined and justified by the issuer and the issue manager or bidding by the eligible investors as stated under the paragraph on “Justification of Issue Price” should not be taken to be indicative of the market price of the securities after listing. No assurance can be given regarding an active or sustained trading of the securities or the price after listing."

General Risk

"Investment in securities involves a degree of risk and investors should not invest any funds in this offer unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this offer. For taking an investment decision, investors must rely on their own examination of the issuer and the offer including the risks involved. The securities have not been recommended by the Bangladesh Securities and Exchange Commission (BSEC) nor does BSEC guarantee the accuracy or adequacy of this document. Specific attention of investors is invited to the statement of 'risk factors' given on page number(s) 232 to 238"

Issuer’s Absolute Responsibility

"The issuer, having made all reasonable inquiries, accepts responsibility for and confirms that this prospectus contains all material information with regard to the issuer and the issue, that the information contained in the prospectus are true, fair and correct in all material aspects and are not misleading in any respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which make this document as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect."

(xi)	Confirmation that all receipts and payments of the issuer above Tk.5,00,000/- (five lac) were made through banking channel	494
(xii)	Confirmation that Bank Statements of the issuer are in conformity with its books of accounts	495
(xiii)	Statement of payment status of TAX, VAT and other taxes or duties	496
Section XXVII: Credit Rating Report		497-527
Credit Rating Report on Best Holdings Limited		497-527
Section XXVIII: Public Issue Application Procedure		528-530

SECTION I: EXECUTIVE SUMMARY

a) About the industry

Bangladesh has been among the fastest growing economies in the world over the past decade, averaging an annual GDP growth rate of over 6.5%¹ during that period. The development of the hospitality sector has also contributed to this impressive expansion of our economy. The hospitality sector added BDT 879 billion² to the country's GDP³ in FY 2019-20, which accounted for a 2.8% GDP contribution. This was nearly double the contribution of 1.5% by the hospitality sector to the country's GDP in 2009-10⁴, when the sector added BDT 120 billion⁵ to the economy of Bangladesh. Those figures translate to a compounded annual growth rate (CAGR) of more than 22% for the hospitality sector, a benchmark that encapsulates just how impressive the growth of our hospitality sector has been. Being the owner of Le Meridien Dhaka, a premium 5-star hotel brand, Best Holdings Limited is a leading company in this sector.

While the organic growth in the value-addition capacity of leading hospitality entities have certainly played a big role in driving this surge, the industry's notable expansion would not have been possible without the continued and sustained support of the Government of Bangladesh (GoB). In FY 2020-21, the government allocated BDT 27,090 million⁶ to the Ministry of Civil Aviation and Tourism, accounting for a 1.7% allocation from its Annual Development Program. In the following fiscal year of 2021-22, allocation to the sector was increased to 2.1% by the government, resulting in the total amount allocated to the sector jumping to BDT 43,350 million⁷. In 2023-24, the budget for this ministry stands at BDT 65,967 million⁸ which will contribute hugely to the development of this sector. The eventual launch of Hazrat Shahjalal International Airport's 3rd Terminal will also help Bangladesh be a major aviation hub which will further boost tourism. This marked a noticeable increase in budgetary allocations to the sector, providing further evidence of the government's continued commitment to the development of the country's hospitality industry.

On a broader time-horizon over the last ten years, the hospitality sector has been one of the fastest growing sectors in the country's economy. Hotel establishments more than doubled in the last decade in Bangladesh, with hospitality offerings standing at 4.36 lacs in 2019-20 from just 2.75 lacs in 2009-10⁹. This in turn has allowed the industry to create considerable job opportunities. The excellence of our hospitality offerings has allowed the sector to transcend national boundaries and enter the global market, evidenced by entities such as Le Meridien getting absorbed under the worldwide hospitality chain of Marriott International Inc. USA.

Similar to the hospitality sector, the agricultural industry, often described as the lifeblood of our economy, has played an important role in driving our country's GDP growth. In FY 2020-21, the agricultural sector contributed BDT 4,106 billion to the economy, accounting for 11.6% of the country's GDP¹⁰.

b) About the issuer

Best Holdings Limited, from its inception till date, has been intimately involved in the hospitality sector of Bangladesh. The company has developed Le Méridien Dhaka, a state of art 5-star hotel that is located at Nikunja-2, Khilkhet, Dhaka just 2 kilometers from Hazrat Shahjalal International Airport. Business operations of the hotel are carried out through a management contract with Marriott International (formerly Starwood Asia Pacific Hotels and Resorts PTE. Limited). As a result, Le Méridien Dhaka now operates as a chain under Marriott International Inc. USA.

¹⁰ Bangladesh Economic Review 2022

Best Holdings Limited, to extend its world-class hospitality offerings outside the capital, is currently developing a project called The Muslin, A Luxury Collection, a planned luxury resort in Bhaluka, Mymensingh. The company is also engaged in developing a collection of Private Luxury Villas in Bhaluka, Mymensingh. Both projects are currently in ongoing development. Additionally, the company has an agricultural project in Noakhali that is engaged in poultry, dairy, fisheries, plants and livestock.

Best Holdings Limited has 2 (two) subsidiaries namely Iconx Hotels Limited and Dhamshur Economic Zone Limited. Iconx Hotels Limited is currently constructing Marriott Bhaluka, a 5-star hospitality offering located just 50km from Hazrat Shahjalal International Airport. Dhamshur Economic Zone Limited was established with the intention of establishing an economic zone in Bhaluka, Mymensingh.

Best Holdings Limited has a unique board composition. The company has 13 board members including 3 independent directors. Other than the independent directors, the board has 3 nominated directors from 3 state-owned commercial banks namely Sonali Bank Limited, Agrani Bank Limited and Rupali Bank Limited.

Best Holdings Limited's board is headed by Amin Ahmad, a leading business entrepreneur with experience of more than 30 years.

SECTION II: CONDITION IMPOSED BY THE COMMISSION IN THE CONSENT LETTER

Disclosure in respect of issuance of security in Dematerialized Form

As per provision of the Depository Act, 1999 and regulation made there under, shares will be issued in dematerialized condition. All transfer/transmission/splitting will take place in the Central Depository Bangladesh Limited (CDBL) system and any further issuance of shares (rights/bonus) will be issued in dematerialized form only.

Conditions under 2CC of the Securities and Exchange Ordinance, 1969

PART-A

(Commence electronic bidding by the eligible investors to determine the cut-off price)

The Commission hereby imposes further conditions under section 2CC of the Securities and Exchange Ordinance, 1969, to determine the cut-off price of ordinary shares of Best Holdings Limited in adherence to Rules 4(2)(c) of the Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015:

1. Each Eligible Investor (EI) who intends to submit application through the Electronic Subscription System (ESS) of the exchange(s) shall maintain a minimum investment of **Tk. 1,50,00,000 (Taka one crore fifty lac only)** for approved pension funds, recognized provident funds and approved gratuity funds and **other EIs of Tk. 3,00,00,000 (Taka three crore only)** in the listed securities (matured securities) at market price (the close price of both Exchanges whichever is higher) as on the end of a working day which is immediately preceded by 5 (five) working days from the first day of starting the bidding as per clause (e) of sub-rule (1) of rule 2 of the Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015. The minimum bid value for bidding shall be Tk. 20,00,000 (Taka Twenty Lac only). The Exchanges shall send the list of BO Accounts who have applied in the IPO to the Central Depository Bangladesh Limited (CDBL). CDBL shall send a report to the Exchanges on the basis of the list of BO Accounts provided by the Exchanges regarding holding of EIs in listed securities and the Exchange shall ensure the compliance in this regard.
2. Within 5 (five) working days of completion of the bidding process, the Issuer and Issue Manager shall **jointly** submit the following papers/documents to the Commission:
 - a) 10 (ten) copies of draft prospectus duly signed by the issuer and issue manager containing among others, the cut-off price and offer price for general investors as discovered through the bidding process, number of shares to be allotted to each category of investors and a statement of shares to be allotted to each of the eligible institutional investors;
 - b) Statement of the designated bank account evidencing deposit of full bid amount by the eligible investors; and
 - c) Hard copy and soft copy of the bidding results.
3. The Company along with the Issue Manager and Registrar to the Issue shall ensure compliance of the above and the Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015 and subsequent amendments made there under;
4. Within 5 (five) working days of completion of the bidding period, the concerned Exchange(s) shall report to the Commission whether the bidding has been successfully completed or not and also furnish a summary report thereof;
5. The concerned Exchange(s) shall extend cooperation to the Issuer and Issue Manager for compliance of condition No. 3 of this letter and Rule 4(2)(c)(xii) of the Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015;
6. The Commission's Directive No. BSEC/CMRRCD/2021-389/04 dated 01 February 2021 shall be complied with;

7. Electronic bidding shall be started **within 15 (fifteen) working days** from the date of issuance of this letter;
8. The fund collected through electronic bidding by the eligible investors shall not be utilized prior to listing with the Exchange(s) and that utilization of the said fund shall be affected through banking channel, i.e., through account payee cheque, pay order or bank drafts etc.; and
9. Upon completion of bidding process, the Issuer shall submit the prospectus for vetting and publication.

PART-B

(Raising of capital through Initial Public Offer (IPO) for General Public including NRB)

1. According to the compliance with the conditions of Part-A of this letter, the Company shall go for Initial Public Offering (IPO) for raising of **Tk. 350,000,0000 (Taka three hundred and fifty crore)** from which 25% of securities are reserved for Eligible Investors (EIs) including Mutual Funds and CISs (EIs) at their own bid price and quantity on highest to lowest bid basis in a descending order of individual bid price till exhaustion of the quota for EI category and the remaining 75% of securities will be offered for General Public including NRB at an issue price which is **30% discounted (at nearest integer) from the cut-off price**, totalling **Tk. 350,000,0000 (Taka three hundred and fifty crore)** approximately following the Securities and Exchange Ordinance, 1969, the Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015, the Depository Act 1999 and rules made there under.
2. The abridged version of the prospectus, as approved and vetted by the Commission, shall be published by the issuer in 4 (Four) national daily newspapers (two in Bangla and two in English), **within 5 (Five) working days** of submission of compliance report of bidding to the Commission according to the conditions of Part-A of this letter. The issuer shall post the full prospectus in the issuer's website and shall also put on the websites of the Commission, stock exchanges, and the issue manager, **within 2 (two) working days** of publication of abridged version of prospectus in the newspaper and shall remain posted till the closure of the subscription list. The issuer shall submit to the Commission, the stock exchanges and the issue manager a diskette containing the text of the vetted prospectus in "MS- Word" format.
3. The Company shall submit **40 (Forty)** copies of the printed prospectus to the Commission for official record within **5 (Five) working days** from the date of publication of the abridged version of the prospectus in the newspaper.
4. The issuer company and the issue manager shall ensure the transmission of the prospectus and its abridged version for NRBs through email to the Bangladesh Embassies and Missions abroad within **5 (Five) working days** from the date of publication of the abridged version of the prospectus in the newspaper. A compliance report shall be submitted in this respect to the Commission jointly by the Issuer and the Issue Manager within **2 (Two) working days** from the date of said transmission of the prospectus.
5. The following declaration shall be made by the Company in the prospectus, namely: -

"DECLARATION ABOUT LISTING OF SHARES WITH THE STOCK EXCHANGE(S):

None of the stock exchange(s), if for any reason, grants listing within **20 (twenty) working days** from the closure of subscription, any allotment in terms of this prospectus shall be void and the company shall refund the subscription money within **15 (Fifteen) days** from the date of refusal for listing by the stock exchanges, or from the date of expiry of the said **20 (twenty) working days**, as the case may be.

In case of non-refund of the subscription money within the aforesaid **15 (Fifteen) days**, the Directors of the company, in addition to the issuer company, shall be collectively and severally liable for refund of the subscription money, with interest at the rate of 2% (two percent) above the bank rate, to the subscribers concerned.

The issue manager, in addition to the issuer company, shall ensure due compliance of the above-mentioned conditions and shall submit compliance report thereon to the Commission within **7 (Seven) days** of expiry of the aforesaid **15 (Fifteen) days'** time period allowed for refund of the subscription money."

The stock exchanges shall complete the listing procedure and start of trading of securities within 20 (Twenty) working days from the closure of subscription.

6. Each General Public applicant (without NRB) and Non-resident Bangladeshi (NRB) applicant who intends to submit application through the Electronic Subscription System (ESS) of the exchange(s) shall maintain a minimum investment of Tk. 50,000/- (Taka Fifty thousand only) and Tk. 1,00,000/- (Taka One lakh only) respectively in the listed securities (matured securities) at market price (the close price of both Exchanges whichever is higher) as on the end of a working day which is immediately preceded by 5 (five) working days from the first day of starting the subscription. The application amount shall be Tk. 10,000/- (Taka ten thousand only) or its multiples. Exchanges shall send the list of BO Accounts who have applied in the IPO to the Central Depository Bangladesh Limited (CDBL). CDBL shall verify the list of BO Accounts provided by the Exchanges regarding investment of general applicants in listed securities.
7. The IPO shall stand cancelled in case of under- subscription in GP category above 35%. In such an event, the issuer and issue manager shall inform the Commission **within 2 (two) working days** and release the subscription money **within 7 (Seven) working days** after receiving verification report from CDBL and the information from exchanges regarding subscription.
8. In case of under-subscription under any of sub-categories of General Public category, the unsubscribed portion shall be added to other sub-category of the General Public category. In case of over subscription in the general public category, the securities shall be allotted on pro-rata basis, any fraction shall be considered to the nearest integer and accumulated fractional securities shall be allotted on random basis.
9. An applicant cannot submit more than two applications, one in his/her own name and the other jointly with another person. In case, an applicant submits more than two applications, all applications will be treated as invalid and will not be considered for allotment purpose. In addition, 15% (fifteen) of the application money will be forfeited and deposited to the Commission by the exchanges and the balance amount will be refunded to the applicant.
10. The applicants who have applied for more than two applications using the same bank account, their application will not be considered for allotment purpose. In addition, 15% of their subscription money shall be forfeited and deposited to the Commission by the exchange and the balance amount will be refunded to the applicant.
11. Making of any false statement or giving any incorrect information or suppressing any relevant information in the application shall make the application liable to rejection and subject to forfeiture of 25% of the application money and/or forfeiture of share (unit) before or after issuance of the same by the issuer. The said forfeited application money or sell proceed of forfeited shares (units) will be deposited in the account of the Bangladesh Securities and Exchange Commission (BSEC) by the exchange. This is in addition to any other penalties as may be provided for by the law.
12. The company shall furnish the list of allottees simultaneously to the Commission and the stock exchange(s) in which the shares will be listed, **within 24 (Twenty-Four) hours** of allotment.
13. **The issuer shall not increase its paid-up capital within next 03 (three) years from the first trading day at the exchanges through issuance of stock dividend (bonus shares).**
14. If any share of Sponsors/Directors/Promoters is in paper format, it shall be handed over to securities custodian registered with the Commission and shall remain held till completion of lock-in period and the name of the securities custodian shall be furnished to the Commission jointly by the issuer and issue manager, along with a confirmation thereof from the custodian, within one week of listing of the shares with the stock exchange(s). Otherwise, those shares (shares of Sponsors/ Directors/ Promoters) can be dematerialized and shall remain in lock-in under CDBL system and the issuer shall submit a dematerialization confirmation report generated by CDBL system and attested by Managing Director of the company along with the lock-in confirmation to the Commission within one week of listing of the shares with the stock exchange(s). In respect of shares other than Sponsors/Directors/Promoters, the issuer will ensure their lock-in of those shares and submit a statement to this effect to the Commission.

15. The company shall not declare any dividend/bonus shares before listing with any Exchange from the date of this letter.
16. The company shall issue shares to the General Investors (GI) at 30% discounted price from the determined Cut-off price.
17. The company shall not provide/sanction any Inter-company loan from the date of this letter until further order of the Commission.
18. The company shall not engage itself into any merger/amalgamation or acquisition activities without taking “No Objection” from the Commission, on the scheme of the said merger/amalgamation or acquisition, as recommended by the Board of Directors, before approval by the shareholders in the General Meeting, and
19. All shares issued before the Initial Public offer (IPO) of the company shall be locked in for a period of 03 (three) years from the date of first trading day in the stock exchange (s).
20. Best Holdings Ltd. কর্তৃক ইস্যুকৃত বন্ডে মিউচুয়াল ফান্ড হতে বিনিয়োগকৃত অর্থ ও পঞ্জীভূত অপরিশোধিত সুদ শেয়ারে রূপান্তরের ক্ষেত্রে বুক বিল্ডিং পদ্ধতিতে নির্ধারিত ইস্যু মূল্যে তা রূপান্তর করতে হবে।

PART-C

Application Process

Step-1 (Applicant)

1. An applicant for public issue of securities shall submit an application/buy instruction to the Stockbroker/ Merchant Banker where the applicant maintains customer account, within the cut-off date (i.e. the subscription closing date), which shall be **commenced after 20 (twenty) working days and remain open up to 25th (twenty fifth) working days** from the date of publication of an abridged version of the prospectus.
2. The application/buy instruction may be submitted in prescribed paper or electronic form, which shall contain the Customer ID, Name, BO Account Number, Total Amount and Category of the Applicant. At the same time:
 - a) Non-Resident Bangladeshi (NRB) applicants shall:
 - Apply to Stockbroker/ Merchant Banker through BDT/NITA and provide bank certificate evidencing remit of foreign currency in the ESS;
 - Provide relevant documents in ESS in supporting of NRB.
 - b) Eligible investors shall submit an application through the electronic subscription system of the exchange(s) and deposit the full amount intended to subscribe by the method as determined by exchange(s).
 - c) The General Public and Non-resident Bangladeshi (NRB) applicants shall submit the application in the electronic subscription system of the exchange(s) through the Stockbrokers/Merchant Bankers where the applicant maintains customer account.

Step-2 (Intermediary)

3. The registered Stock broker/Merchant Banker in the ESS shall:
 - a) Post the amount separately in the customer account equivalent to the application money;
 - b) Accumulate all the applications/buy instructions received up to the cut-off date and transfer the amount to their respective Consolidated Customer Account;
4. The registered Stockbroker/Merchant Banker in the ESS shall prepare category wise lists of the applicants containing Customer ID, Name, BO Account Number and within **3 (three) working days** from the cut-off date, upload to the ESS, the lists of applicants in electronic (text format with tilde '~' separator) format, deposit the full amount received from the General Public and Non-Resident Bangladeshi (NRB) applicants by the method as determined by exchange(s).

5. The application/buy instructions shall be preserved by the Stock broker/Merchant Bankers up to **6 (six) months** from listing of the securities with the exchange.
6. The Exchanges shall prepare a consolidated list of the applications and send the applicants' BOIDs in electronic (text) format in a CDROM to CDBL for verification **on the next working day**. Simultaneously, the Issuer shall post the consolidated list of applicants on its website and websites of the Exchanges. CDBL shall verify the BOIDs as to whether the BO accounts of the applicants are active or not, verify more than two applications by an individual, verify more than two applications using same bank account and investment criteria.
7. **On the next working day**, CDBL shall provide the Exchanges with an updated database of the applicants containing BO Account Number, Name, Addresses, Parent s' Name and Joint Account information along with the verification report.
8. After receiving verification report and information from CDBL, the Exchanges shall scrutinize the applications, prepare category wise consolidated lists of valid and invalid applications **within 5 (five) working days**.
9. **On the next working day**, the Exchanges shall provide the Commission, Issuer and Issue Manager with the soft copy of subscription result.

Step-3 (Issuer)

10. The Issuer and issue manager shall post the final status of subscription on their **websites within 6 (six) hours** and on the websites of the Commission and Exchanges **within 12 (twelve) hours** of receiving information by the Commission and the Exchanges.
11. **Within 3 (three) working days** of receipt of the subscription result, the Issuer and Exchanges shall:
 - a) Process pro-rata allotment of securities to the General Public and Non-Resident Bangladeshi (NRB) applicants;
 - b) Prepare category wise lists of invalid applicants who are subject to penal provisions as per conditions of the consent letter issued by the Commission in electronic (text format with tilde '~' separator) format mentioning the penalty amount against each applicant;
 - c) Issuer shall issue allotment letters in the names of allottees in electronic format, and
 - d) Issuer shall credit the allotted shares to the respective BO accounts on the basis of allotment data (BOID and number of securities) via their CDBL VeDAS Terminal.
12. **15% Private Offer to employees or others of the Issuer:**

According to the compliance with the provisions of the Commission's Notification No. BSEC/CMRRCD/2009-193/27/Admin/127 dated 19 July 2021, application process of the 'employees & others' category of the issuer in the initial public offering (IPO) through ESS of the Exchanges shall be conducted as follows:

- a. Employees or others will get 15% of total IPO size subject to payment of 20% premium over fair value for each share. Unsubscribed portion of employees or others will be entitled for General Public (GP) excluding NRB.
- b. The issuer shall upload the list of the existing employees or others in the electronic subscription system of the exchange(s) in electronic (text format with tilde separator) format containing Customer ID, Name (as per BO ID), BO ID, Total Quantity, Total Amount, Category of the Applicant, NID, Employee ID, Service Start Date and Designation.

- c. The existing employees of the issuer or others shall submit application in the electronic subscription system of the exchange(s) through the Stockbrokers/Merchant Bankers where the applicant maintains customer account.
- d. The registered Stockbroker/Merchant Banker in the ESS shall upload the lists of existing employees of the issuer in electronic (text format with tilde '~' separator) format.
- e. The Exchanges shall verify (name, BO ID, amount, duplicate, etc) the applications of existing employees and send the valid BOIDs in electronic (text) format to CDBL for verification. CDBL shall verify the BOIDs as to whether the BO accounts of the applicants are active or not.
- f. CDBL shall provide the Exchanges with an updated database of the applicants containing BO Account Number, Name, Addresses, Parent s' Name and Joint Account information along with the verification report.

The Existing employees or others of the issuer as mentioned above at condition no. a whose applications are valid and active will be allotted securities as per their applied quantities, **subject to a lock-in period of 2 (two) years from the first trading day at the exchanges**

Step-4 (Intermediary)

13. On the next working day, Exchanges shall:

- a) remit the number of allotted applicants to the Issuer's respective Escrow Account opened for subscription purpose.
- b) send the penalty amount who are subject to penal provisions to the Issuer's respective Escrow Accounts along with a list.
- c) distribute the information and allotment letters to the stock broker/Merchant Bankers concerned in electronic format with a request to refund the balance application money.

14. On the next working day of receiving the documents from the Exchanges, the Stockbrokers/Merchant Banker shall refund the excess application money in the customer accounts and inform the applicants about allotment of securities.

Miscellaneous:

- 15.** The Issuer, Issue Manager(s), Stockbrokers and Merchant Bankers shall ensure compliance of the above.
- 16.** The Issuer shall pay the costs related to process the Eligible Investors allotment if claimed by the Exchange concerned up to an amount of Tk. 2,00,000/- (Taka Two Lac) only and Tk. 8,00,000/- (Taka Eight Lac) only for processing the applications of General Public and Non-Resident Bangladeshi (NRB) applicants.
- 17.** The Stockbroker/Merchant Bankers shall be entitled to a service charge of Tk. 5/- (Taka five) only per application irrespective of the amount or category for the service provided till withdrawal of the money. The service charge shall be paid by the applicant at the time of submitting an application.
- 18.** The Exchanges shall provide the Issuer with a statement of the remittance.
- 19.** The exchange shall send the penalty amount to the Commission through a bank draft/payment order issued in favor of the Bangladesh Securities and Exchange Commission.
- 20.** The concerned Exchange is authorized to settle any complaints and take necessary actions against any Stockbroker/ Merchant Banker in case of violation of any provision of the public issue application process with intimation to the Commission.

PART-D

1. The issue manager(s) shall carefully examine and compare the published prospectus and its abridged version on the date of publication with the copies vetted by the Commission. If any discrepancy is found, both the issuer and the issue manager shall jointly publish a corrigendum immediately in the same newspapers concerned, simultaneously endorsing copies thereof to the Commission and the stock exchanges concerned. In this regard, the issue manager shall submit a compliance report to the Commission within **5 (five) working days** from the date of such publications.
2. The fund collected through Public Offering shall not be utilized prior to listing with Exchange(s) and that utilization of the said fund shall be affected through banking channel, i.e., through account payee cheque, pay order or bank drafts etc.
3. The company shall furnish a status report on the utilization of Public Offering proceeds audited by foreign-affiliated auditors and authenticated by the Board of Directors of the Company to the Commission and the Exchanges within 15 (Fifteen) days of the closing of each quarter until such fund is fully utilized, as mentioned in the schedule contained in the prospectus. The issuer shall simultaneously post the status report on its website and Exchanges shall also post the same in company information contained in websites of the Exchanges. In the event of any irregularity or inconsistency, the Commission may employ or engage any person to examine whether the issuer has utilized the proceeds for the purpose disclosed in the prospectus.
4. While auditing the utilization of IPO proceeds, the auditors will perform their jobs under the following terms of reference (TOR) and confirm the same in their report/certificate:
 - (a) Whether IPO proceeds have been utilized for the purposes/heads as specified in the prospectus;
 - (b) Whether IPO proceeds have been utilized in line with the condition (if any) of the Commission's consent letter;
 - (c) Whether the utilization of IPO proceeds have been completed within the time schedule/implementation schedule as specified in the published prospectus;
 - (d) Whether utilization of IPO proceeds is accurate and for the purpose of the company as mentioned/specified in the published prospectus; and
 - (e) The auditors should also confirm that: (i) assets have been procured/imported/constructed maintaining proper/required procedure as well as at a reasonable price; and (ii) auditors' report has been made on verification of all necessary documents/papers/vouchers in support of IPO proceeds making reconciliation with Bank Statement.
5. All transactions, excluding petty cash expenses, shall be affected by crossed cheques or bank transfers.
6. Proceeds of the public offering shall not be transferred to any other bank account before listing with the Exchange(s). The proceeds shall not be used for any purpose other than those specified in the prospectus without any valid ground. **Any material deviation in this respect must have prior approval of at least 51% of the public shareholders, other than sponsors and directors, in a general meeting through a board-approved agenda and due notification to the shareholders. Before the said general meeting, such deviation as recommended by the Board of Directors shall be published as price-sensitive information with detailed description and reasons for such deviation. If approved by the shareholders, the meeting resolution shall be submitted to the Commission along with reasonable explanations and the decision shall be published as price-sensitive information.**
7. If any quarter of the financial year-end after publication of the abridged version of prospectus and before listing of its securities with any exchange, the company shall disseminate/transmit/submit the said quarterly financial statements in accordance with the Commission's Notification BSEC/CMRRCD/2006-158/208/Admin/81 dated 20 June 2018 and Rules 15 of the Securities and Exchange Rules, 2020.

8. In the event of rising issues concerning Price Sensitive Information as defined under the সিকিউরিটিজ ও এক্সচেঞ্জ কমিশন (সুবিধাভোগী ব্যবসা নিষিদ্ধকরণ) বিধিমালা 1995 after publication of the abridged version of prospectus and before listing of its securities with any exchange, the company shall disseminate/ transmit/ submit the information as price-sensitive in accordance with the Commission's Notification No. SEC/SRMI/200-953/1950 dated October 24, 2000.

PART-E

1. As per provision of the Depositories Act, 1999 & Regulations made thereunder, shares will only be issued in dematerialized condition. All transfer/ transmission/ splitting will take place in the depository system of Central Depository Bangladesh Ltd. (CDBL) and any further issuance of shares (including rights/bonus) will be made in dematerialized form only.
2. The issuer and the issue manager shall ensure due compliance of all the above conditions, the 'Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015' and subsequent amendments along with the listing regulations of the Exchanges:

Provided that the Board of Directors of the issuer along with the Issue Manager(s) shall conduct a quarterly meeting with the Capital Issue Department of the Commission regarding compliance status of its business plan as mentioned in the Prospectus.

3. The Commission may impose further conditions/ restrictions etc. from time to time as and when considered necessary which shall also be binding upon the issuer company.

SECTION III: DECLARATIONS AND DUE DILIGENCE CERTIFICATES

Annexure A

Declaration about the responsibility of the directors, including the CEO of the issuer in respect of the prospectus

This prospectus has been prepared, seen and approved by us, and we, individually and collectively, accept full responsibility for the authenticity, accuracy and adequacy of the statements made, information given in the prospectus, documents, financial statements, exhibits, annexes, papers submitted to the Commission in support thereof, and confirm, after making all reasonable inquiries that all conditions concerning this public issue and prospectus have been met and that there are no other information or documents, the omission of which make any information or statements therein misleading for which the Commission may take any civil, criminal or administrative actions against any or all of us as it may deem fit.

We also confirm that full and fair disclosures have been made in this prospectus to enable the investors to make a well informed decision for investment.

Annexure B

Due diligence certificate by issue manager (ICB Capital Management Limited) [Rule 4 (1)(d)]

To

The Bangladesh Securities and Exchange Commission

Sub: Public Issue of 125,055,829 Ordinary Shares of Tk. 3,500,000,000.00 by Best Holdings Limited.

Dear Sir,

We, the issue manager(s) to the above-mentioned forthcoming issue, state and confirm as follows:

- 1) We have examined all the documents submitted with the application for the above mentioned public issue, visited the premises of the issuer and interviewed the Chairperson, Directors and key management personnel of the issuer in connection with the finalization of the Red-Herring Prospectus/Prospectus pertaining to the said issue;
- 2) On the basis of such examination and the discussions with the directors, officers and auditors of the issuer, other agencies, independent verification of the statements concerning objects of the issue and the contents of the documents and other materials furnished by the issuer.

WE CONFIRM THAT:

- (a) The Red-Herring Prospectus/Prospectus filed with the Commission is in conformity with the documents, materials and papers relevant to the issue;
- (b) All the legal requirements relating to the issue as also in the rules, notification, guidelines, instructions, etc. framed/issued by the Commission, other competent authorities in this behalf and the Government have been duly complied with;
- (c) The disclosures made in Red-Herring Prospectus/Prospectus are true, fair and adequate to enable the investors to make a well informed decision for investment in the proposed issue and such disclosures are in accordance with the requirements of the Companies Act, 1994, the Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015 and other applicable laws;
- (d) Besides ourselves, all the intermediaries named in the Red-Herring Prospectus/Prospectus are registered with the Commission and that till date such registrations are valid;
- (e) We have satisfied ourselves about the capability of the underwriters to fulfill their underwriting commitments;
- (f) The proposed activities of the issuer for which the funds are being raised in the present issue fall within the 'main objects' listed in the object clause of the Memorandum of Association or other charter of the issuer and that the activities which have been carried out till now are valid in terms of the object clause of its Memorandum of Association;
- (g) Necessary arrangements have been made to ensure that the moneys to be received pursuant to the issue shall be kept in a separate bank account and shall be used for the purposes disclosed in the use of proceeds section of the Red-Herring Prospectus/Prospectus;
- (h) All the applicable disclosures mandated in the Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015 have been made in addition to other disclosures which, in our view, are fair and adequate to enable the investor to make a well informed decision;
- (i) We enclose a note explaining how the process of due diligence has been exercised by us in view of the nature of current business background or the issuer, situation at which the proposed business stands, the risk factors, sponsors experiences etc. We also confirm that the due diligence related process, documents and approval memos shall be kept in record by us for the next 5 (five) years after the IPO for any further inspection by the Commission;

(j) We enclose a checklist confirming rule-wise compliance with the applicable provisions of the Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015 containing details such as the rule number, its text, the status of compliance, page numbers of the Red-Herring Prospectus/Prospectus where the rules has been complied with and our comments, if any;

(k) We also declare that we have managed the public issue of following issuers in the last 05 (five) years:

The Bangladesh Securities and Exchange Commission

Sub: Public Issue of 125,055,829.00 Ordinary Shares of BDT 3,500,000,000.00 of Best Holdings Limited

Dear Sir,

We, the under-noted Underwriter to the above-mentioned forthcoming issue, state individually and collectively as follows:

1. We, while underwriting the above mentioned issue on a firm commitment basis, have examined the draft prospectus, other documents and materials as relevant to our underwriting decision; and
2. On the basis of such examination and the discussions with the issuer company, its directors and officers, and other agencies, independent verification of the statements concerning objects of the issue and the contents of the documents and other materials furnished by the issuer company.

WE CONFIRM THAT:

- a) We are registered with the Bangladesh Securities and Exchange Commission as a merchant banker and eligible to carry out the underwriting activities. Our present paid-up capital stands at Tk. 2,289,000,000 (two hundred twenty eight crore and ninety lac only) and we have the capacity to underwrite a total amount of Tk. 11,445,000,000 (one thousand one hundred forty four crore and fifty lac only) as per relevant legal requirement. We have committed to underwrite for up to Tk. 34,301,016 (Taka Three Crore Forty Three Lac One Thousand Sixteen Only) for the upcoming issue.
- b) At present, the following underwriting obligations are pending for us:

SI. No.	Name of the Company	Amount Underwritten (in Tk.)
01	First Securiy Islami Bank Limited	100,000,000.00
02	Islam Oxygen Limited	50,000,000.00
03	United Commercial Bank Limited Perpetual Bond	30,000,000.00
04	aamra networks limited	99,999,990.00
05	Eshana Non Woven Fabrics (ind) Ltd.	26,250,000.00
06	B. Brothers Garments Company Limited	50,000,000.00
	Total	356,249,990.00

- c) All information as are relevant to our underwriting decision have been received by us and the draft prospectus forwarded to the Commission has been approved by us;
- d) We shall subscribe and take up the un-subscribed securities against the above-mentioned public issue within 15 (fifteen) days of calling up thereof by the issuer; and
- e) This underwriting commitment is unequivocal and irrevocable.

Sd/-

(Md. Shawkat Jahan Khan)

Chief Executive Officer

Dated: 30 November 2023

SECTION IV: ABOUT THE ISSUER

(a) Name of the issuer, dates of incorporation and commencement of its commercial operations, its logo, addresses of its registered office, other offices and plants, telephone number, fax number, contact person, website address and e-mail address

Name of the Issuer	Best Holdings Limited
Date of Incorporation	October 31, 2006
Commencement of Commercial Operation	2009
Logo	
Address of Registered Office	79/A, Commercial Area, Airport Road, Nikunja-2, Khilkhet, Dhaka

SECTION VI: DESCRIPTION OF THE ISSUER

(A) SUMMARY

(i) Summary of the Industry and business environment of the issuer

Bangladesh has been among the fastest growing economies in the world over the past decade, averaging an annual GDP growth rate of over 6.4%¹¹ during that period. The development of the hospitality sector has also contributed to this impressive expansion of our economy. The hospitality sector added BDT 879 billion¹² to the country's GDP¹³ in FY 2019-20, which accounted for a 2.8% GDP contribution. This was nearly double the contribution of 1.5% by the hospitality sector to the country's GDP in 2009-10¹⁴, when the sector added BDT 120 billion¹⁵ to the economy of Bangladesh. Those figures translate to a compounded annual growth rate (CAGR) of more than 22% for the hospitality sector, a benchmark that encapsulates just how impressive the growth of our hospitality sector has been. Being the owner of Le Meridien Dhaka, a premium 5-star hotel brand, Best Holdings Limited is a leading company in this sector.

While the organic growth in the value-addition capacity of leading hospitality entities have certainly played a big role in driving this surge, the industry's notable expansion would not have been possible without the continued and sustained support of the Government of Bangladesh (GoB). In FY 2020-21, the government allocated BDT 27,090 million¹⁶ to the Ministry of Civil Aviation and Tourism, accounting for a 1.7% allocation from its Annual Development Program. In the following fiscal year of 2021-22, allocation to the sector was increased to 2.1% by the government, resulting in the total amount allocated to the sector to jump to BDT 43,350 million¹⁷. This marked a noticeable increase in budgetary allocations to the sector, providing further evidence of the government's continued commitment to the development of the country's hospitality industry.

On a broader time-horizon of the last ten years, the hospitality sector has been one of the fastest growing sectors in the country's economy. Hotel establishments more than doubled in the last decade in Bangladesh, with hospitality offerings standing at 4.36 lacs in 2019-20 from just 2.75 lacs in 2009-10¹⁸. This in turn has allowed the industry to create considerable job opportunities. The excellence of our hospitality offerings has allowed the sector to transcend national boundaries and enter the global market, evidenced by entities such as Le Meridien getting absorbed under the worldwide hospitality chain of Marriott International Inc. USA.

Similar to the hospitality sector, the agricultural industry, often described as the lifeblood of our economy, has played an important role in driving our country's GDP growth. In FY 2020-21, the agricultural sector contributed BDT 4,106 billion to the economy, accounting for 11.6% of the country's GDP¹⁹.

(vi) Details of Credit Rating

(a) The names of all the credit rating agencies from which credit rating has been obtained

The company has been rated by Emerging Credit Rating Limited. Other than Credit Rating Information and Services Limited, the company has not obtained rating from any other rating agency.

(b) The details of all the credit ratings obtained for the issue and the issuer

Particulars	Long Term	Short Term
Entity Rating	A+	ST-2
Date of Rating	September 25, 2023	
Validity of Rating	September 24, 2024	
Rating By	Emerging Credit Rating Limited	

Rating	Definition
A+	Indicates the ability to repay principal and pay interest is strong. These issues could be more vulnerable to adverse developments, both internal and external, than obligations with higher ratings.
ST-2	While the degree of safety regarding timely repayment of principal and payment of interest is strong, the relative degree of safety is not as high as issues rated ST-1.

(c) The rationale or description of the ratings (s) so obtained, as furnished by the credit rating agency(s)

Emerging Credit Rating Limited (hereafter referred to as 'ECRL') has affirmed A+ (pronounced as single A plus) long term credit rating and ST-2 short term credit rating to Best Holdings Limited (from hereinafter referred to as 'BHL' or "the company'). The outlook of the rating is Stable. The ratings are consistent with ECRL's rating methodology for this type of entity. BHL is the owner company of hotel Le Meridian, a 15 storied upper upscale 5 Star Hotel with 304 guest rooms. In addition to providing hospitality services, the company is also engaged with national infrastructure development, agricultural project consisting of dairy farm, fisheries, & livestock's and rental service of commercial space. The rating takes into account the company's trend of operating performance,

management experience, strong brand image, scale of business, sound liquidity position, adequate infrastructure facility and prospect of the industry. The rating is based on audited financial statements from FY2020 to FY2023, draft IPO prospectus, draft feasibility reports of The Muslin, A Luxury Collection (an ongoing project of BHL for setup a five-star resort), bank information and other relevant quantitative and qualitative information up to the date of rating.

The affirmed rating reflects the strength of the company which is backed by achievement double digit revenue growth in last two years with stable profit margins fueled by higher occupancy in the hotel, low leverage risk due to strong equity base, strong fixed asset base providing safety for debt holders, and management's strong track record in the hospitality sector. However, ECRL is concerned about the project implementation in due time and capacity utilization at the estimated level of ongoing project, probable increase in costs of on-going projects due to exchange rate fluctuations and rising price of construction materials could have an adverse impact on NPV, and maintaining quality of service during dollar crisis. ECRL is also concerned about the enhanced interest rate risk of the bond.

Due to growing business opportunity as well as success in hotel business, the company has decided to setup a distinctive luxuries five-star resort in Bhaluka, Mymensingh in the name of "The Muslin, A Luxury Collection". The company has also planned to finance the above project by raising funds from capital market through issuing shares, equity and bank finance. The project cost has been estimated to BDT 15,886.18 million in gross or equivalent to USD 162.10 million and 48% of the project will be financed through equity while the remaining will be financed through debt. However, considering the prevailing inflation and rising price of construction materials, ECRL has adjusted the cost of the project by increasing the civil works cost by 10%. The adjusted cost of the project stood at USD 167.92 million. To finance the project's cost, BHL intends to raise BDT 3,500.00 million from the share market through IPO proceeds, whereas ICB Capital Management Limited and Shanta Equity Limited are acting as issue manager. The proceeds from the share issue will be utilized for building and other civil works of the ongoing five-star resort, purchase of local machinery and equipment for the project, repayment of existing bank loan and carrying estimated IPO expenses. The project commenced on February 2021, and till the reviewed date, the projects is about to complete 30%. The project is expected to be completed by December 2025.

The company assumed that the construction of the resort will be completed within thirty-six months after getting the bank finance and the company is expected to utilize 40% of rated capacity in the first year of operation which will gradually increase over the time span of the project. If the company achieves its projected cash flow targets, then the revised NPV of the project is likely to be BDT 5.17 million. Internal Rate of Return of the proposed project has been computed to 13.72% which is higher than the Cost of Capital (13.00%) demonstrating a feasible project for the investment. Pay Back Period of the investment has been estimated to be 5.35 years.

The company's revenue sources include Hotel Le Meridien, agro and fisheries projects in Bhaluka and Noakhali, Le Meridien's commercial unit, infrastructure construction, IT, and other receipts (ICITO). Total revenue grew by 25.18% in FY2023 to BDT 2,992.26 million, primarily driven by revenue derived from Hotel Le Meridien, which made up 76.91% of total revenue. The agro projects had mixed results, with Bhaluka Project revenue decreasing by 13.80% and Noakhali Project revenue increasing by 7.65% in FY2023. With considerable growth in revenue, the profit figures of the company have surged as well. Meanwhile, the profit margins remained fairly stable with marginal increase in gross profit margin and operating margin, and moderate decrease in net profit margin. It is to be noted that, the company has issued a convertible bond for which semi-annual coupon payments should be paid from August 13, 2024. This will increase the finance cost of the company significantly from the respective year and reduce profitability.

Moreover, the efficiency ratios indicate increasing efficiency in operation in controlling operating costs and finance costs in FY2023. However, an unpaid management fee in the previous year was paid in the FY2023 which increased the operator's fees. Though, the liquidity indicators declined from the previous year still shows a strong liquidity position of the company in terms of its current ratios and quick ratios. On the other hand, the CFO of the company stood at BDT 1,827.89 million, up from BDT 1,371.83 million in the previous year which consequently improved the company's ability to pay off financial expenses and debt obligations from the operating cash flows. Meanwhile, the strong equity base of the company has enabled it to sustain a low leverage risk despite significant amount of loans and debt securities.

BHL has two subsidiaries in the name of IconX Hotels Limited and Dhamshur Economic Zone Limited and none of these subsidiaries are generating revenue at this point of time. IconX Hotels Limited has 3 ongoing projects which

include the Marriott Hotel, Marriott Commercial Complex, and Marriott Residence. The projects has been completed at 65%, 30% and 20% respectively, and 25% of the work of Dhamshur Economic Zone Limited completed has been completed and is expected to be completed by December 2025. As a result, turnover of BHL and its subsidiaries are showing same as like the turnover of only BHL. However, the consolidated profitability of BHL is slightly lower as compared to the standalone profitability due to additional operating costs incurred by the subsidiaries. The consolidated liquidity position of BHL is slightly stronger as compared to its standalone liquidity. Meanwhile, the consolidated debt to equity position shows slightly higher leveraged capital structure due to loans availed by IHTL for its projects.

BHL has availed credit facilities from multiple financial institutions. The respective financial institutions have sanctioned total credit facilities of BDT 2,669.68 million and BHL has outstanding liability of BDT 2,066.92 million against the limit facilities. Apart from the credit facilities from the financial institutions, BHL has issued a coupon bearing convertible secured bond of BDT 12,000 million in the name of “BHL 25% Convertible Secured Bond” in the year of 2019 to refinance the high cost syndicated loan against Le Meridien. Considering the impact of Covid-19 on tourism industry and the business as well, management of BHL proposed to restructure the principal and semi-annual coupon payment of outstanding amount of the bond with reduction in coupon rate. However, a unanimous decision on the restructuring of the bond is yet to be formed by the investors.

Management of the company is headed by a group of experienced personnel whereas board of directors along with key management team takes decisions regarding financing activities. In addition, BHL has also appointed an advisor to oversee the business prospects and to help in decision making activities.

(d) Observations and risk factors as stated in the credit rating report

Observation Summary

Strengths	<ul style="list-style-type: none"> Achieved double digit revenue growth in last two years with stable profit margins fueled by higher occupancy in the hotel Low leverage risk due to strong equity base Strong fixed asset base providing safety for debt holders The management of the company already has a strong track record in hospitality sector.
Challenge/ Risks	<ul style="list-style-type: none"> Project implementation in due time and capacity utilization at the estimated level of ongoing project. Exchange rate fluctuation and rising prices of construction material could increase the costs of on-going projects adversely affect the NPV of the project Maintaining quality of service during dollar crisis Enhanced interest rate risk of the bond

Risk Analysis

1. Issue Specific Risk

1.1. Fund Utilization Risk

In order to meet the partial capital required for civil construction and purchase of machineries for ongoing project (The Muslin, A Luxury Collection) and repayment of its existing bank loan the company is opting of initial public offering for increasing its paid up capital over BDT 3,500.00 million. Around 50.31% of the fund to be raised from IPO will be used in building & other civil works of the resort while 12.86% of the fund will be utilized for purchase of local machinery and equipment for the resort, 33.03% of total fund will be utilized for its existing loan repayment and the remaining 3.80% will be used to meet IPO expenses. This indicates a significant portion fund will be utilized in the resort for civil construction and if the company face difficulty to use the fund on stipulated time, the completion of the project may delay and this might incur additional cost of the project.

1.2. Interest rate risk

BHL has requested its investors to restructure the bond i.e. i.e. extension of moratorium by 3 years and validity by 5 years with coupon rate at 7.00% p.a. Among the investors, Mercantile Bank Limited and Investment Corporation of Bangladesh has agreed to the restructuring. All other parties unanimously decided to obtain decision from their respective Boards and bring the very decision in the form of minutes on the bond restructuring as per minutes of

the meeting held on January 29, 2023 between the investors, the issuer and the trustee. As per management correspondence, a unanimous decision on the restructuring of the bond is yet to be formed. This increases the exchange rate risk for both the issuer and the investors.

1.3. Regulatory Risk

The company is yet to obtain permission from Bangladesh Security Exchange Commission for the IPO. As per management correspondence, the IPO is still under process. If the regulator does not permit, BHL will not be able to proceed the IPO.

2. Company Specific Risk

2.1. Macro-Economic Impact

2.1.1. Inflation

The inflation rate has increased globally which has created a negative impact on the hotels and tourism industry. Due to crisis between Russia and Ukraine the worldwide economic system got affected and the inflation rate hit globally. Due to the increase in price of goods and services, the purchasing habit of the people have changed and for this reason the hotel and tourism sector is losing a certain amount of clients. However, it is also mentionable that luxury hotels and tourist spots targets high class society clients, who maintain a luxury standard and due to this even after having high inflation rate, there will be certain percentage of demand.

On the other hand, the government has revised up the schedule of rates for construction materials, including bricks, bitumen, cement and rods. Since, BHL has several ongoing projects with different stages of completion, the rising prices of the construction materials could lead to significant increase in project costs and adversely impact the viability of the projects.

2.1.2. Currency Devaluation

In recent time the price of the local currency is devaluating against US dollar. That may lead to drop down in the local client to take the hotels services mostly food and beverage items but will increase the attraction of foreign tourist. But for the hotel and tourism point of view it shows that the luxuries international chain hotel set their payment method in USD. The impact of currency devaluation on hotel and tourism industry is positively affected in the sense as the revenue earned from the international client will help to increase foreign reserve for the economy. The management of Le Meridien adjusts the price of their services in response to changes in the exchange rate in order to offset the impact of unfavorable exchange rate volatility on the company's earnings. Moreover, the company is exposing to currency risk as the company has to purchase raw material, spare parts, accessories, capital items and royalty fees and other payments are denominated in USD.

2.2. Non-Repayment Risk of Bond

Late payment risk arises from delay in payment of either interest or principal or both by the issuer. BHL raised fund through issuance of 25% convertible secured bond worth of BDT 12,000 million to pay-off high cost syndicated loan against Le Meridien, Dhaka. The non-repayment risk is the risk of loss associated with issuer's inability to fulfill its payment obligation. Although the issuer as plead the investors to restructure the bond to defer the repayment and lower the interest rate, a unanimous decision on the restructuring is yet to be formed. If the investors do not agree to the restructuring, this could give rise to non-repayment risk of the bond. However, the profitability of the company is consistently improving over the years reducing the non-repayment risk.

2.3. Seasonal Impact

According to the industry insiders, the hotels and tourism sector's peak season is winter compared to other seasons. And the demand of this sector remain slower in rainy season. Thus September to March is the peak season for hotels and tourism and during this time period room occupancy rate also remain high. So there is a seasonal impact on the business operation as well as income also.

2.4. Industry Risk

The performance of the company may be affected due to unavoidable circumstances both in Bangladesh and worldwide, such as war, terrorism, political unrest in the country or customer countries. Changes in global or national policies may also adversely affect the economy in general. The risk due to changes in global or national policies is beyond control of any company. At the same time the industry has become highly competitive with many players present in the locality of Cox's Bazar.

2.5. Maintaining Quality Service

As a hotel of standards, Le Meridien Dhaka has to ensure and maintain very high degree of quality in its service. To ensure this, the hotel not only has to develop and implement high quality service guidelines, but also has to employ adequate skilled and qualified personnel capable of providing high quality service. Non-availabilities of materials/equipment/services may affect the smooth operational activities of this type of business. On the other hand, the service equipment (AC, Wi-Fi, Electricity, Generator etc.) may face operational and mechanical failures due to unavoidable reasons, lack of supervision and negligence, leading to severe dissatisfaction to the clients and severe losses for the company. In addition, maintaining consistency in terms of services is the key challenge of this business concern.

Luxury hotels in Bangladesh are struggling due to shortages of imported supplies, including food ingredients and alcoholic beverages. Furthermore, a ban on frozen buffalo meat imports from India is affecting meat quality. This is could impact the ability of BHL to provide good quality services to customers.

2.6. Operating Risk

The hotel has to manage its inventories of direct materials, its payables and its receivables in an efficient manner to ensure regular and consistent flow of cash. It also has to ensure proper maintenance of its furniture, decorations, equipment and other properties to maintain its management's good reputation in the market. The service equipment's (AC, Wi-Fi, Electricity, Generator etc.) may face operational and mechanical failures due to unavoidable reasons, lack of supervision and negligence, leading to severe dissatisfaction to the clients and severe losses for the company. Non-availabilities of materials/equipment's/services may affect the smooth operational activities of this type of business. In addition, maintaining consistency in terms of services is the key challenge of this business concern.

2.7. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. It is the possibility that an entity will experience losses due to factors that affect the overall performance of investments in the financial markets. The objective of market risk management is to manage and control market risk exposure within acceptable parameters while optimizing the return. BHL is highly exposed to market risk since the company has a good amount of investment in financial market. Moreover, the company has incurred capital loss of BDT 15.00 million on sale of share in the financial year 2022.

2.8. Availability of Skilled Professionals

To ensure prominent and world standard service, the resort needs professional personnel. Development of human resources (HR) is yet to gain importance as most of the local hotel owners lack professional approach in operating a hotel service business. Currently, around 30,000 to 40,000 trained, skilled professionals are needed for this sector alone. Without the guidance and training of the staff, it would be difficult to ensure and maintain highest level of quality in its hotel services.

2.9. Location Risk

Having a prime location is really important for any businesses. For BHL, since majority of the revenue comes from the Hotel Le Meridien, the location of the hotel is important for its sustainable growth. One of the major advantage of the Hotel is its prime location which is near the Hazrat Shahjalal International airport giving it a competitive edge over the other five star hotels in the city which are quiet away. However, the recently opened elevated expressway has made the travel to other five star hotels in the city quite easier than earlier affecting the competitive edge of the hotel Le Meridien. However, although in the short to medium term, the revenue of the hotel is secure with long term contracts with renowned airlines like Etihad Airways, Emirates Airways etc, in the long run the revenue generation could be at risk if the contracts are not renewed.

(D) DESCRIPTION OF BUSINESS

(i) The date on which the issuer company was incorporated and the date on which it commenced operations and the nature of the business which the company and its subsidiaries are engaged in or propose to engage in

Legal Status

Best Holdings Limited is a Public Limited Company by shares. Best Holdings was incorporated as a Private Limited Company on October 31, 2006 vide registration no. C- 64333(1824)/06. The company started its business in the year 2009. Subsequently, the company was converted into a Public Limited Company on June 29, 2020. At present, the authorized and paid-up capital of the company stands at BDT 15,000 million and BDT 9,255.77 million respectively.

Nature of Business

While the Nature of Business of Best Holdings is primarily focused in the hospitality sector, the company also has business concerns in the agricultural sector. The core undertaking of Best Holdings is Le Méridien Dhaka, an upscale 05-star hotel brand that is located at 79/A Commercial Area, Airport Road, Nikunja-2, Khilkhet, just 02 kilometers from Hazrat Shahjalal International Airport. The hotel accommodates 304 ergonomically designed guest rooms with an array of smart amenities, 13 spacious meeting rooms, a 45,000 square feet venue, 06 premium restaurants, a state-of-the-art fitness center, and the only rooftop tennis court in the country. Business operations of the hotel is carried out through a management contract with Marriott International (formerly Starwood Asia Pacific Hotels and Resorts PTE. Limited). As a result, Le Méridien Dhaka now operates as a chain under Marriott International Inc. USA.

To extend its world-class hospitality offerings outside the capital, Best Holdings is currently developing a project called The Muslin, a chain resort of Luxury Collection in Bhaluka. The project will be situated on 4,335 decimals of land. Best Holdings is also engaged in developing a collection of Private Luxury Villas in Bhaluka. Both projects are currently ongoing development. Best Holdings is also planning to construct executive apartments in Bashundhara Residential Area on 148.5 decimal of land that is meant to provide furnished lodging facilities. Additionally, the company has an agricultural project in Noakhali and Bhaluka that is engaged in poultry, dairy, fisheries, plants and livestock.

Best Holdings Limited has the following subsidiaries -

Iconx Hotels Limited

Iconx Hotels Limited was incorporated as a private limited company in 2010, with Best Holdings having a 51% equity ownership. The subsidiary is currently constructing Marriott Bhaluka, a 5-star hotel located just 50km from Hazrat Shahjalal International Airport. Marriott Bhaluka is expected to commence its commercial operation in July 2024. The hotel will be another addition to the chain of Marriott International Inc. USA, a recognized brand in the hospitality industry.

Iconx Hotels Limited was previously named as Best Hotels Limited. The name was changed on July 17, 2022.

Dhamshur Economic Zone Limited

Dhamshur Economic Zone Limited was incorporated in 2017, with the intention of establishing an economic zone in Bhaluka, Mymensingh. Given its proximity to Hazrat Shahjalal International Airport and its prime location near the Dhaka-Mymensingh highway, the company believes this economic zone will be a sought-after commercial epicenter to both local and foreign enterprises. The company is in the process of receiving final approval for this economic zone.

(ii) Location of the project

The list of projects of Best Holdings Limited along with their addresses is given below:

Name of the Project	Project Location
Le Meridien	Plot No. 79/A, Commercial Area, Nikunja (North)-02, Khilkhet, Joarshahara, Dhaka-1229

LM IT Park	49, Kazi Benzir Sarani, Nikunja-2, Khilkhet, Dhaka-1229

(iii) Plant, machinery, technology, process, etc.

Best Holdings operates entirely in the service industry, and thus does not have capital assets such as manufacturing plants. As an established entity in the hospitality sector, the core business of Best Holdings is Le Meridien, an upscale 5-star hotel brand that now operates as a chain under Marriott International, Inc. USA. The main asset of Le Meridien is the hotel itself. Le Meridien uses sophisticated equipment and user-friendly technologies as a key part of its hospitality offerings to ensure services that satisfy international standards. All the amenities of Le Meridien have been acquired in brand new condition, and include particulars such as fixtures for interior décor of rooms and suites, hotel furniture, food and beverage, kitchen equipment, restaurant utensils, equipment for its gymnasium and pool offerings, and vehicles for transportation services.

(iv) Details of the major events in the history of the issuer, including details of capacity/facility creation, launching of plant, products, marketing, change in ownership and/or key management personnel etc.

(v) Principal products or services of the issuer and markets for such products or services. Past trends and future prospects regarding exports (if applicable) and local market, demand and supply forecasts for the sector in which the product is included with source of data

Principal Products or Services of the Issuer

Best Holdings Limited operates entirely in the service industry. The company's principal product is the hospitality offerings and services it offers to its guests and customers. These services consist of overnight stay's, food and beverage, travel and leisure experiences, transportation facilities, fitness facilities, and hosting of corporate and social events, to name a few.

Best Holdings Limited only provides its services in Bangladesh, and does not have any exports.

Past Trends

At a macro-level, Best Holdings enjoyed healthy revenue figures in the pre-COVID years, with sales growing by around 20% from FY 2017-18 to the following financial year. The onset of the COVID pandemic caused revenue figures to decline in FY 2019-20. The brunt of the pandemic was felt by the company in FY 2020-21, when revenue declined by around 59% from the previous year. It is important to take into consideration that the global pandemic was an unforeseen and once in a century incident that had an adverse impact on the entire hospitality industry across the world. The company showed great resiliency, however with sales rebounding by nearly 128% in the following year. This allowed the company to post a strong bottom line to close its most recent financial year. In FY 2022-23, the revenue increased 25.19% with a strong bottom line.

The revenue trend of Best Holdings Limited over its past five financial years are detailed below.

All figures in BDT

	FY 2022-23	FY 2021-22	FY 2020-21	FY 2019-20	FY 2018-19
Net Revenue	2,992,259,160	2,390,345,599	1,048,134,691	2,542,260,515	3,396,249,453

From a broader macroeconomic perspective, the hospitality industry, in which Best Holdings primarily operates, has received the continued and sustained support of the Government of Bangladesh. In FY 2020-21, the government allocated BDT 27,090 million to the Ministry of Civil Aviation and Tourism, accounting for a 1.7% allocation from its Annual Development Program. In the following fiscal year of 2021-22, allocation to the sector was increased to 2.1% by the government, resulting in the total amount allocated to the sector to jump to BDT 43,350 million. This marked a noticeable increase of BDT 16,260 million in budgetary allocations to the sector,

providing further evidence of the government's continued commitment to the development of the country's hospitality industry.

Future Prospects

Business opportunity in the hospitality sector is projected to grow given the expected expansion of the consumer class of the country. This expansion of the customer base is being driven by several socio-economic factors that include –

- expected graduation of Bangladesh from its Least Development Country (LDC) status in 2026
- increased industrialization and foreign investments in the local economy
- greater government focus on promoting tourism in the country
- rising per capita of the country that is increasing the country's consumer class
- surging demand for holiday and recreational spots in and outside the capital city of Dhaka

Demand and Supply Forecasts for the Sector

Demand and Supply forecasts of the hospitality sector could not be provided given independent market data sources was unavailable as of the issue date of this prospectus.

(vi) If the issuer has more than one product or service, the relative contribution to sales and income of each product or service that accounts for more than 10% of the company's total revenues

As on June 30, 2023, the following business contributes more than 10% of company's total revenues:

Project	Revenue	Percentage in terms of total revenue
Le Meridien	2,222,174,988	74.26%
Noakhali Agro Project	414,049,302	13.84%
Total	2,636,224,290	88.10%

(vii) Description of associates, subsidiary and holding company of the issuer and core areas of business thereof

Best Holdings Limited does not have any associate or holding company. Description of subsidiaries are as follows-

Iconx Hotels Limited

Iconx Hotels Limited was incorporated as a private limited company in 2010, with BEST Holdings having 51% equity ownership. The subsidiary is currently constructing Marriott Bhaluka, a 05-star hospitality offering located just 50km from Hazrat Shahjalal International Airport. Marriott Bhaluka is expected to commence its commercial operation in July 2024. The hotel will be another addition to the chain of Marriott International, Inc. USA, a recognized brand in the hospitality industry.

Iconx Hotels Limited was previously named as Best Hotels Limited. The name was changed on July 17, 2022.

Dhamshur Economic Zone Limited

Dhamshur Economic Zone Limited was incorporated in 2017, with the intention of establishing an economic zone in Bhaluka, Mymensingh. Given its proximity to Hazrat Shahjalal International Airport and its prime location near the Dhaka-Mymensingh highway, the company believes this economic zone will be a sought-after commercial epicenter for both local and foreign enterprises. The company is in the process of receiving final approval for this economic zone.

(viii) How the products or services are distributed with details of the distribution channel. Export possibilities and export obligations, if any

The core business operation of Best Holdings Limited is Le Meridien Dhaka. Given the company operates entirely in the service sector, the distribution means of the company is the hotel's physical premise itself, located at the address of 79/A Commercial Area, Airport Road, Nikunja-2, Khilkhet, Dhaka-1229, Bangladesh. Booking of hotel services is accepted primarily via online platforms such as the official website of Marriott International. Additionally, hotel bookings are done through agreements with corporate clients, or through direct front-desk interactions.

The company employs a strong outreach program such as using brand ambassadors and social media platforms to promote the hospitality offerings of Le Meridien. Additionally, Marriott International promotes Le Meridien as a premium hospitality option to their worldwide customer base when they search for hotels in Bangladesh. These local and global outreach tools allow Le Meridien to attract a wide customer base that comprises both native and foreign guests.

Till date, the company offers its services only in Bangladesh. As such, export possibilities and obligations are not applicable to the company.

(ix) Competitive conditions in business with names, percentage and volume of market shares of major competitors

Best Holdings Limited has established itself as a leading entity in the country's hospitality industry through Le Meridien Dhaka. The sustained excellence of Le Meridien's world-class hospitality offerings has been a key reason behind its absorption into the global hospitality chain of Marriott International Inc. USA. While the hospitality industry is highly competitive in nature, the strong foothold of Best Holdings in the sector has allowed it to remain competitive and profitable.

The major competitors of Best Holdings Limited are noted below.

Contingency Plan

The Company has already arranged more than one alternative supplier in different category of supplies as mentioned above para: Sources and availability of raw materials, names and addresses of the principal suppliers.

Best Holdings Limited always intends to avoid significant dependency on any single supplier. It procures the material from various sources. Furthermore, Best Holdings Limited does not have any long-term binding contract with any of its suppliers other than those entered into for day-to-day operational purposes. Hence any disruption will not affect the sourcing of materials of the company.

(xi) Sources of, and requirement for, power, gas and water; or any other utilities and contingency plan in case of any disruption

Le Meridien Project	
Power:	DESCO acts as the primary power source for Le Meridien.
Gas:	The hotel sources its gas supply from Titas.
Water:	The hotel has its own deep tube-well from where it sources its water supply.
Contingency Plan:	Le Meridien has installed solar panels that act as its contingent power supply in the form of solar energy. The hotel also sources Liquefied Petroleum Gas (LPG) as an alternative source of gas when required.
Bhaluka Project	
Power:	The project is connected to the Rural Electrification Board (REB)'s electricity line.
Gas:	The project's gas procurement as a power source is under process.
Water:	Water is sourced via the project's own deep tube-well.
Contingency Plan:	The project has a back-up generator for contingency purposes, and uses LPG as an alternative gas source when required.
Bashundhara Project	
Power:	DESCO acts as the primary power source for the company's projects.
Gas:	Gas requirements for this project is sourced from Titas.
Water:	Water for the project is sourced from WASA.
Contingency Plan:	The project leverages solar power as contingency when primary power sources are unavailable. The project also uses LPG as an alternative energy source to its gas requirements, and owns a deep tube-well as an additional water source.
Noakhali Project	
Power:	The project is connected to the Rural Electrification Board (REB)'s electricity line.
Gas:	The project has no gas requirement for running its agro business.
Water:	The project has a deep tube-well as its source of water.
Contingency Plan:	The project has a back-up generator for contingency purposes, and uses LPG as an alternative gas source when required.

(xii) Names, address(s), telephone number, web address, e-mail and fax number of the customers who account for 10% or more of the company's products /services with amount and percentage thereof

The company's products or services are sold to various customers. There is no single customer who provides 10% or more of the Company's total revenue.

(xiii) Names, address(s), telephone number, web address, e-mail and fax number of the suppliers from whom the issuer purchases 10% or more of its raw material/ finished goods with amount and percentage thereof

None of the suppliers of Best Holdings account for more than 10% of its raw materials/ finished goods.

(xiv) Description of any contract which the issuer has with its principal suppliers or customers showing the total amount and quantity of transaction for which the contract is made and the duration of the contract. If there is not any of such contract, a declaration is to be disclosed duly signed by CEO/MD, CFO and Chairman on behalf of Board of Directors

Best Holdings Limited does not have any binding contract with any of its suppliers or customers other than those entered into for day-to-day operational purposes.

(xvi) Description of any material patents, trademarks, licenses or royalty agreements

Best Holdings Limited has obtained trademark for “Le Meridien” on April 17, 2016 under Trademarks Act, 2009, Section (20)(2) from Department of Patents, Designs & Trademark, Government of the People’s Republic of Bangladesh. Registration was given for 7 years, from the above-mentioned date and may then be renewed for a period of 10 years, and also at the expiration of each period of 10 years, thereafter according to section 22 of the Trademark Act, 2009.

List of licenses of Best Holdings Limited has been provided in the (XV) of Description of Business of Section VI: Description of the Issuer of prospectus. Currently Best Holdings does not have any other material patent, trademark or royalty agreement.

(xvii) Number of total employees and number of full-time employees

No. of Total Employee	In numbers
No. of Total Employee	625
No. of Full Time Employee	455

(xviii) A brief description of business strategy

Best Holdings Limited is led by its core values of putting people first, pursuing unparalleled excellence in hospitality offerings, embracing change, and acting with integrity. In alignment with this, Best Holdings Limited implements the following business strategies:

Promote the Experience, not just the Hotel –

Best Holdings Limited strives to create a hospitality atmosphere rooted in comfort, luxury and ambience. Leveraging the global expertise of Marriott International, the company continually updates its services, interior décor, and offerings that put customer experience at the forefront.

Careful Training and Monitoring of Company Staff –

Best Holdings puts careful emphasis on the evaluation of its hospitality staff, given interactions with the staff throughout the client's experience generate impression about the hotel itself, which in turn determine whether the company can establish a loyal customer base. As such, Le Meridien, Dhaka carefully approaches training and monitoring of all its service providers. Every staff member who comes in direct contact with guests undergo preparation in line with international hospitality standards. These measures allow the company to ensure that the staff meets clients' expectations, which in turn contribute to a positive customer experience.

Leverage Le Meridien's Geographic Advantage –

Le Meridien is located approximately 2 kilometres from Hazrat Shahjalal International Airport. This proximity to the capital's sole airport allows the hotel to offer unmatched convenience to foreign visitors, visiting expatriates and dignitaries, especially given the capital's heavy traffic during peak hours.

Offer a Mix of Hospitality Offerings –

Le Meridien promotes extravagant celebrations of local and international festivities that attract a large customer base. The company also offers world-class amenities that attract large scale corporate and social events. These events are key revenue generators for the company.

Expansion of Hospitality Offerings –

To extend its world-class hospitality offerings outside the capital, Best Holdings is currently developing a luxury resort called The Muslin, and a collection of Private Luxury Villas. Both are located in Bhaluka, in close proximity to the capital. The company is also planning to construct executive apartments in Bashundhara Residential Area that is meant to provide furnished lodging facilities.

(xix) A table containing the existing installed capacities for each product or service, capacity utilization for these products or services in the previous years, projected capacities for existing as well as proposed products or services and the assumptions for future capacity utilization for the next three years in respect of existing as well as proposed products or services. If the projected capacity utilization is higher than the actual average capacity utilization, rationale to achieve the projected levels

Existing installed and capacity utilization								
30 June 2021			30 June 2022			30 June 2023		
Installed Capacity	Actual Utilization	Capacity Utilization (%)	Installed Capacity	Actual Utilization	Capacity Utilization (%)	Installed Capacity	Actual Utilization	Capacity Utilization (%)
110,960	17,929	16.16%	110,960	67,660	60.98%	110,960	82,577	74.42%
Projected capacity utilization								
30 June 2024			30 June 2025			30 June 2026		
Installed Capacity	Actual Utilization	Capacity Utilization (%)	Installed Capacity	Actual Utilization	Capacity Utilization (%)	Installed Capacity	Actual Utilization	Capacity Utilization (%)
132,130	109,324	82.74%	132,130	111,650	84.50%	132,130	113,896	86.20%

Installed capacity and actual production in rooms usage in a year

The above-mentioned table is for the installed service of Le-Meridien. As Le-Meridien has 304 rooms, we have considered the installed capacity as multiplication of number of rooms with number of days in a year. However, Le-Meridien is installing another 58 rooms in its hotel.

BHL believes that the projected capacity utilization is achievable. The government is focused to develop this sector. In FY 2020-21, the government allocated BDT 27,090 million²⁰ to the Ministry of Civil Aviation and Tourism, accounting for a 1.7% allocation from its Annual Development Program. In the following fiscal year of 2021-22, allocation to the sector was increased to 2.1% by the government, resulting in the total amount allocated to the sector to jump to BDT 43,350 million²¹. This marked a noticeable increase in in budgetary allocations to the sector, providing further evidence of the government's continued commitment to the development of the country's hospitality industry.

On a broader time-horizon of the last ten years, the hospitality sector has been one of the fastest growing sectors in the country's economy. Hotel establishments more than doubled in the last decade in Bangladesh, with hospitality offerings standing at 4.36 lacs in 2019-20 from just 2.75 lacs in 2009-10²². This in turn has allowed the industry to create considerable job opportunities. The excellence of our hospitality offerings has allowed the sector to transcend national boundaries and enter the global market, evidenced by entities such as Le Meridien getting absorbed under the worldwide hospitality chain of Marriott International Inc. USA.

Causes for Changes in Sales

The company enjoyed healthy revenue figures in the pre-COVID years, with sales growing by 20.77% from FY 2017-18 to the following financial year. The onset of the COVID pandemic caused revenue figures to decline in FY 2019-20. The brunt of the pandemic was felt by the company in FY 2020-21, when revenue declined by around 60% from the previous year. It is important to take into consideration that the global pandemic was an unforeseen and once in a century incident that had an adverse impact on the entire hospitality industry across the world. The company showed great resiliency however, with sales rebounding by nearly 128% in the following year. This allowed the company to post a strong bottom line to close its most recent financial year. In FY 2022-23, the company also maintained a healthy growth in revenue. Net revenue increased by 25.19%.

Causes for Changes in Cost of goods sold

The company's cost of goods sold (COGS) remained steady over the years, averaging around 20-25% of its net revenue generation. This is indicative of the company's operational efficiency, which has allowed Best Holdings to post competitive gross profit margins during its last five years of operation.

Causes for Changes in Operating Expenses

Apart from the costs mentioned above, a key expense for the company was its operating expenses. Challenges brought about by the pandemic caused operational expenses to sales to jump by around 21% in FY 2020-21. With the exception of the COVID affected financial year, operating expenses of the company otherwise remained consistent in alignment with its turnover figure.

Causes for Changes in Net Income

Through adaptive and prompt decision-making by its management team, Best Holdings was able to post very competitive net profit margins even through a pandemic induced year-and-a-half when the entire economy was brought to a standstill. The company averaged a net profit margin of around 35-40% over the last 5 years. To put that into perspective, the average net profit margin of the travel and leisure industry in FY 2020-21 was around 30%. Best Holdings was able to secure such strong net profit figures by virtue of its ability to offer world-class hospitality services in a fast-growing industry that is attached for further growth in the future. In FY 2022-23, the net profit margin was around 38%.

(d) Any seasonal aspects of the issuer’s business

There are no seasonal implications on the business of the company.

(e) Any known trends, events or uncertainties that may have material effect on the issuer’s future business

There are no known trends or events that may have material effect on the company’s future business. But the company’s operation may be hampered by the following uncertainties:

- Increased Competition;
- Govt. Policy Changes towards the industry;
- Political unrest;
- Natural disaster.

(f) Any assets of the company used to pay off any liabilities

No asset of the company has been disposed to pay off any liability of the company.

(g) Any loan taken from or given to any related party or connected person of the issuer with details of the same

Business strategies and future plans

Best Holdings Limited is led by its core values of putting people first, pursuing unparalleled excellence in hospitality offerings, embracing change, and acting with integrity. In alignment with this, Best Holdings Limited implements the following business strategies:

Promote the Experience, not just the Hotel –

Best Holdings Limited strives to create a hospitality atmosphere rooted in comfort, luxury and ambience. Leveraging the global expertise of Marriott International, the company continually updates its services, interior décor, and offerings that put customer experience at the forefront.

Careful Training and Monitoring of Company Staff –

Best Holdings puts careful emphasis on the evaluation of its hospitality staff, given interactions with the staff throughout the client's experience generate impression about the hotel itself, which in turn determine whether the company can establish a loyal customer base. As such, Le Meridien carefully approaches training and monitoring of all its service providers. Every staff member who comes in direct contact with guests undergo preparation in line with international hospitality standards. These measures allow the company to ensure that the staff meets clients' expectations, which in turn contribute to a positive customer experience.

Leverage Le Meridien's Geographic Advantage –

Le Meridien is located approximately 3 kilometres from Hazrat Shahjalal International Airport. This proximity to the capital's sole airport allows the hotel to offer unmatched convenience to foreign visitors, visiting expatriates and dignitaries, especially given the capital's heavy traffic during peak hours.

Offer a Mix of Hospitality Offerings –

Le Meridien promotes extravagant celebrations of local and international festivities that attract a large customer base. The company also offers world-class amenities that attract large scale corporate and social events. These events are key revenue generators for the company.

Expansion of Hospitality Offerings –

To extend its world-class hospitality offerings outside the capital, Best Holdings is currently developing a luxury resort called The Muslin, A Luxury Collections and Private Luxury Villas. Both are located in Bhaluka, in close proximity to the capital. The company is also planning to construct executive apartments in Bashundhara Residential Area that is meant to provide furnished lodging facilities.

As Best Holdings Limited has been in commercial operation since 2009, projected financial statements are not required.

(u) Discussion on the results of operations shall inter-alia contain the following:

(1) Unusual or infrequent events or transactions including unusual trends on account of business activity, unusual items of income, change of accounting policies and discretionary reduction of expenses etc.

There is no unusual or infrequent events or transactions including unusual trends on accounts of business activity, unusual items of income, change of accounting policies and discretionary reduction of expenses etc.

(2) Significant economic changes that materially affect or are likely to affect income from continuing operations

There are no significant economic changes that materially affect or are likely to affect income from continuing operations.

(3) Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations

There are no known trends and events that shall have a material impact on the company's future business but the business operation of the Company may be affected by the following uncertainties:

- Increased Competition;
- Govt. Policy Changes towards the industry;
- Political unrest;
- Natural disaster

4) Future changes in relationship between costs and revenues, in case of events such as future increase in labor or material costs or prices that will cause a material change are known;

The management is aware of the fact that future is always uncertain that affects business and plan as well. So, in future price of relevant items may change. However, revenue is always adjusted and follows the trend in line with cost. Hence, any change in cost will be reflected in sales price.

(5) The extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or services or increased sales prices

To extend its world-class hospitality offerings outside the capital, Best Holdings is currently developing a project called The Muslin, a chain resort of Luxury Collection in Bhaluka. The project will be situated on 4,335 decimal of land. Best Holdings is also engaged in developing a collection of Private Luxury Villas in Bhaluka. Both projects are currently ongoing development. Best Holdings is also planning to construct executive apartments in Bashundhara Residential Area on 148.50 decimal of land that is meant to provide furnished lodging facilities.

(6) Total turnover of each major industry segment in which the issuer operated

For the year ended June 30, 2023

Particulars	Le Meridien Dhaka	Bhaluka Agro Project	Noakhali Agro Project	Rental & Maintenance	Infrastructure Construction and Other	Total
Turnover	2,222,174,988	258,431,209	414,049,302	88,119,978	9,483,683	2,992,259,160
Percentage	74.26%	8.64%	13.84%	2.94%	0.32%	100.00%

(7) Status of any publicly announced new products or business segment

As of date, there is no publicly announced new products or business segments.

(8) The extent to which the business is seasonal

There are no seasonal implications on the services of the company.

w) Defaults or rescheduling of borrowings with financial institutions or banks, conversion of loans into equity along with reasons thereof, lock out, strikes and reasons for the same etc. during the history of operation of the company;

Best Holdings Limited neither defaulted nor rescheduled any of its borrowings with financial institutions/banks during the history of operation of the company. The company did not convert any of its loans into equity and did not have any instance of lock out or strikes during this time. However, few investors have converted their investment of bond into equity at BDT 65 per share.

DECLARATION REGARDING NO INSTANCE OF DEFAULTS OR RESCHEDULING OF BORROWINGS WITH FINANCIAL INSTITUTIONS OR BANKS DURING THE HISTORY OF OPERATION OF THE COMPANY

Best Holdings Limited neither defaulted nor rescheduled any of its borrowings with any financial institutions/banks during the history of operation of the company.

(x) Details regarding the changes in the activities of the issuer during the last five years which may had a material effect on the profits/loss, including discontinuance of lines of business, loss of agencies or markets and similar factors

There were no changes in the activities of the Company during the last five years and had not any material effect on the profits/loss, including discontinuance of lines of business, loss of agencies or markets and similar factors.

(y) Injunction or restraining order, if any, with possible implications

The company did not face any injunction or restraining order from any court of law or from any competent authority.

(z) Technology, market, managerial competence and capacity built-up

Technology

Best Holdings leans on the adoption of modern technology to ensure quality hospitality offerings to its customers on par with international standards. Le Meridien offers a range of technological innovation to its guests that includes high-speed Wi-Fi, a range of smart amenities integrated with its room services, and online on-the-go booking and payment facilities. Le Meridien operates as part of the global hospitality chain of Marriott International. Marriott International, the largest hotel chain in the world, has been a pioneer in hotel technology transformation, particularly with respect to guest-facing technology.

Market

The hospitality sector, which Best Holdings operates in, is highly competitive in nature. However, the company has been able to establish itself as an established entity in the space through the sustained excellence of Le Meridien's world-class hospitality offerings, which has been a key reason behind its absorption into the global hospitality chain of Marriott International Inc. USA. This in turn has allowed Best Holdings to remain competitive and profitable.

The company is well placed to take advantage of the forthcoming growth of the hospitality sector, given the country's consumer class is projected to expand due to several socio-economic factors such as Bangladesh's expected graduation from its Least Development Country (LDC) status in 2026, increased industrialization and foreign investments in the local economy, and surging demand for holiday and recreational spots in and outside the capital city of Dhaka.

Managerial Competence

Best Holdings is led by a seasoned management team that has a wealth of experience in the hospitality sector. Individual members have proven executive track records and hold the credibility of having extensive professional experience in their fields of specialization. The managerial competence of its leadership team has been influential in helping Best Holdings establish itself as a leading entity in the country's hospitality sector, particularly through the premium hospitality offerings of Le Meridien Dhaka.

Capacity Build-Up

To extend its world-class hospitality offerings outside the capital, BEST Holdings is currently developing a luxury resort called The Muslin, A Luxury Collection and Private Luxury Villas. Both are located in Bhaluka, in close proximity to the capital. The company is also planning to construct executive apartments in Bashundhara Residential Area that is meant to provide furnished lodging facilities.

Additionally, the company continuously invests in both its human and capital resources to ensure capacity build-up in line with its established business standards.

(aa) Changes in accounting policies in the last three years

There is no change(s) in the accounting policies of the Company during last three years.

(bb) Significant developments subsequent to the last financial year

STATEMENT REGARDING SIGNIFICANT DEVELOPMENTS SUBSEQUENT TO THE LAST FINANCIAL YEAR

In our opinion, there has not arisen any circumstance since the date of the last financial statements as disclosed in the prospectus which materially and adversely affect or is likely to affect the trading or profitability of Best Holdings Limited or the value of its assets, or its ability to pay its liabilities within the next twelve months.

Best Holdings Limited

Notes to the Financial Statements

As at & for the Period ended 30 September 2023

1.00 Legal Form of the Company

1.01 Reporting Entity

Best Holdings Limited ("the Company") was incorporated as a private limited company under the Companies Act 1994 on 31 October 2006 vide incorporation No. C-64333(1824)/2006. The company became a public limited company by shares having its registered office in Bangladesh on 29 June 2020. The company started its business in the year of 2009.

1.02 Registered Office

The registered office of the company is located at 79/A, Airport Road, Nikunja-2, Khilkhet, Dhaka-1229, Bangladesh.

1.03 Corporate Office

The corporate office of the company is located at 49 Kazi Benzir Sarani, Nikunja-2, Khilkhet, Dhaka-1229, Bangladesh.

1.04 Nature of business

Best Holdings Limited has built an unparalleled track record in completing complex projects over its 16 years of operation. Well positioned in the travel & tourism sector and in sectors of national interest primed to reap the benefits of Bangladesh's prioritization of investment in infrastructure. The company's impressive portfolio ranges from the construction of numerous large-scale Residential Apartments & Commercial Complex projects to building and managing the most luxurious 5-star hotel destination in Dhaka, Le Méridien and agricultural project consisting of Poultry, Dairy, Fisheries, Plants and Livestock located in Mymensingh and Noakhali .

The hotel business is carried out through a Management Contract dated 27 April 2012 executed between Best Holdings Ltd. ("the Owner") and Starwood Asia Pacific Hotels & Resorts Pte. Ltd. ("the operator"), now Marriott International. The Operator is knowledgeable and experienced in managing and promoting five star hotels and has (and/or its Affiliates have) performed such services throughout the world.

In terms of Management Contract, the operator is entitled to receive base fee, license fee, incentive fees, reservation fee and institutional marketing fee from the owner on account of operation of the Hotel only. In addition, under the contract, the operator is entitled to receive centralized service fees for developing, promoting, operating, maintaining and upgrading the centralized services.

2.0 Basis of preparation and significant accounting policies

2.01 Basis of preparation

2.01.1 Statement of compliance

These financial statements as at and for the period ended 30 September 2023. Financial statements present the financial position and performance of Best Holdings Limited.

These financial statements have been prepared in accordance with International Financial Reporting Standard (IFRS), the Companies Act, 1994, the Securities and Exchange Rules, 2020, relevant guidelines issued by the Bangladesh Securities and Exchange Commission (BSEC), Financial Reporting Act 2015 and other applicable laws in Bangladesh and should be read in conjunction with the financial statements of Best Holdings Limited as at and for the Period ended 30 September 2023, the year for which the last full financial statements were prepared.

2.01.2 Regulatory Compliance

The financial Statements have been prepared in compliance with the following laws and regulations;

The Companies Act, 1994
The Securities and Exchange Rules, 2020
The Income Tax Act, 2023
The Income Tax Rules, 1984
The Value Added Tax and Supplementary Duty Act, 2012
The Value Added Tax and Supplementary Duty Rules, 2016

2.01.3 Basis of measurement

These financial statements have been prepared on historical cost basis except for certain assets/liabilities as explained accompanying notes.

2.01.4 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). These financial statements are presented in Bangladeshi Taka ("BDT") which is also the functional currency of the Company. All financial information presented in BDT has been rounded off to the nearest BDT except when otherwise indicated. As a result of these rounding off, in some instances the totals may not match the sum of individual balances.

2.01.5 Use of estimates and judgments

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and assumptions are reviewed on an ongoing basis.

The estimates and underlying assumptions are based on past experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

2.02 Significant accounting policies

The same accounting policies and methods of computation have been followed in these interim financial statements as were applied in the preparation of the financial statements of Best Holdings Limited as at and for the year ended 30 June 2023.

2.02.1 Directors' responsibility statement

The Board of Directors' takes the responsibility for the preparation and presentation of these financial statements.

2.02.2 Reporting Period

The financial statements of the company have been prepared for the Period 01 July 2023 to 30 September 2023.

2.02.3 Components of the financial statements

The financial statements are presented in accordance with guidelines provided by IAS 1 : Presentation of Financial Statements

- a. Statement of Financial Position as at 30 September 2023;
- b. Statement of Profit or Loss and Other Comprehensive Income for the Period 01 July 2023 to 30 September 2023;
- c. Statement of Changes in Equity for the Period ended 30 September 2023;
- d. Statement of Cash Flows for the Period ended 30 September 2023;
- e. Notes to the Financial Statements as at and for the year ended 30 September 2023.

2.02.4 Comparative Information

Comparative information has been disclosed in respect of the previous period for all numerical information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current period financial statements. Comparative information has been rearranged wherever considered necessary to conform to the current period's presentation.

2.02.5 Going Concern

The company has adequate resources to continue operation for the foreseeable future. For this reason the directors continue to adopt going concern assumption in preparing the Financial Statements. The current credit facilities and resources of the company provide sufficient fund to meet the present requirements of its existing business.

2.02.6 Compliance with IAS & IFRS

The following IAS have been applied in preparation of the financial statements for the year under review:

IAS 1	Presentation of Financial Statements
IAS 2	Inventories
IAS 7	Statement of Cash Flows
IAS 8	Accounting Policies, Changes in Accounting Estimates and Errors
IAS 12	Income Taxes
IAS 16	Property, Plant and Equipment
IAS 19	Employees Benefits
IAS 21	The Effects of Changes in Foreign Exchange Rates
IAS 23	Borrowing Cost
IAS 32	Financial Instruments : Presentation
IAS 33	Earnings Per Share
IAS 37	Provisions, Contingent Liabilities and Contingent Assets
IAS 41	Agriculture

The following IFRS is applicable to the financial statements for the period under review;

IFRS 7	Financial Instruments: Disclosures
IFRS 9	Financial Instruments
IFRS 13	Fair Value Measurement
IFRS 15	Revenue from Contract with Customers

2.02.7 Events after the Reporting Period

In compliance with the requirements of IAS 10: Adjusting Events after the Reporting Period, "Post Balance Events" that provide additional information about the company's position at the balance date are reflected in the financial statements and events after the balance sheet date that are not adjusting events are disclosed in the notes when material.

2.02.8 Property, Plant and Equipment

The company applies IAS 16 'Property, Plant & Equipment' for its own assets which are held for current and future use in the business and are expected to be used for more than one year.

Recognition and Measurement

The cost of an item of property, plant and equipment comprises its purchase price, import duty and non-refundable taxes (after deducting trade discount and rebates) and any cost directly attributable to the acquisition of the assets. The cost of self-constructed / installed assets includes the cost of materials, direct labor and any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the intended manner.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of the property, plant and equipment and is recognized under other income/expenses in profit or loss.

Subsequent Costs

Subsequent costs are capitalized only when it is probable that the future economic benefits associated with the costs will flow to the entity and cost can be measured reliably. The carrying amount of the replaced portion is derecognized. The costs of day to day servicing of fixed assets, i.e. repairs and maintenance is charged to profit and loss account as expense when incurred.

Depreciation

No depreciation is charged on land and capital work in progress (CWIP) as the land has unlimited useful life and CWIP has not yet been placed in service.

Depreciation is charged at the rates stated below on all the items of fixed assets on the basis of estimated useful lives as determined in the fixed asset policy of the Company. In all cases depreciation is calculated on the reducing line method. Charging depreciation commences when it's available for use i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management and ceases in the month when the assets are disposed. Revalued Property, plant and equipments are depreciated from the following the year of revaluation.

Capitalization of borrowing costs

As per the requirements of IAS 23 Borrowing Costs, directly attributable borrowing costs are capitalized during construction period for all qualifying assets. The borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are those borrowing costs that would have been avoided if the expenditure on the qualifying asset had not been made. All other borrowing costs are recognized in profit or loss in the period in which they are incurred, if any.

Disposal of Property, Plant and Equipment

An item of property, plant and equipment is removed from the Statement of Financial Position when it is disposed off or when no future economic benefits are expected from its use or disposal. The gain or loss on disposal or retirement of an item of property, plant and equipment (calculated as the difference between the net proceed from disposal and the carrying amount of the item) is recognized in Statement of Profit or Loss.

Revaluation of Property, Plant and Equipment

As per IAS 16, Property, Plant and Equipment paragraph 31, after recognition as an asset, an item of property, plant and equipment whose fair value can be measured reliably shall be carried at a revalued amount and evaluations shall be made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the end of the reporting period.

The Company reviews its assets when deemed appropriate considering reasonable interval of years/time. Increases in the carrying amount on revaluation is recognized in other comprehensive income and accumulated in equity in the revaluation reserve unless it reverses a previous revaluation decrease relating to the same asset, which was previously recognized as an expense. In these circumstances the increase is recognized as income to the extent of the previous write-down. Decrease in the carrying amount on revaluation that offset previous increases of the same individual assets are charged against revaluation reserve directly in equity. All other decreases are recognized in statement of profit or loss and other comprehensive income.

* Details of Property, Plant and Equipment have been shown in Notes-03

2.02.9 Capital work in progress

Capital work in progress consists of acquisition costs, capital components and related installation cost until the date when the asset is ready to use for its intended purpose. In case of import of components, capital work in progress is recognized when risks and rewards associated with such assets are transferred to the Company.

The management has further started to expansion of Le Meridien Dhaka Hotel, a luxury upper upscale five star hotel. Expansion will increase the capacity of rooms and service area of hotel.

2.02.10 Investments

Investment in FDR

Investments in fixed deposits with banks and financial institutions have been recognized at Fair Value. There are no loan against FDR. Accrued Interest on FDR has been recognized with Other Receivable.

Sinking Fund

In compliance with Bangladesh Bank regulation DOS Circular#03 and #04 (dated May 16th and 26th 2019 respectively) regarding investment by a Bank or Financial Institution in the equity of Best Holdings Limited (BHL), the Company has set-aside an amount equal to 10% of the transaction proceeds in the form of an independent Trustee.

As per Bangladesh Bank regulations, the Sinking Fund shall be under the custody and supervision of BSEC approved Trustee the Sentinel Trustee & Custodial Services Limited who shall be independent of the Issuer and Investor-Lender(s).

Investment in Shares

Investment in quoted shares are recorded at fair value and unrealized gain/loss recognized in the Other Comprehensive Income.

Investment in Subsidiaries

In accordance with paragraph 10 of IAS 27: Separate Financial Statements, investments in subsidiaries have been accounted for at cost. Details of holding structure in subsidiaries are as follows:

Name of Subsidiaries	Percentage of Share Holding	Number of Shares
Dhamshur Economic Zone Limited	51.22%	420,000
Iconx Hotels Limited	51.61%	5,162,600

2.02.11 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset to one entity and a financial liability or equity instrument to another entity as per IAS-32.

Financial Assets

Financial assets of the company include cash and cash equivalents, trade receivables and other receivables. The company initially recognizes a financial asset in its Statement of Financial Position when, and only when, the company becomes a party to the contractual provision of the instrument. The company derecognizes a financial asset when, and only when, the contractual rights to the cash flows from the financial asset expire or transfer the contractual rights to receive the cash flows from the financial asset.

Financial Liabilities

Financial liabilities of the company include trade payables and liabilities for expenses. The company initially recognizes a financial liability in its Statement of Financial Position when, and only when, the company becomes a party to the contractual provision of the instrument. The company derecognizes a financial liability from its Statement of Financial Position when, and only when, it is extinguished, that is when the obligation specified in the contract is discharged or cancelled or expires.

2.02.12 Inventories

Inventories represent stock of materials for Le Meridien; Husk, Khail etc. of Bhaluka project and Noakhali project in the ordinary course of business within the company's normal operating cycle which is less than a calendar year.

Net realizable value is based on estimated selling price in the ordinary course of business less any further costs expected to be incurred to make the sale. Costs of inventories include expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. Cost of inventories is determined by using weighted average cost method.

When inventories are consumed, the carrying amount of those inventories is recognized as an expense in the period in which the related revenue is recognized. The amount of any write-down of inventories to net realizable value and all losses of inventories are recognized as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognized as a reduction in the amount of inventories recognized as an expense in the period in which the reversal occurs.

2.02.13 Biological Assets

Agricultural activity: Agricultural activity comprises biological transformation of biological assets for sale, into agricultural produce or into additional biological assets. Agricultural production includes raising livestock & plants e.g. -fish, cow, goat, tree and cultivating rice, vegetables, crops and fruits.

Biological transformation: Biological transformation comprises the processes of growth, degeneration, production and procreation that cause qualitative or quantitative changes in a biological asset. Biological transformation includes living animals e.g.- cow, goat, lamb, Buffalo.

Biological assets are measured on initial recognition and at subsequent reporting dates at fair value less estimated costs to sell, unless fair value cannot be reliably measured.

All costs related to biological assets that are measured at fair value are recognized as expenses when incurred, other than costs to purchase biological assets.

2.02.14 Advance, Deposits & Pre-payments

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads such as property, plant and equipment, inventory or expenses.

Best Holdings Ltd. (BHL) has paid directly to different parties in Bhaluka for purchasing land in favour of Dhamshur Economic Zone Limited (DEZL) in the different financial years. Moreover it is noted that DEZL is a subsidiary of BHL (holding 50.82% Share) and subsequently have significant control over the Board of DEZL. Again, both the parties have signed a mutual agreement to avoid any future complexity and/or disputes, which might arise with regard to their respective rights and obligation thereto.

Best Holdings Ltd. paid to IconX Services Ltd. as advance against Land in the different financial years. Both the parties have signed an agreement to avoid any future complexity and/or disputes, which might arise with regard to their respective rights and obligation thereto. Both the parties (here the purchaser "BHL" & the seller "ISL") have mutually agreed for purchase land at fair value according to the agreement.

Deposits are measured at payment value without any adjustment for time value.

2.02.15 Trade & Other Receivable

Trade & Other Receivable is initially recognized at cost which is the fair value of the consideration given in return. After initial recognition it is carried at cost less impairment losses due to uncollectibility of any amount so recognized.

Bad debt expense is used to reflect receivables that a company will be unable to collect. Bad debt is reported on financial statements using the allowance method. Provision for bad debts is made in compliance with the policy of Best Holdings Limited and reported on financial statements in accordance with International Accounting Standard (IAS).

2.02.16 Cash & Cash Equivalents

Cash and cash equivalents comprise cash in hand and cash at banks that are subject to an insignificant risk of changes in their fair value, and are used by the Company in the management of its short-term commitments.

2.02.17 Share Capital

Paid up share capital represents total amount contributed by the shareholders and bonus shares issued by the Company to the ordinary shareholders. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding up of the Company, ordinary shareholders rank after all other shareholders and creditors and are fully entitled to any residual proceeds of liquidation.

2.02.18 Available for Sales Reserve

Available for Sales Reserve arises from the investment in quoted shares and is recognized at market value.

2.02.19 Convertible Bond

The amount has been deposited against sanction for investment in BHL 25% convertible secured bond of BDT 650 Crore. Convertible bond is a financial instrument and has been presented and recognized in the financial statements.

2.02.20 Income Taxes

Current Tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using the tax rates enacted at the reporting date and any adjustment to tax payable in respect of previous years. Income Tax @ 30% has been provided in the financial statements except fisheries income, poultry & dairy income, dividend income and other exempted income.

Current Tax has been calculated after adjusting the Tax Depreciation. Minimum Tax has been recognized where applicable.

Deferred Tax

Deferred tax has been recognized in accordance with International Accounting Standard (IAS) 12. Deferred tax is provided for temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amount used for taxation purpose. Deferred tax is determined at the effective income tax rate prevailing at the reporting date.

2.02.21 Trade & Other Payable

Trade & Other Payable is stated at cost which approximates the fair value of the consideration to be paid in the future for goods and services rendered. BHL purchases non current assets and other services and products for operating purposes against accounts payable.

2.02.22 Advance from Different Parties

Advance from Different Parties are included payment receipts from customers and security deposit. Advance receipts from customers which is initially measured at cost. After initial recognition it will be adjusted with the bill. Security deposit was received against rent of commercial space of Le Meridien which will be refunded after end of the contract period.

2.02.23 Provisions

In accordance with the guidelines as prescribed by IAS-37: Provisions, Contingent Liabilities and Contingent Assets, provisions are recognized in the following situations:

- i) when the company has an obligation (legal or constructive) as a result of past events;
- ii) when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation;
- iii) Reliable estimates can be made of the amount of the obligation.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits are required to settle the obligation, the provision is reversed.

2.02.24 Revenue recognition

Revenue from Hospitality Services

Revenue is measured at the fair value of the consideration received or receivable. Revenue comprise sale of rooms, foods, beverages and allied services relating to hotel operations. Revenue is recognized upon rendering of the service providing pervasive evidence of an arrangement exist, tariff/rates are fixed or are determinable and collectability is reasonably certain. Revenue recognized is net of indirect taxes, returns and discounts.

Revenue from rendering services shall be recognized in compliance with the requirements of IFRS 15 'Revenue from Contract with customers.'

Sale of Goods (Agro, Dairy & Fisheries)

When the outcome of a transaction involving sale of goods, revenue associated with the transaction shall be recognized at the end of the reporting period when all the following conditions are satisfied:

- i) The amount of revenue can be measured reliably;
- ii) It is probable that the future economic benefits associated with the transaction will flow to the entity;
- iii) Significant risks and rewards have been transferred to the buyer; and
- iv) The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Revenue from Rental Services

Revenue from the commercial floor rent is recognized on accrual basis. Revenue generated from the commercial floor rent, regular maintenance charges and other service charges are recognized in the statement of profit or loss.

Revenue from Infrastructure Construction, IT & Other Receipts

Revenue and costs from contracts are recognized according to the stage of completion of the contract based on measurement of costs incurred to date as a proportion of total costs of contract when the outcome of the contract can be estimated reliably.

The company maintain its position that all variable sales are legitimate relevant requirements of the VAT Act 2012 have been appropriately followed and deposited to the Government exchequer. Moreover Agro, Dairy & Fisheries sales revenue are VAT Exempted.

2.02.25 Financial Expenses

Financial Expenses arises from the interest on bank loan, bond & bank charges except the interest which is capitalized as borrowing cost against qualifying assets.

2.02.26 Unrealized gain/(loss)

Unrealized gain/(loss) is recognized due to difference between the cost and the market price of corresponding investment in shares which have not been sold yet. The unrealized gain or loss arising from change in the fair value of the investments is recognized in other comprehensive income.

2.02.27 Employees' Benefit

The company maintains defined benefit plan for its eligible permanent employees. The eligibility is determined according to the terms and conditions set forth in the respective deeds.

The company has accounted for and disclosed employee benefits in compliance with the provisions of IAS 19: "Employee Benefits".

The cost of employee benefit is charged off as revenue expenditure in the year to which the contributions relate.

The company's employee benefits include Short Term Employee Benefit. Short-term employee benefits include salaries, festival bonuses etc. Obligations for such benefits are measured on an undiscounted basis and are expensed as the related service is provided.

The company operates funds and has made a provision for workers as "Workers' Profit Participation Fund" (WPPF) at 5% of the profit before charging such expense as per Bangladesh Labor Act 2006 (amended in 2013).

Post Employment Benefit Plan:

Provident Fund/ Retirement Plan

The company has a separate provident fund/ Retirement Plan scheme for its eligible employees.

Defined benefit plan (Gratuity scheme)

The company operates an unfunded gratuity scheme, covering all its eligible permanent employees. Provision is made annually on the basis of period of employment and latest basic pay to cover obligation under the scheme in respect of the employees who meet eligibility requirement. No actuarial assessment of the Gratuity provision is made at year-end as no major variation is expected from the recorded amount.

Leave encashment

Leave encashment is allowed to employees if the individuals have accumulated entitled paid leaves which they have not encashed before the expiration of their employment with the company. A liability is recognized for entitled accumulated leaves which are available in the next period.

2.02.28 Foreign Currency Transactions

Transactions in Foreign Currencies are translated into BDT at the rate of exchange ruling on date of transaction in accordance with IAS-21. Monetary assets and liabilities expressed in foreign currencies are translated into BDT at the rate of exchange ruling at the Statement of Financial Position date. Gains or losses resulting from foreign currency transactions are taken to the Statement of Profit or Loss and Other Comprehensive Income.

2.02.29 Statement of Cash Flows

Statement of Cash Flows have been prepared principally in accordance with IAS-7 "Statement of Cash Flows" under direct method. Again the cash flows from the operating activities have been presented under indirect method in Note: 34

2.02.30 Earnings per Share

The company calculates Earnings per Share (EPS) in accordance with IAS-33 "Earnings per Share" which has been shown on the notes to the financial statements.

Basic Earnings

This represents profit or loss at the end of the period attributable to ordinary shareholders of the entity.

Basic Earnings per Share

This has been calculated by dividing profit or loss attributable to ordinary shareholders of the entity by the weighted average number of ordinary shares outstanding during the year.

2.02.31 Diluted Earnings per Share

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares.

2.03 General

i) Figures in the Financial Statements have been rounded off to the nearest Taka.

(dd) Factors that may affect the results of operations

There is no such known factor that may affect the results of operations. However, any force majeure, technological obsolescence, increased competition, and government policy changes pertaining to the industry may affect the results of operations of the business.

SECTION VII: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(a) Overview of business and strategies

Bangladesh has been among the fastest growing economies in the world, averaging an annual GDP growth rate of around 6.4% over the past decade despite the adverse economic impacts of a worldwide pandemic. The country, supported by its strong growth trajectory, is expected to graduate from its Least Developed Status (LDC) in 2026. This watershed moment is expected to further expand demand in the hospitality industry, a sector that has already enjoyed development, as evidenced by the sector's compounded annual growth rate of more than 22% over the past decade.

The hospitality sector, in which Best Holdings primarily operates, has seen the sustained support of the government of Bangladesh. In FY 2020-21, the government allocated 1.7% of its Annual Development Program to the Ministry of Civil Aviation and Tourism, while in FY 2021-22, allocation to the sector was increased to 2.1% by the government.

Best Holdings Limited today has established itself as a leading entity in the country's surging hospitality industry, having grown in stride with the country's economy. The core undertaking of Best Holdings is Le Méridien Dhaka, a premium 5-star hotel brand that is located at Nikunja-2, Khilkhet, just 2 kilometers from Hazrat Shahjalal International Airport. The hotel accommodates 304 ergonomically designed guest rooms with an array of smart amenities, 13 spacious meeting rooms, a 45,000 square feet venue, 06 premium restaurants, a state-of-the-art fitness center, and the only rooftop tennis court in the country. Business operations of the hotel is carried out through a management contract with Marriott International. As a result, Le Méridien Dhaka now operates as a chain under Marriott International Inc. USA.

The company is also expanding its hospitality offerings outside the capital through ongoing projects in Bhaluka. Additionally, the company has an agricultural project in Noakhali that is engaged in poultry, dairy, fisheries, plants and livestock.

Best Holdings Limited is guided by its core values of putting people first, pursuing unparalleled excellence in hospitality offerings, embracing change, and acting with integrity. In alignment with this, Best Holdings Limited has prioritized a business strategy of putting the customer experience at the forefront of its offering, driven by diligent training of its company staff that ensures a positive client experience. The company also leverages the proximity of Le Meridien to the capital's airport, and promotes large scale corporate and social events as well as extravagant celebrations of local and international festivities that attract a large customer base.

(b) SWOT Analysis

STRENGTH	WEAKNESS
<ul style="list-style-type: none"> ▪ Le Meridien operates as a chain under Marriott International, Inc. ▪ Le Meridien's proximity to Hazrat Shahjalal International Airport, Dhaka gives it a competitive advantage ▪ Primarily operates in the hospitality sector that allows for enhanced management focus ▪ Seasoned management team with rich industry experience ▪ Experienced staff with training in line with international hospitality standards 	<ul style="list-style-type: none"> ▪ Portfolio of business concerns could be more diversified ▪ Client outreach strategy could be improved

OPPORTUNITY	THREAT
<ul style="list-style-type: none"> ▪ Potential expansion of customer base given increased industrialization and foreign investments in the local economy ▪ Greater government focus on promoting tourism and supporting the hospitality sector ▪ Rising per capita that is increasing the country's consumer class ▪ Surging demand for holiday and recreational spots in and outside the capital 	<ul style="list-style-type: none"> ▪ Hospitality sector is highly competitive in nature ▪ Extenuating global situations, such as the COVID pandemic, have heightened adverse impacts on hospitality businesses ▪ Hospitality businesses are especially vulnerable to political unrest and instability ▪ Unforeseen increases in operational and finance costs of the business

(c) Analysis of the financial statements of last five years with reason(s) of fluctuating revenue/sales, other income, total income, cost of material, finance cost, depreciation and amortization expense, other expense; changes of inventories, net profit before & after tax, EPS etc.

Reason of fluctuation

Causes for changes in revenue

The company enjoyed healthy revenue figures in the pre-COVID years, with sales growing by 20.77% from FY 2017-18 to the following financial year. The onset of the COVID pandemic caused revenue figures to decline in FY 2019-20. The brunt of the pandemic was felt by the company in FY 2020-21, when revenue declined by around

60% from the previous year. It is important to take into consideration that the global pandemic was an unforeseen and once in a century incident that had an adverse impact on the entire hospitality industry across the world. The company showed great resiliency however, with sales rebounding by nearly 128% in the following year. This allowed the company to post a strong bottom line to close financial year of 2021-22. In FY 2022-23, the company also maintained a healthy growth in revenue. Net revenue increased by 25.19%.

Causes for changes in other income

For FY 2017-18 and FY 2018-19, the company's other income formed an insignificant part of its net profit. This figure increased in the following years due to additional income generated from sinking funds against placement shares. As of FY 2021-22 and FY 2022-23, the company's other income primarily consists of interest earnings from FDR accounts, capital gains and losses through investment in the stock market, and income from sinking fund.

Causes for changes in total income

Changes in total income are reflective of the combined effect of changes in revenue and other income of the company.

Causes for changes in cost of goods sold

The company's cost of goods sold (COGS) remained steady over the years, averaging around 20-25% of its net revenue generation. This is indicative of the company's operational efficiency, which has allowed Best Holdings to post competitive gross profit margins during its last five years of operation.

Causes for changes in finance cost

The company's finance cost as a percentage of its operating profit decreased from 19% in FY 2017-18 to only 2% in its most recent financial year of FY 2021-22. This was primarily driven by a significant reduction in the company's long-term loans in FY 2019-20. Efficient management of its debt capital has allowed the company to streamline its loan structure and reduce its cost of capital. In addition, the company has also capitalized borrowing cost for all qualifying assets in accordance with IAS 23. This has resulted in the company ensuring a healthy debt-to-equity ratio of only 0.25 as of June 30, 2022.

Causes for changes in depreciation and amortization expense

Depreciation expenses for the company has slightly increased in line with new addition of property, plant and equipment in Balance Sheet. Best Holdings Limited did not have any amortization expense for the last 5 years.

Causes for changes in Other Expense

Apart from the costs mentioned above, a key expense for the company was its operating expenses. Challenges brought about by the pandemic caused operational expenses to sales to jump by around 21% in FY 2020-21. With the exception of the COVID affected financial year, operating expenses of the company otherwise remained consistent in alignment with its turnover figure.

Causes for changes in net profit before tax

The company has maintained a stable net profit before tax as a percentage of revenue during the last five years except FY 2020-21. During, FY 2020-21, the margin fell due to the impact of COVID 19 pandemic.

Causes for changes in total net profit after tax for the year

Through adaptive and prompt decision-making by its management team, Best Holdings was able to post very competitive net profit margins even through a pandemic induced year-and-a-half when the entire economy was brought to a standstill. The company averaged a net profit margin of around 35-40% over the last 5 years. To put that into perspective, the average net profit margin of the travel and leisure industry in FY 2020-21 was around 30%. Best Holdings was able to secure such strong net profit figures by virtue of its ability to offer world-class

hospitality services in a fast-growing industry that is attached for further growth in the future. In FY 2022-23, the net profit margin was 38%.

Causes for changes in EPS

The earnings per share of the company was consistent with the net profit figure posted by the company over the years. This is reflected in an EPS of around BDT 1 per share except for FY 2020-21, when the company's bottom line was adversely affected due to the COVID pandemic. In FY 2022-23, earnings per share of the company was BDT 1.24.

Causes for changes in inventories

The company did not have significant changes in its inventory levels in relation to its business volume over the years.

(d) Known trends, demands, commitments, events or uncertainties that are likely to have an effect on the company's business:

There are no known trends, demands, commitments, events or uncertainties that are likely to have material impact on the company's business. However, force majeure such as natural calamities, political unrest, labor unrest, etc. might have a material effect on company's future business.

(e) Trends or expected fluctuations in liquidity

Over the last five years, the company maintained a stable current and quick ratio. The Company is expected to maintain such sufficient liquidity in the near future.

(f) Off-balance sheet arrangements those have or likely to have a current or future effect on financial condition

As of date, the Company did not enter into any off-balance sheet financing arrangements.

(g) Short bio-data of each director

**Amin Ahmad
Chairman**

Mr. Amin Ahmad's distinguished entrepreneurial career of 32+ years today covers a diverse portfolio of business concerns spanning the Hospitality, Real Estate, Agriculture, Food Processing and ICT sectors. His visionary leadership has seen significant contributions particularly to the country's hospitality sector, the biggest of which is the inception of Le Meridien Dhaka, which now operates as a chain under Marriott International Inc. USA.

Mr. Ahmad holds an MBA in Human Resources, and has extensive experience in the construction business. He helped to establish a private Economic Zone that has allowed both local and foreign investors operate a wide range of businesses such as specialized textiles, electrical & electronics, footwear, sportswear, pharmaceuticals (API), automobiles, world class educational institutions, national skill development programs and luxury resorts.

Mr. Ahmad has also helped spearhead several key infrastructural projects in the country's public sector. Of note is the 433.64-meter Munshigonj Bridge in Bagerhat, the 648-meter Dharala Bridge in Kurigram, the 630.5-meter Daratana Bridge in Bagerhat, the 262.00-meter 1st Dholeswari Bridge, the 383.02-meter-long 2nd Dholeswari Bridge and the 521.23-meter Tailerdeep Bridge in Chittagong. Other pronounced construction projects include an 8-storied Commercial Complex (UDAY SANZ) in Gulshan and a couple of 6-storied apartment complexes (Uday Lake Breeze and Uday Fresia) at Niketan Housing in Gulshan.

Mr. Ahmad is the promoter of multiple enterprises such as Best Holdings Limited, Iconx Services Limited, Iconx Hotels Limited and Dhamshur Economic Zone Limited. He is a member of Dhaka Chamber of Commerce & Industry and the Bangladesh Association of Construction Industry. He also holds lifetime membership of Dhaka Club, Gulshan Club, Banani Club and Army Golf Club.

A philanthropist and social activist, Mr. Ahmad has involved himself in numerous philanthropic activities that have provided hundreds of landless underprivileged families with food, shelter, employment, education and healthcare facilities. He continues to support his philanthropic endeavors through aid disbursements to the most vulnerable communities.

Hasan Ahmad
Managing Director

Hasan Ahmad currently serves as the Managing Director of Best Holdings Limited, the entity that brought to Bangladesh Le Meridien Dhaka. Under his leadership, Le Meridien has established itself as a premium 5-star hotel brand that today operates as a chain under Marriott International Inc. USA.

Mr Ahmad completed his High School Diploma from Canada, and holds a Bachelor's Degree in Electronics Engineering from Multimedia University of Malaysia. He has also completed his MBA from North South University. He is actively involved in sporting and philanthropic activities across multiple clubs and associations. He is a lifetime member of the Institution of Engineers Bangladesh (IEB), Gulshan Club, and Baridhara Diplomatic Club.

Afra Anjum
Director

Afra Anjum currently serves as a Director of Best Holdings Limited. She is the daughter of Mr. Amin Ahmad. Ms Anjum holds a B.Sc. (Hons) in Electrical & Electronics Engineer, and has more than 5 years of professional experience. She has also completed her Msc in Accounting from the University of Sydney, Australia. She also serves as Director of Iconx Services Limited, and Managing Director of Dhamshur Economic Zone Limited.

Ummey Kulsum
Director (Representative from Private Infrastructure Development Co. Limited)

Ummey Kulsum, is a Representative Director of Private Infrastructure Development Co. Limited. She is the wife of Mr. Amin Ahmad. Mrs. Kulsum has more than 27 years of experience in the travel & tourism sector, and is an active promoter of Al-Amin Construction Co. Limited, Iconx Services Limited, and Dhamshur Economic Zone Limited.

Tasnuva Islam
Director (Representative from Private Infrastructure Development Co. Limited)

Tasnuva Islam is a Representative Director of Private Infrastructure Development Co. Limited. She is the daughter of Md. Nazirul Islam and Majeda Akhter, and the spouse of Mr. Hasan Ahmad. Mrs. Tasnuva Islam completed her B.Sc. (Hons) in Electrical & Electronics Engineer and MBA concentrating in Finance from East West University. She has more than 9 years of experience in the Travel and Tourism sector.

Monjur Ahmed Bhuiyan

Director (Representative Director from Capital Banani One Limited)

Monjur Ahmed Bhuiyan is a Representative Director of Capital Banani One Limited. He holds a wealth of experience in export-import, real estate and trading businesses.

Mohammad Towhidul Islam Bhuiyan

Director (Representative Director from Capital Banani One Limited)

Mohammad Towhidul Islam Bhuiyan is the Nominated Director of Capital Banani One Limited. With over 15 years of diverse experience, he is known for his dedication, dynamic leadership, and ability to navigate complex business landscapes.

Subhash Chandra Das

Director (Nominated by Sonali Bank Limited)

Subhash Chandra Das is a Director at Best Holdings, nominated by Sonali Bank Limited. He currently serves as the Chief Financial Officer at Sonali Bank Limited. Subhash Chandra Das's illustrious career in the banking sector spans various leadership roles, including General Manager at Janata Bank and Joint Director at Bangladesh Bank. His journey began as an Assistant Manager at Bangladesh Bank Limited in 2000. His commitment to continuous learning is evident as he is a Fellow of the Institute of Cost and Management Accountants of Bangladesh and the Institute of Chartered Accountants of Bangladesh (ICAB). Subhash Chandra Das's contributions to the industry have been further enriched by his participation in numerous development projects.

Md. Anwarul Islam

Md. Anwarul Islam serves as a Director of Best Holdings as a nominee of Agrani Bank Limited. He obtained his Masters in Commerce from Rajshahi University and has more than 34 years of experience in the banking sector. He currently serves as the Deputy Managing Director of Agrani Bank Limited.

Kazi Abdur Rahman

Director (Nominated by Rupali Bank Limited)

Kazi Abdur Rahman is a Director at Best Holdings, nominated by Rupali Bank Limited. Prior to joining this post, he held was DMD at Rajshahi Krishi Unnayan Bank (RAKUB). He started his banking career by joining Rupali Bank in 1998 through Bankers Recruitment Committee (BRC).

During his 25-year career, he held various positions including branch manager, zonal manager, and divisional manager and also discharged his duties as general manager in Rupali Bank's local office.

Mr Rahman participated in many training programmes, workshops, seminars and symposiums at home and abroad, including at BIM and Bangladesh Bank.

He was born in a respectable Muslim family at Syed Mohalla village under Fakirhat Upazila in Bagerhat district.

Sheikh Kabir Hossain

Independent Director

Mr. Sheikh Kabir Hossain currently serves as an independent director of Best Holdings Limited. Mr. Hossain was born in the respectable SHEIKH family of Tungipara in the district of Gopalganj, Bangladesh. He is the son of Sheikh Mosharraf Hossain and Mrs. Rahela Khatun. Sheikh Mosharraf Hossain, who is the paternal uncle of Bangabandhu Sheikh Mujibur Rahman, was conferred with the title of "Khan Shaheb" by the British Government for his outstanding

self-financed social activities. Khan Shaheb was an eminent Member of the Legislative Assembly (MLA) from East Pakistan.

Inspired by the distinguished legacy of his father, Sheikh Kabir Hossain has devoted his career to advancing education and social works in the country. To that end, Mr. Hossain became a valued member of Lions Clubs International, the world's largest voluntary service organization, in 1975, where he served as District Governor, Council Chairman and International Director.

Mr. Hossain has served with distinction in numerous administrative and leadership roles across a number of entities. For his outstanding leadership and contributions, Sheikh Kabir Hossain was recognized as the Ambassador of Goodwill from the Lions Club International. He is the recipient of several national honors that include the Presidential Award, the Leadership Medal and Special Presidential Extension Awards. During his distinguished career, Mr. Hossain has been bestowed with several national and international accolades, that include –

- "Sher-E-Bangla Gold Medal-2000" for Shamaj Sheba (service to society) from Bangla Youth Forum
- "DeshBandhu Gold Medal" from DeshBandhu C.R. Dash Research Council on Manob Sheba (service for humanity) from Bangladesh
- "Bangladesh Red Crescent Award-2019" for his outstanding service to the human kind

Sheikh Mamun Khaled Independent Director

Sheikh Mamun Khaled currently serves as an independent director of Best Holdings Limited. He is a retired Lieutenant General of Bangladesh Army and former commandant of National Defence College.

Mamun Khaled was a signal corps officer of Bangladesh Army. He served as the Director General of Directorate General of Forces Intelligence for 5 years from 2008 to 2013. He was then made the Vice-Chancellor of Bangladesh University of Professionals (BUP). He earned the Chancellor Gold Medal for his PhD, and was the first person to complete a PhD from Bangladesh University of Professionals.

Mamun Khaled served in a number of different ranks during his service with the Bangladesh Army. He was an instructor at Military Intelligence School of Army Headquarters, and a Colonel Staff of the Infantry Division. Prior to assuming his role as the Commandant of National Defence College of Bangladesh, he also served as the commandant of Bangladesh Ordnance Factories.

Mr Khaled has also served in the UN Protection Force (UNPROFOR) in Bosnia, and in the UN Mission in Sierra Leone (UNAMSIL). He is the first foreign recipient who had been awarded a fellowship from the United Service Institution (USI) of India for his great contribution to the Military Leadership.

S. M. Munir Independent Director

S. M. Munir currently serves as an independent director of Best Holdings Limited. He obtained his L.L.B and L.L.M degree from Dhaka University. At present, he is the Additional Attorney General for Bangladesh, having assumed that rank since 10.09.2020. He is an expert in Civil, Writ and Criminal disputes. He has held numerous decorated positions throughout his distinguished career that includes –

- Senior Executive Member: Bangabandhu Awami Anijibi Parishad (Central Committee)

SECTION XIV: CORPORATE GOVERNANCE

(a) A disclosure to the effect that the issuer has complied with the requirements of Corporate Governance Guidelines of the Commission;

MANAGEMENT DISCLOSURE REGARDING COMPLIANCE WITH THE REQUIREMENTS OF CORPORATE GOVERNANCE CODE OF BANGLADESH SECURITIES AND EXCHANGE COMMISSION

We would like to declare that we have complied with all the requirements of the applicable regulations of Corporate Governance Code of Bangladesh Securities and Exchange Commission (BSEC) in respect of corporate governance including the constitution of the Board and committees thereof. The corporate governance framework is based on an effective independent Board, separation of the Boards supervisory role from the executive management team and constitution of the Board Committees, as required under applicable law

Sd/-

Hasan Ahmad
Managing Director
Best Holdings Limited

Date: August 30, 2023

(b) A compliance report of Corporate Governance requirements certified by competent authority;

CERTIFICATE OF COMPLIANCE ON CONDITIONS OF THE CORPORATE GOVERNANCE GUIDELINES TO THE SHAREHOLDERS OF BEST HOLDINGS LIMITED

[As required under the Bangladesh Securities and Exchange Commission (BSEC)]

We have examined the compliance status to the Corporate Governance Code by **BEST HOLDINGS LIMITED** for the year ended on **June 30, 2023**. This Code relates to the Notification No. BSEC/CMRRCD/2006-158/207/Admin/80, dated 3 June 2018 of the Bangladesh Securities and Exchange Commission.

Such compliance with the Corporate Governance Code is the responsibility of the Company. Our Examination was limited to the procedures and implementation thereof as adopted by the Management in ensuring compliance to the conditions of the Corporate Governance Code.

This is a scrutiny and verification and an independent audit on compliance of the conditions of the Corporate Governance Code as well as the provisions of relevant Bangladesh Secretarial Standards (BSS) as adopted by Institute of Chartered Secretaries of Bangladesh (ICSB) in so far as those standards are not inconsistent with any condition of this Corporate Governance Code.

We state that we have obtained all the information and explanations, which we have required, and after due scrutiny and verification thereof, we report that, in our opinion:

- (a) The Company has complied with the conditions of the Corporate Governance Code as stipulated in the above-mentioned Corporate Governance Code issued by the Commission;
- (b) The company has complied with the provisions of the relevant Bangladesh Secretarial Standards (BSS) as adopted by the Institute of Chartered Secretaries of Bangladesh (ICSB) as required by this Code;
- (c) Proper books and records have been kept by the company as required under the Companies Act, 1994, the securities laws and other relevant laws; and
- (d) The governance of the company is satisfactory.

In discharging their responsibilities, the Committee members have a duty to act in the best interests of company as a whole, irrespective of personal, commercial or other interests, loyalties or affiliations.

SECTION XV: VALUATION REPORT OF SECURITIES PREPARED BY THE ISSUE MANAGER

The valuation report of securities to be offered shall be prepared and justified by the issue manager on the basis of the financial and all other information pertinent to the issue.

Over a short term, even a reasonably well functioning market may depict irrational and abrupt price movements due to investors' exuberance. However, considering a reasonable investment horizon, market provides a fair approximation of consensus value of a particular security according to its exposure to various risk factors and potentials for growth. In a well-functioning market, where all the investors are assumed to be rational and risk averse, the investors would not pay more for a particular security with given risk profile than they would for an otherwise similar security. As a result, a rational investor expects the market to reveal the fundamental value of the securities being traded. Nevertheless, in a market with numerous investors and participants, there would be differences in risk aversion, rate of required return and investment horizon. Hence, while deriving at the valuation of the shares of Best Holdings Limited, the perspective of a prudent investor has been taken into consideration for simplicity. The essential valuation methods delineated by the Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015, have been followed.

Qualitative Factors

The key qualitative factors that were taken into consideration for valuation purposes are –

Business opportunity in the hospitality sector is projected to grow given the expected expansion of the consumer class of the country. This expansion of the customer base is being driven by several socio-economic factors that include –

- expected graduation of Bangladesh from its Least Development Country (LDC) status in 2026
- increased industrialization and foreign investments in the local economy
- greater government focus on promoting tourism in the country
- rising per capita of the country that is increasing the country's consumer class
- surging demand for holiday and recreational spots in and outside the capital city of Dhaka

Quantitative Factors

Valuation under different valuation methods as per Bangladesh Securities and Exchange Commission (Public Issue) Rules, 2015 are outline below.

The following table illustrates the summary of valuation of Best Holdings Limited under different valuation methods-

Sl. No.	Valuation Methods	Fair Value (BDT)
1A.	Net Asset Value Per Share (with revaluation)	56.34
1B.	Net Asset Value Per Share (without revaluation)	32.26
2.	Earning based Value per Share	13.70
3.	Average Market Price of Similar Stock Based Valuation	106.50

Method 1: Valuation based on Net Asset Value per Share

While deriving at the valuation of the common stock, the Net Asset Value per share of Best Holdings Limited has been taken into consideration. The following table illustrates the calculation of Net Asset Value per share based on the consolidated audited accounts as at June 30, 2023:

Particulars (all the figures are in BDT)	As at June 30, 2023
Share capital	9,255,769,470
Share Premium	16,326,038,771

Particulars (all the figures are in BDT)	As at June 30, 2023
Accumulated Reserve & Fund	22,384,349,761
Retained Earnings	4,184,622,114
Equity attributable to owners of the company	52,150,780,115
Number of shares	925,576,947
Net Asset Value Per Share (With Revaluation)	56.34
Net Asset Value Per Share (Without Revaluation)	32.26

Method 2: Valuation based on Earning based value per share

We have calculated the weighted average net profit after tax (NPAT) of the company for the year ended June 30, 2019 to June 30, 2023 and multiplied by the relevant P/E multiple to derive at the earning based value per share of the company.

Year	Number of shares	Weight on number of shares	NPAT attributable to the equityholders of the company (in BDT)	Weighted Average NPAT (in BDT)
2019	8,831,000	0.24%	975,784,219	2,365,188
2020	876,994,412	24.07%	936,938,829	225,532,998
2021	906,346,177	24.88%	408,482,486	101,617,750
2022	925,576,947	25.40%	1,016,612,935	258,267,756
2023	925,576,947	25.40%	1,143,229,814	290,434,430
Total	3,643,325,483	100%		878,218,122
Number of shares				925,576,947
EPS based on weighted average net profit after tax				0.95
Relevant P/E multiple (Lower of last three months average market P/E and travel & leisure sector P/E) ²³				14.42
Earnings-based-value per share (in BDT)				13.70

23

Calculation of relevant P/E multiple: (Source:DSE)		
Month	Market P/E	Travel & Leisure Sector P/E
August-23	14.39	38.44
September-23	14.36	40.09
October-23	14.52	39.47
Average	14.42	39.33
Relevant P/E Multiple (Lower of last three months average P/E of Market and Travel & Leisure Sector)		14.42

Method 3: Average Market Price of Similar Stock Based Valuation

We have considered Comparable companies engaged in similar business listed with the Dhaka Stock Exchange to derive valuation based on average market price of similar stock.

Month	The Peninsula Chittagong Limited	Sea Pearl Beach Resort & Spa Limited	Unique Hotel & Resorts Limited
Nov-22	27.4	187.1	59.5
Dec-22	27.4	186.7	57.7
Jan-23	27.4	263.5	68.5
Feb-23	27.4	281.4	62.7
Mar-23	27.4	295.6	76
Apr-23	27.4	262.4	83.3
May-23	27.4	213.3	78.6
Jun-23	27.4	211.1	72.3
Jul-23	27.4	213.9	67.5
Aug-23	27.4	193.1	64.2
Sep-23	27.4	175.4	69
Oct-23	27.4	198.4	63.7
Average	27.4	223.5	68.6
Average of The Above			106.5

SECTION XVI: DEBT SECURITIES

- (a) the terms and conditions of any debt securities that the issuer company may have issued or is planning to issue within next six months, including their date of redemption or conversion, conversion or redemption features and sinking fund requirements, rate of interest payable, Yield to Maturity, encumbrance of any assets of the issuer against such securities and any other rights the holders of such securities may have;

Green Delta is also the 1st Insurance Company in Bangladesh to have equity partnership with International Finance Corporation (IFC) of World Bank Group. With a presence in the strategically important parts of the country, which includes 43 branches, Green Delta Insurance Company has established its prominent presence with equity participation in Delta BRAC Housing Ltd., Progressive Life Insurance Co Ltd, United Hospital Ltd. Fin Excel Ltd. and BD Venture Ltd. Green Delta Capital Ltd., Green Delta Securities Ltd., Professional Advancement Bangladesh Limited and GD Assist Limited are four of the direct subsidiaries. GDIC provides stock brokerage services through Green Delta Securities Ltd. (GDSDL) and Investment Banking services through Green Delta Capital Ltd. (GDCL). Professional Advancement Bangladesh Limited provides international standard professional trainings, in collaboration with CII, UK and GD Assist Limited is the Official Representative of Malaysia Healthcare Travel Council in Bangladesh promoting Malaysia Healthcare Tourism.

Under the charismatic leadership of Ms. Farzana Chowdhury, Managing Director and CEO, Green Delta Insurance Company Ltd. has been leading the winds of change in the insurance industry of the country in terms of service standard, innovative products and legislative restructuring. After a glorious journey of 3 decades in the Insurance sector, Green Delta Insurance Company Limited has now become a big family of visionary board members, 600+ committed staff, numerous valued clients and thousands of esteemed shareholders. By now, Green Delta has been able to uphold the brand image as a prompt claim settler, superior service provider, and diversified product supplier – almost like a one stop solution provider in the non-life insurance sector in the country.

Green Delta Insurance is the first non-life Insurance Company from Bangladesh to introduce the retail insurance department. The department was created with the motto ‘Insurance for Everyone’. The main products that the retail insurance department sells are Motor Insurance, Overseas Mediclaim Insurance, Personal accident insurance, People’s personal accident policy, Health Insurance, All risk insurance and Nibedita- Comprehensive Insurance scheme for women. There are few other projects under Retail and SME, they are Niramoy-micro insurance for rural people, Shudin- micro insurance for garments workers, Weather index based Crop Insurance and Probashi-Comprehensive Insurance Scheme for Migrant workers.

Duties and powers in connection with the Trust:

1. To hold the benefit of the covenants made by the Issuer in Trust Deed and the Conditions on trust for the Bondholders;
2. To open such accounts as it deems necessary for discharging the functions of Trustee;
3. To keep the money and assets representing the Trust Property (including enforcement proceeds) and to deposit and withdraw such moneys and assets as may be required from time to time;
4. To undertake all such actions for the recoveries of any overdue in accordance with the provisions of the Trust Deed and to execute all such documents, deeds and papers and to do all acts in relation thereto;
5. To issue, manage and administer the Bonds in accordance with the terms of the Trust Deed and execute, acknowledge, confirm or endorse any agreements, documents, deeds, instruments and papers in connection therewith;
6. To call any Meetings of the Bondholders in accordance with the provisions of the Trust Deed and the Bonds and to facilitate the proceedings of such meeting as it deems appropriate in accordance with the terms of the Trust Deed;
7. To implement, give effect to and facilitate the terms and conditions of the Bonds and such other documents, deeds and agreements in contemplation thereof;

8. Upon instruction by the Bondholders in accordance with the Trust Deed, to sell or otherwise dispose of the Trust Property and close any bank accounts that may have been opened in pursuance of the Trust Deed after distribution of amounts standing to their credit;
9. To take such action as may be appropriate for the protection of the interest of the Bondholders in accordance with the Trust Act, 1882 and the provisions of the Trust Deed;
10. To perform all responsibilities of a trustee as required under the Rules or any other successive rules of the BSEC.
11. The Trustee shall have power to insert any additional terms and conditions for the performance of the obligations under the Trust Deed for the protection of the interest of the Bondholders;
12. To perform all responsibilities of a trustee as required under the Rules or any other successive rules of the BSEC; and
13. To do all such other acts, deeds and things as may be necessary and incidental to the above objects for exclusive benefit of the Bondholders unless such acts require the prior consent of the Beneficiaries in accordance with the Trust Deed.

iv	Litigation involving Labor Laws	No cases filed
v	Litigation involving Taxation (Income tax, VAT, Customs Duty and any other taxes/duties)	No cases filed
vi	Litigation involving any other Laws	No cases filed

SECTION XX: RISK FACTORS AND MANAGEMENT'S PERCEPTION ABOUT THE RISKS

Any investment always associates with both internal and external risk factors having both direct and indirect effect on the investments made by the investor. Among those risks some can be averted, others are beyond control, which may cause loss. Before making any investment decision, investors need to consider the associated risk factors, the risk premium and management perception. If any of the following risks actually happens in the business, operational results and financial conditions could suffer and investors could lose their investments partly or fully. The management of Best Holdings Limited perceives the following risk factors, both external and internal, which are enumerated hereunder:

(I) INTERNAL RISK FACTORS

(a) Credit Risk

The risk of loss of principal or loss of a financial reward stemming from a borrower's failure to repay a loan or otherwise meet a contractual obligation. Credit risk arises whenever a borrower is expecting to use future cash flows to pay a current debt. This is the risk of default on a debt that may arise because of default by the borrower to pay the loan. In operating any business there is always credit risk lies in the business.

Best Holdings has outstanding bank loan of BDT 2,352 million and outstanding bond of BDT 8,192 million, as on June 30, 2023. These outstanding liabilities is only 15.42% of company's total asset. The company is regular in repaying its debt till date. Thus, Best Holdings does not foresee any significant credit risk.

(b) Liquidity Risk

Liquidity risk refers to any company's inability to meet its short term financial demand. If the company fails to generate cash from its short term assets to pay short term liabilities as the payment becomes due, liquidity risk arises. As of June 30, 2023, Best Holdings had BDT 6,284 million as current asset whereas the total current liabilities stood at BDT 1,882 million. Hence, the current ratio of the company is very high which provides evidence of strong liquidity position that should act as a safeguard against any potential liquidity issues.

(c) Risk associated with the issuer's interest in subsidiaries, joint ventures and associates

Best Holdings Limited has two subsidiaries namely, Iconx Hotels Limited and Dhamshur Economic Zone Limited in which Best Holdings holds around 51% shares and 51% shares respectively. There is certain degree of risk exist for issuer's interest in subsidiary. To mitigate such risk, both the concern has separate management to run the overall operation.

(d) Significant revenue generated from limited number of customers, losing any one or more of which would have a material adverse effect on the issuer

If the company has a concentrated customer base, it may have adverse impact on its bottom line if it loses business from any single customer. The consumer base of Le Meridien is incredibly diversified, both in the corporate guest and the family/private guest sub-segments. In addition to Le Meridien, BHL also generates revenue from projects in Bhaluka and Noakhali, which further diversifies its revenue sources. As such, the company does not consider losing any single customer as a significant risk for the company.

(e) Dependency on a single or few suppliers of raw materials, failure of which may affect production adversely

If the company has a concentrated supplier base, it risks adverse impact on its sourcing expenses should any supplier fail to meet their delivery commitments. BHL sources its raw materials from a variety of suppliers. Given this sourcing structure, the company does not expose itself to risks associated with a concentrated supplier base.

(f) More than 20% revenue of the issuer comes from sister concern or associate or subsidiary

If the company generates a significant portion of its revenue from related concerns, the company exposes itself to adversity should said concern suffers a decline in its business. While BHL has equity ownership in two subsidiaries, namely Iconx Hotels Limited and Dhamshur Economic Zone Limited, none of these concerns account for any share of BHL's revenue.

(g) Negative earnings, negative cash flows from operating activities, declining turnover or profitability, during last five years, if any

The company did not have any negative earnings nor any negative cash flow from operating activities in the last 5 years.

(h) Loss making associate/subsidiary/group companies of the issuer

BHL has two subsidiaries, namely Iconx Hotels Limited, and Dhamshur Economic Zone Limited. Both of the companies are not in commercial operation yet. Iconx Hotel is currently constructing Marriott Bhaluka, a 05-star hotel located just 50km from Hazrat Shahjalal International Airport. Dhamshur Economic Zone Limited is establishing an economic zone in Bhaluka, Mymensingh. The company is in the process of receiving final approval for this economic zone.

(i) Financial weakness and poor performance of the issuer or any of its subsidiary or associates

Over the years, the Company's financial performance is improving in a steady manner except the year of COVID pandemic due to strategic decision of the experienced management, sector growth and favorable government policy. The economy of Bangladesh has also been growing at a good rate over the last decade. So the management of Best Holdings is very confident about the business prospect in future. On the other hand, both of the subsidiaries of BHL are not in commercial operation yet.

(j) Decline in value of any investment

Decline in the value of any current investments in the company's portfolio adversely impacts its bottom line. While BHL has exposure in the capital market via investments in listed company's shares, the management actively consults investment professionals to monitor market dynamics, and invests with a long-term strategic philosophy in place. BHL also has investments in FDRs and its two subsidiaries. The company holds controlling power over its subsidiaries given its majority ownership stake. As such, the company is confident about future prospects of its current investments.

(k) Risk associated with useful economic life of plant and machinery, if purchased in second hand or reconditioned

If any plant and machinery is purchased in second hand condition, useful economic life of the asset may be lower than the usual estimated useful economic life of the asset. The company does not have any second hand machinery.

(l) Adverse effect on future cash flow if interest free loan given to related party or such loans taken from directors may recalled

If the Company provides interest free loan facility to any related parties, it may affect the cash flow and profitability of the company. Also, if the Company has taken interest free loan facilities from any directors or any other party, recalling such facility may impact the business negatively. As at June 30, 2022, the company did not give or took any loan from any of its directors or related party. However, the company has investment of BDT 3,936 million in two of its subsidiaries. The company has also paid advances to Iconx Services Limited for lands. As, BHL holds controlling power over its subsidiaries given its majority ownership stake, the company is confident about future prospects of its current investments.

(m) Potential conflict of interest, if the sponsors or directors of the issuer are involved with one or more ventures which are in the same line of activity or business as that of the issuer and if any supplier of raw materials or major customer is related to the same sponsors or directors

Conflict of interest may arise if any sponsor or director of Best Holdings gets involved in the same business or in any business that supplies raw materials to Best Holdings Limited. Conflict of interest may also arise if any customer of Best Holdings is related to any sponsor or director.

Best Holdings Limited has two subsidiaries namely Iconx Hotels Limited and Dhamshur Economic Zone Limited. Iconx Hotels Limited is going to be engaged in hospitality business. The company is currently constructing Marriott Bhaluka, a 5-star hotel located just 50km from Hazrat Shahjalal International Airport. As these two hotels are situated in two different places, the company does not consider any conflict of interest regarding business. Furthermore, Best Holdings conducts all related party transactions at arm's length basis.

(n) Related party transactions entered into by the company those may adversely affect competitive edge

If the Company enters into any related party transaction that affects its competitive edge, shareholders will be affected. Best Holdings conducts all related party transactions at arm's length basis.

(o) Any restrictive covenants in any shareholders' agreement, sponsors' agreement or any agreement for debt or preference shares or any restrictive covenants of banks in respect of the loan/ credit limit and other banking facilities

If there is any restricting covenant in any agreement including shareholders' agreement, sponsors' agreement or any agreement for debt or preference shares or agreement with banks in respect of the loan/ credit limit and other banking facilities, it may hamper shareholders right and normal business operation of the Company. None of Company's agreement with any parties have any significant restrictive covenant that may hamper normal business operation of the Company. The Company reviews terms and conditions of each agreement before entering and does not enter into any agreement with such restrictive covenant.

(p) Business operations may be adversely affected by strikes, work stoppages or increase in wage demands by employees;

Business operation of the Company may be affected by strikes, work stoppages or increase in wage demands by employees. The Company always maintain a good relationship with all of its employees. The company believes that employees are their main strength and the Company's success immensely depends upon their performance. The benefits received by the employees are also in line with other companies in the industry. So, it is highly unlikely for the company to experience such event.

(q) Seasonality of the business of the issuer

There is no direct seasonal implication in the services rendered by the company.

(r) Expiry of any revenue generating contract that may adversely affect the business

Expiration of any revenue generating contracts and/or agreements reduces the turnover of the company, adversely impacting stakeholders. BHL operates mainly in the hospitality industry, and has no revenue-generating contracts with any parties.

(s) Excessive dependence on debt financing which may adversely affect the cash flow

A debt-heavy capital structure exposes the company to significant interest rate risks by increasing debt-servicing costs if interest rates rise. This in turn can apply strain on cash-flows available to equity holders. BHL's Debt-to-Equity ratio in the most recent financials stands at 0.15, which means only a quarter of the company's total capital is financed by debt. Given this low dependence on debt financing, management does not foresee any major challenge in cash flow management for debt servicing.

(t) Excessive dependence on any key management personnel absence of whom may have adverse effect on the issuer's business performance

The management of Best Holdings has significant experience in the hospitality industry. All the teams of Best Holdings are composed of qualified professionals. Absence of any of the team head will not impact the business significantly as the other team members will take up the responsibility. Moreover, the directors of Best Holdings look after the business on a regular basis. The managing director of the business provides overall guidance in regular business issues. Hence, the absence of any key management personnel may not impact the business significantly.

(u) Enforcement of contingent liabilities which may adversely affect financial condition

Any enforcement of contingent liabilities may affect the financial condition of the business adversely. As at June 30, 2023, BHL has no contingent liabilities.

(v) Insurance coverage not adequately protect against certain risks of damages

If any insurable risk event materializes, the business of the company may be affected if the insurance coverage is not adequate. Le Meridien has procured adequate risk insurance policies from Sena Kalyan Insurance Company Limited.

(w) Absence of assurance that directors will continue its engagement with Company after expiry of lock in period

Best Holdings is going to enlist its share in the capital market of Bangladesh subject to BSEC's approval. If the sponsor directors of Best Holdings exit from their investment and directorship after the specified lock in period, the business may be affected due to lack of leadership and guidance. The sponsor directors of Best Holdings are passionate about this business. They have nurtured the business from its infancy and contributed significantly to establish Best Holdings at its current level. They foresee proliferate business opportunities in this segment and expects to remain with the business for long term.

(x) Ability to pay any dividends in future will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditure

The management has been very successful in running the business profitably. However, it is very natural that, ability to pay any dividends in future will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditure. The management of Best Holdings is very much aware regarding this issue and they are highly focused on maintaining sustainable growth of the business.

(y) History of non-operation, if any and short operational history of the issuer and lack of adequate background and experience of the sponsors

Any history of non-operation negatively affects the reputation of a company. In addition, it leads to loss of revenue and profitability. The investors may also be affected adversely if the sponsors of the company lack adequate background to conduct the business. If the company being listed has short operating history, it becomes difficult for the investors to take appropriate investment decision. Since inception, there has not been any instance of non-operation of the company. Instead, Best Holdings has been able to grow its operation steadily over the years. The sponsors of the company have been running this business since 2009 and has sufficient experience in this business.

(z) Risks related to engagement in new type of business, if any;

The company has been engaged in the hospitality sector since its inception. As of date, the management of the company do not have any intention to enter into any new type of business. Rather, the company is focusing on increasing its existing construction business. However, if the company decides to enter into any new business in the future, thorough due diligence and feasibility study will be conducted.

BHL has been involved in the hospitality sector since its inception, and has established itself today as one of the leading entities operating in the space through Le Meridien. The company also has business concerns in the agriculture sector through projects in Bhaluka and Noakhali that are in the mature stage of their business cycle. As of today, BHL does not envision entry into any new types of business ventures. However, if it requires to enter into any new business, the company shall do so only after conducting comprehensive due diligence and exhaustive feasibility studies in partnership with industry experts.

(aa) Risk in investing the securities being offered with comparison to other available investment options

There are many investment options available for the investors including investing in stock market, investing in bank deposit certificates, and investment in government savings certificate. Among these options, investing in stock market is riskier and risk averse investors may decide not to invest in stock market. Stock market is an ideal place for investors having a comparatively higher risk appetite. The potential investors are requested to carefully read the prospectus and understand the business potential of the company before making their investment decision.

(bb) Any penalty or action taken by any regulatory authorities for non-compliance with provisions of any law

Any penalty or action taken by any regulatory authorities for non-compliance with provisions of any law may affect the business of Best Holdings. The management of Best Holdings is always respectful to all regulatory authorities. The company will abide all the laws of respective regulatory authorities in future also.

(cc) Litigations against the issuer for Tax and VAT related matters and other government claims, along with the disclosures of amount, period for which such demands or claims are outstanding, financial implications and the status of the case

If there is litigation against the issuer for Tax and VAT related matters and other government claims, and if government claims this outstanding figure, the company may face liquidity crisis. There is no outstanding litigation against the issuer for TAX and VAT related matters and other government claims.

(dd) Registered office or factory building or place of operation is not owned by the issuer

If a company leases land or buildings for its registered office or factory(ies), the company would be faced with acute operational challenges if the lease owner opt to terminate the contract. Le Meridien and the land on which it is constructed is fully owned by BHL. While BHL leases land for its agro concern in Noakhali, the leaseholder is an associate concern of BHL, meaning there is minimal probability that the lease contract will be terminated by the leaseholder. Therefore, the management does not consider this as a risk for the company.

(ee) Lack of renewal of existing regulatory permissions/ licenses

If the issuer is involved in any business that requires regulatory permission or licenses, lack of renewal of permission or licenses to do the business further may affect the investors adversely. The company has several licenses including trade license, import license etc. The details of the licenses are given at Section VI (D)(xv) of the prospectus. Till date there has not been any failure in renewing existing regulatory permissions or licenses.

(ff) Failure in holding AGM or declaring dividend or payment of interest by any listed securities of the issuer or any of its subsidiaries or associates

Failure in holding AGMs, declaring dividends, or making timely payment of accrued interests by the company, or any of its subsidiaries and/or associates, sends signs of inefficient leadership from the management to existing and future stakeholders. BHL, as of the publication date of this prospectus, is not listed in any stock exchanges. Therefore, holding AGMs or declaring dividends does not apply to BHL at present. BHL has a track record of meeting all its interest payments on time, which has allowed the company to keep its leverage level well within control. On the other hand, the subsidiaries of Best Holdings Limited are not listed in any stock exchanges.

(gg) Issuances of securities at lower than the IPO offer price within one year

If the company issues share in any form at lower than the IPO offer price within one year, the investors may be affected. However, the management has no intention to issue shares at lower price than the IPO price within one year of its listing.

(hh) Refusal of application for public issue of any securities of the issuer or any of its subsidiaries or associates at any time by the Commission

If the public issue of any securities of Best Holdings or any of its associates or subsidiaries had been refused by the commission, it may indicate the issuer's inability to understand the rules and regulation published by Commission. However, the company applied for Direct Listing to DSE and withdrawal the application on September 29, 2022.

(II) EXTERNAL RISK FACTORS

a) Interest rate risks

Interest Rate risk refers to the potential adverse impacts faced by the company due to unfavourable movements in prevailing interest rates. Best Holdings has outstanding bank loan of BDT 2,352 million and outstanding bond of BDT 8,192 million, as on June 30, 2023. These outstanding liabilities is only 14.59% of company's total asset. The diligence of BHL's risk management team has enabled the company to maintain a healthy current ratio. These metrics substantiate BHL's ability to fulfil its debt-servicing obligations if prevailing interest rates increase in the future. To retain a bargaining position, the company maintains relationship with several banks. Due to this bargaining power, the company has been able to receive loans at an attractive rate. So, the management of the company does not consider interest rate swing as a major risk.

b) Exchange rate risks

Exchange Rate (Forex) risk refers to the potential adverse impacts faced by the company due to unfavourable movements in prevailing exchange rates (particularly USD and BDT rates). BHL earns a portion of its revenue in USD given the high volume of foreign guests, expatriates and other foreign-based corporate clients Le Meridien welcomes annually. This enables the company to offset import costs of its hotel fixtures and other ancillary items required in running the day-to-day operations of Le Meridien. Consider that any depreciation of the BDT will be a nationwide phenomenon that will challenge the entire economy, not just BHL. It is thus important to note that within the context of the entire macro-economy, BHL is better positioned than other entities to face the challenge of unfavourable exchange rate swings given its organic forex earning capacity through its hospitality services.

c) Industry risks

Industry risk refers to factors that can adversely impact a particular sector of the economy, which in turn can affect the companies operating within that sector. The hospitality industry, which had a compounded annual growth rate of more than 22% over the last decade, is predicted to continue its impressive growth trajectory given the economy has started to roar back to normalcy following the pandemic-induced economic stagnancy of the past couple of years. The agricultural sector continues to play a pivotal role in supporting local GDP growth, with business opportunities predicted to generate healthy returns. Taking these macro trends into consideration, the management of BHL does not foresee any significant industry risks facing the company in the near term.

d) Economic and political risks

The economy of Bangladesh has shown a strong resilience against all adversities over last decade. For last five years the economy grew over 6% annually irrespective of global economic swings, domestic political volatility, and series of natural calamities. The next general election is due in 2023. With historical instances of turmoil in pre-election year, business people are expected to stay cautious up to election, which signal a potential slowdown in business expansion. In addition, if political turmoil heats up, business smoothness would be affected.

e) Market and technology-related risks

As the economy opens back up and business activities accelerate, the hospitality market is projected to experience uptick in demand. BHL is well-positioned to capture this expansion in demand of hospitality services given Le Meridien's proximity to Hazrat Shahjalal Airport and Gazipur's industrial hub. BHL's primary exposure is in the hospitality sector, with smaller business operations in the agricultural sector. Both industries are labour intensive in nature, meaning BHL has very little, if any, technology related risk exposure.

f) Potential or existing government regulations

Any amendments or revisions to existing government regulations related to the business operations of the company exposes said company to potential adverse impacts. The Government of Bangladesh (GoB) has demonstrated continued support to the hospitality sector. In FY 2020-21, the government allocated BDT 27,090 million to the Ministry of Civil Aviation and Tourism from its Annual Development Program, while in FY 2021-22, this figure jumped to BDT 43,350 million, which denotes an increase of 60%. As per its core business principles, the management of BHL will continue its operations in full compliance with existing government regulations. BHL looks forward to sustaining its symbiotic relationship with the government and all regulatory bodies by continuing to contribute towards the country's long-term economic prosperity through its business operations.

g) Potential or existing changes in global or national policies

Any changes in the global and national policy will affect the industry as a whole. Due to financial and operational strength of the company, Best Holdings is in a better position to withstand any adverse changes in global or national policies.

h) Statutory clearances and approvals those are yet to be received by the issuer

BHL has received all statutory clearances and approvals that is required to conduct its business operations. A list of licenses has been disclosed in Section VI (D) (XV) of this prospectus.

i) Competitive condition of the business

While the hospitality industry of Bangladesh has a healthy competitive market, BHL has established itself as one of the leading entities in the space, with its principal business concern, Le Meridien, now operating under the worldwide hospitality chain of Marriott International Inc. USA. The management of BHL thus is optimistic of its future profitability, given its strong presence and competitive edge in the hospitality industry of our country.

j) Complementary and supplementary products/services which may have an impact on business of the issuer

BHL is primarily involved in the hospitality space, and its portfolio of complementary products include interior designing fixtures, care-package products, food and drinks, fitness (gymnasium) products, etc. Sourcing of such supplies is almost readily available. Additionally, BHL procures its raw materials and hotel fixtures from an variety of suppliers. Given this sourcing structure, management does not see sourcing of complementary product or services as a risk for the business operations of BHL.

SECTION XXI: DESCRIPTION OF THE ISSUE

(a) Issue Size

Issue size of the company is BDT 3,500 million.

(b) Number of securities to be issued

Public Offer of 125,055,829 ordinary shares

(c) Authorized capital and paid-up capital

Authorized capital : BDT 15,000,000,000
Paid-up capital : BDT 9,255,769,470

(d) Face value, premium and offer price per unit of securities

Face Value : BDT 10
Premium : BDT 14
Offer Price : BDT 24 per share

(e) Number of securities to be entitled for each category of applicants

Category	Securities	No. of Shares	Total Amount (BDT)
Private Offer – BHL Employees and Others	15% of the total securities	18,758,375	656,543,125
Distribution of Securities excluding the portion under private offer:			
Eligible Investor (EI)	25% of IPO shall be reserved for Eligible Investors including mutual fund and CIs	26,574,364	930,102,715
General Public (GP)	5% of IPO shall be reserved for Non-Resident Bangladeshis (NRB)	5,314,872	127,556,928
	70% of IPO shall be reserved for GP excluding Non-Resident Bangladeshis (NRB)	74,408,218	1,785,797,232
	Total	125,055,829	3,500,000,000

(f) Holding structure of different classes of securities before and after the issue

The company does not have different classes of securities. The company has issued only ordinary shares.

(g) Objective of the issue including financing requirements and feasibility in respect of enhanced paid-up capital

To extend its world-class hospitality offerings outside the capital, Best Holdings is currently developing a project called The Muslin, a chain resort of Luxury Collection in Bhaluka. A uniquely convenient and comfortable place covering 43 acres land in Bhaluka, Mymensigh has been selected to set up the project. The project is around 75 KM distance from zero point of Dhaka city.

The Luxury Collection is a luxury quality brand hotel and resort of Marriot International. The hotel will have 200 Premier Guest Room, 14 Studio King Villa, 4 Studio Queen Villa, 1 Executive Villa, 1 LM Villa, and 1 Presidential Villa.

Moreover, the complex would have state-of-the-art facilities of Spa, Gym, Swimming Pool with sundeck, Children's Swimming Pool with sun deck, Kids Club, Meeting and Conference room with Banquet. The project will also consist of Three Meal Restaurant, Floating Restaurant with open kitchen concept, and Artificial Sand/rock/gravel Beach.

Payback Period of the project is 5.32 years and Internal Rate of Return is 14.71% which indicates a good financial performance in terms of early pay back and cost of borrowing perspective scenario.

Status of Bidding of Shares of Best Holdings Limited

The electronic bidding of Best Holdings Limited through electronic subscription system (ESS) by the Eligible Investors has been successfully completed on November 23, 2023. Based on the bidding of Eligible Investors, the cut-off price of the ordinary shares of Best Holdings Limited was determined at BDT 35 (Taka thirty five) only . The details of the bidding are as follows -

Issue Name	BESTHLDNG
Issue Type	Large Cap - BBM
EI Issue Size	26,574,364 ordinary shares
Cut-off Price	BDT 35
Total Bid Volume	28,894,581 ordinary shares
Total Bids	97
Total Successful Bids	83

SECTION XXII: USE OF PROCEEDS

(a) Use of net proceeds of the offer indicating the amount to be used for each purpose with head-wise break-up

To extend its world-class hospitality offerings outside the capital, Best Holdings is currently developing a project called The Muslin, a chain resort of Luxury Collection in Bhaluka. A uniquely convenient and comfortable place covering 43 acres land in Bhaluka, Mymensingh has been selected to set up the project. The project is around 75 KM distance from zero point of Dhaka city.

The Luxury Collection is a luxury quality brand hotel and resort of Marriot International. The hotel will have 200 Premier Guest Room, 14 Studio King Villa, 4 Studio Queen Villa, 1 Executive Villa, 1 LM Villa, and 1 Presidential Villa.

Moreover, the complex would have state-of-the-art facilities of Spa, Gym, Swimming Pool with sundeck, Children's Swimming Pool with sun deck, Kids Club, Meeting and Conference room with Banquet. The project will also consist of Three Meal Restaurant, Floating Restaurant with open kitchen concept, and Artificial Sand/rock/gravel Beach.

The company plans to raise BDT 3,500 million through IPO and utilize the IPO proceeds in the following manner.

Sl. No.	Particulars	Estimated Amount (BDT)
1	Building & Other Civil Works of The Luxury Collection	1,760,923,539
2	Local Machinery & Equipment for The Luxury Collection	450,000,000
3	Repayment of Existing Liabilities	1,156,076,461
4	Estimated IPO Expenses	133,000,000
	Total	3,500,000,000

Note: The estimated IPO expenses will be paid at actual, and any adjustment will be made with Building & Other Civil Works of The Luxury Collection for The Luxury Collection.

The Managing Director
Best Holdings Limited
79/A, Commercial Area, Airport Road, Nikunja 2,
Khilkhet, Dhaka 1229

Dear Sir,

Business Feasibility Report on The Muslin.

This refers to our appointment for preparing a business feasibility on The Muslin, a luxury quality brand resort of Best Holdings Limited.

We have prepared the feasibility report using the financial estimation, projections, and assumptions for the project. The feasibility is conducted on the data provided by the management of Best Holdings Limited and we have checked the reasonableness and fairness of those information, subject to some limitations and assumptions mentioned in our report, and prepared the forecasted financial statements and along financial modeling indicators.

We report that the calculated Net Present Value (NPV) of the project is positive indicating that the project is feasible. The IRR is also much above the current bank lending rate and calculated Payback Period of the project shows the repayment capability of project. The project cost and key information of feasibility is depicted below:

	Amount in BDT
Cost of the Project	15,869.16 Mn
IPO Proceeds and BHL Own Financing	7,557.89 Mn
Total Debt of the Project (including IDCP)	8,331.26 Mn
Internal Rate of Return	14.71%
Net Present Value (@ 13%)	1,176.83 Mn
Payback period of the projects	5 Years 4 Months

The business feasibility has been carried out with the fundamental principles of ethical conduct integrity, objectivity, competence, confidentiality, and professional behavior.

Thanking you.
Yours sincerely,

Sd/-
Jahidur Rahman, FCA
Partner

Means of financing

- The project is to be financed by 52% of equity and 48% of debt.
- The project will be financed by Owned source and IPO proceeds Tk. 7,557.89 million and debt Tk. 8311.26 million.
- The fund will be utilized for a period of 3 years for the construction of the project.

Financial Analysis

Profitability and Return on Investment

Luxury collection will be experiencing a 5% growth in earning forecast over the successive years. The hotel will generate revenue of USD\$ 18,364,902 on its first year of operation, at only 40% of the capacity utilization, which will increase over the years as the capacity utilization increases. Furthermore, if we consider the financial side the sales growth will be 31.25% in the 2nd year of operation which, however, will be at a steady rate between 13%-16% on the following years.

Gross profit margin is expected to rise as the capacity utilization will increase shown in the table below. As the hotel continues its business, it is expected the hotel will become more recognized by the consumers, therefore, recognition also plays a major role in supporting the rise of GP margin.

Key operating ratios	Year 1	Year 2	Year 3	Year 4	Year 5
Gross Margin	48%	55%	58%	61%	64%
Operating Margin	22%	36%	43%	47%	51%
Net Margin	21%	34%	11%	20%	28%
Return on Equity	5%	10%	3%	7%	10%
Return on Paid-up Capital	5%	10%	4%	8%	13%
Return on Assets	2%	5%	2%	3%	5%
Admin. & Selling Exp. to Sales	22%	17%	15%	14%	12%

From the table above it can be observed that the operating margin has been increasing in the consecutive years one of such reason is the operating expenses is increasing at a declining rate, thus, the operating profit shows an upward growth. On addition the hotel business will have a surplus of cash on which it will receive an income at a rate of 5% from second year of operation.

Return on Equity (ROE) and Return on Asset (ROA) is observed to experience a growth in the following years due to the increase in earnings. This increase in earnings have resulted due to increase in the capacity utilization and other reasons as mentioned above. However, Return on Equity (ROE) is seen to fall in the 3rd year (from 10% in 2nd year to 3% in 3rd year) as the interest expense on the term loan will be charged from the 3rd year.

The effect of the interest expense is also seen on Return on Asset-(ROA) (from 5% in 2nd year to 2% in 3rd year) and Return on Paid-up capital in the 3rd year (from 10% in 2nd year to 4% in 3rd year). ROA is lower compared to ROE because ROA considers both fixed and current assets whereas ROE considers only shareholders equity.

Earnings before Interest & tax is sufficient to service financial expenses and principal repayment as depicted in the following table. Over the year the financial health is expected to be strong to meet up all external obligations and financial charge.

Particulars	Year 1	Year 2	Year 3	Year 4	Year 5
Leverage Ratio	1.15	1.15	1.04	0.9	0.75
Debt Ratio	0.53	0.53	0.51	0.47	0.43
Interest Coverage Ratio (Times)	0.00	0.00	2.41	2.96	3.65
Debt-Service Coverage Ratio (Times)	0.00	0.00	1.38	1.59	1.80
Stock Turnover Days	34.12	37.12	38.33	39.47	39.88
Debtor Days on Hand	45.00	45.00	45.00	45.00	45.00
Creditor Days on Hand	10.36	11.32	11.70	12.06	12.19

Luxury collection will be receiving a moratorium period of 60 months including the construction period; therefore, the interest coverage ratio and the debt service coverage ratio is nil on the first two years as interest expense will be charged from the 3rd year. Leverage ratio reduces from 1.14 in the 1st year to 0.89 in the 4th year as loan is being repaid by the entity after the end of the moratorium period as well as the earnings are increasing, as per mentioned above. The repayment of loan and increase in earnings have the same impact on Debt ratio which led to a decrease in ration from 0.53 in 1st year to 0.47 in 4th year. Over the years debt outstanding reduces and the retained earnings build up.

Net Present Value

To calculate NPV, free cashflow to firm has been calculated. Net earnings before interest and tax have been adjusted with non-cash expenses i.e., depreciation, changes in working capital and investment in capital expenditure to calculate the free cashflow. All future cashflows has then been discounted at 13% to derive the present value.

Year	EBIT	Depreciation and Amortization	Net cash (receipts)	Discount @13%	Discounted inflow
0			(155,471,246)	1	(155,471,246)
1	4,056,688	9,349,961	13,406,649	0.88	11,864,292
2	8,559,447	9,349,961	17,909,408	0.78	14,025,694
3	12,039,469	9,349,961	12,487,235	0.69	8,654,280
4	15,101,992	9,349,961	16,161,519	0.61	9,912,162
5	18,336,219	9,349,961	20,064,452	0.54	10,890,181
6	24,882,104	6,234,732	20,627,794	0.48	9,907,912

Terminal Value	212,836,655		212,836,655	0.48	102,229,389
					<u>12,008,493</u>

NPV is derived using a discounted rate of 13%, however, the debt financing rate is 9%, such discounting rate is undertaken considering the conservatism approach so that the NPV is not overestimated or overvalued to protect shareholding interest. NPV of all net future cash inflow is USD\$ 12.008 million. That means the investment will be financially feasible for the company. From this perspective company can undertake the project to create economic value and to maximize the shareholders wealth.

Investment Appraisal

The proposed investment in the faucet project has been appraised using Net Present Value method, Payback Period method and Internal Rate of Return (IRR) method. The outcome of all approach is as follows:

Calculation of Internal Rate of Return

Year	EBIT	Dep. and Amortization	Net cash (receipts)	Discount @13%	Discounted inflow	Disc. Cum. Inflow
0			(155,471,246)	1	(155,471,246)	(155,297,519)
1	4,056,688	9,349,961	13,406,649	0.88	11,864,292	(143,433,227)
2	8,559,447	9,349,961	17,909,408	0.78	14,025,694	(129,407,534)
3	12,039,469	9,349,961	12,487,235	0.69	8,654,280	(120,753,253)
4	15,101,992	9,349,961	16,161,519	0.61	9,912,162	(110,841,091)
5	18,336,219	9,349,961	20,064,452	0.54	10,890,181	(99,950,910)
6	24,882,104	6,234,732	20,627,794	0.48	9,907,912	(90,042,998)
Terminal Value	212,836,655		212,836,655	0.48	102,229,389	12,008,493

The internal rate of return (IRR) is a core component of capital budgeting. Businesses use it to determine which discount rate makes the present value of future after-tax cash flows equal to the initial cost of the capital investment.

The IRR for the project stands at 14.71%. If a project is expected to have an IRR greater than the rate used to discount the cash flows, then the project adds value to the business. If the financing cost is less than the rate of potential return, the project adds value. In case of hotel and resort industry, as IRR is greater than the cost of capital 13%, the project would add value for the company. Therefore, the project should be undertaken.

Calculation of Payback Period

Year	EBIT	Dep. and Amortization	Net cash (receipts)	Cum. Inflow	Payback period (Years)
0			(155,471,246)	(155,297,519)	5.32
1	4,056,688	9,349,961	13,406,649	(141,890,869)	
2	8,559,447	9,349,961	17,909,408	(123,981,461)	
3	12,039,469	9,349,961	12,487,235	(111,494,226)	
4	15,101,992	9,349,961	16,161,519	(95,332,706)	
5	18,336,219	9,349,961	20,064,452	(75,268,254)	
6	24,882,104	6,234,732	20,627,794	(54,640,460)	
Terminal Value	212,836,655		212,836,655	157,825,821	

The calculated payback period is 5 years and 4 months. The initial investment is expected to be returned after 5.32 years. After this period the company will start to generate net wealth after covering all the investment that it is expected to incur. So, the company should go with the proposed project.

SWOT analysis

SWOT Analysis is a proven management framework which enables a brand like Hotels & Resorts to benchmark its business & performance as compared to the competitors. Hotels & Resorts is one of the leading brands in the tourism sector. We are discussing the SWOT analysis of The Muslin - The Luxury Collection in the below-given chart-

Strengths	Weaknesses	Opportunities	Threats
a) Strong brand name and reputation	a) Limited land for expansion and development	a) Demand for resorts is continuously rising in Bangladesh	a) Increasing domestic and international competition
b) Well educated and experienced staff	b) Due to the resort's location, some raw materials are unavailable locally which will have to be purchased at a higher price	b) Customers / clients can be easily reached	b) The penalties imposed on this industry are strict
c) Excellent transportation infrastructure			c) Presence of uncontrollable undesirable social effects
d) Unique style and individual character of the resort and services			d) Heavily dependent on tourism, which is vulnerable to terrorism, haze, epidemics, natural disasters, and regional political instabilities
e) High profit margins			e) The number of substitute services is high in Bangladesh
f) Large customer base and geographical outreach			f) Currency devaluation / fluctuation is frequent and may bring a significant effect in economic positions
			g) The penalties imposed on this industry are strict

SECTION XXIII: LOCK IN

(a) Provisions for lock in as per these Rules;

Ordinary shares of the issuer, at the time of according consent to the public issue, shall be subject to lock-in, from the first trading day at the exchange in the following manner:

- (a) Shares held by sponsors, directors and shareholders holding 10% (ten percent) or more, for 03 (three) years;
- (b) In case, any existing sponsor or director of the issuer transfers any share to any person, those transferred shares, for 03 (three) years;
- (c) Shares allotted to any person, before 4 (four) years or more of according consent to the public issue, other than the persons mentioned in clause (a) and (b), for 01 (one) year;
- (d) Shares held by alternative investment funds, for 01 (one) year;
- (e) Shares held by any person, other than the shares mentioned in clause (a), (b), (c) and (d) above, for 02 (two) years:

Provided that ordinary shares converted from any other type of securities shall also be subject to lock-in as mentioned above.

(b) Statement of securities to be locked in for each shareholder along with BO account number, lock-in period and number of securities to be locked-in

SECTION XXIV: MARKETS FOR THE SECURITIES BEING OFFERED

The issuer shall apply to all the relevant exchanges in Bangladesh with 7 (seven) working days from the date of consent accorded by the Commission to issue prospectus.

The issuer will apply at:

Dhaka Stock Exchange Limited

Stock Exchange Building, 9/E, Motijheel C/A, Dhaka 1000

Chittagong Stock Exchange PLC

CSE Building, 1080, Sheikh Mujib Road, Chattogram 4100

Declaration about listing of shares with Stock Exchange(s)

None of the stock exchange(s), if for any reason, grants listing within 30 (thirty) working days from the closure of subscription, any allotment in terms of this prospectus shall be void and the Company shall refund the subscription money within 15 (fifteen) days from the date of refusal for listing by the stock exchanges, or from the date of expiry of the said 30 (thirty) working days, as the case may be.

In case of non-refund of the subscription money within the aforesaid 15 (fifteen) days, the Directors of the Company, in addition to the Issuer Company, shall be collectively and severally liable for refund of the subscription money, with interest at the rate of 2% (two percent) above the bank rate, to the subscribers concerned.

The issue manager, in addition to the Issuer Company, shall ensure due compliance of the above mentioned conditions and shall submit compliance report thereon to the Commission within 07 (seven) days of expiry of the aforesaid 15 (fifteen) days time period allowed for refund of the subscription money.

Trading and Settlement

Trading and settlement regulation of the stock exchanges shall apply in respect of trading and settlement of the shares of the company.

The issue shall be placed in Category “N” with DSE and CSE.

SECTION XXV: DESCRIPTION OF SECURITIES OUTSTANDING OR BEING OFFERED

The Company has issued ordinary shares to the Subscribers to the Memorandum and other shareholders from time to time which has been disclosed in the Section XIII "OWNERSHIP OF THE COMPANY'S SECURITIES".

a) Dividend, Voting, Preemption Rights

The share capital of the company is divided into ordinary shares and is eligible to receive dividend in terms of the relevant provisions of the Companies Act, 1994 and the Articles of Association of the company. All Shareholders shall have the usual voting right in person or by proxy or power of attorney in connection with, among others, selection of Directors and Auditors and other usual General Meeting whether ordinary or extraordinary. On a show of hands every shareholder present and every duly authorized representative of a shareholder present at a General Meeting shall have one vote and on a poll every shareholder present in person or by proxy shall have one vote for every share held by him/her. In case of any additional issue of shares for raising further capital, the existing shareholders shall be entitled in terms of the guidelines issued by BSEC time to time.

b) Conversion and Liquidation Rights

If the Company at any time issues convertible preferences shares or debentures with the consent of BSEC or/and other regulatory authority, such holders of securities shall be entitled to convert such securities into ordinary shares if it is so determined by the Company.

In terms of the provisions of the Companies Act, 1994, Articles of Association of the Company and other relevant rules in force, the shares, if any, of the company are freely transferable. The company shall not charge any fee for registering transfer of bonds. No transfer shall be made to firms, minors or persons of unsound mind.

c) Dividend Policy

1. The profit of the company, subject to any special right relating thereto created or authorized to be created by the Memorandum of Association and subject to the provision of the Articles of Association, shall be divisible among the members in proportion to the capital Paid-up on the shares held by them respectively.
2. The Company in General Meeting may declare dividend to be paid to the members according to their rights and interests in the profits and may fix the time of payment. But no larger dividend shall be declared than is recommended by the Directors, but the Company at its General Meeting may declare a smaller dividend. The declaration of Directors as to the amount of net profit of the company shall be conclusive.
3. No dividend shall be payable except out of profits of the company or any other undistributed profits. Dividend shall not carry interest as against the Company.
4. The Directors may, from time to time, pay the members, such interim dividend, as in their judgment, the financial position of the Company may justify.
5. A transfer of shares shall not pass the right to any dividend declared thereon before the registration of transfer.
6. There is no limitation on payment of dividends to common stockholders.

d) Other Rights of the Shareholders

In terms of provisions of the Companies Act 1994, Articles of Association of the Company and other relevant rules in force, the shares of the Company are transferable. The Company shall not charge any fee, other than Government duties for registering transfer of shares. No transfer shall be made to a minor or person of unsound mind.

The shareholders shall have the right to receive all periodical reports and statements, audited as well as un-audited, published by the company from time to time. The Directors shall present the financial statements as required under the law and International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS). Financial Statements will be prepared in accordance with the International Accounting Standards and International Financial Reporting Standards, consistently applied throughout the subsequent periods and present with the objective of

providing maximum disclosure as per law and International Accounting Standards and International Financial Reporting Standards to the shareholders regarding the financial and operational position of the Company.

In case of any declaration of stock dividend by issue of bonus shares, all shareholders shall be entitled to it, in proportion to their shareholdings, on the date of book closure for the purpose.

The shareholder holding not less than 10% of the issued/fully Paid-up capital of the company shall have the right to requisition Extra-Ordinary General Meeting of the company as provided under Section 84 of the Companies Act, 1994.

SECTION XXVI: FINANCIAL STATEMENTS

(a) Audited Financial Statements of Best Holdings Limited

i. For the year ended June 30, 2023

**Consolidated Financial Statement
For the Year Ended June 30, 2023**

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of **BEST HOLDINGS LIMITED (BHL) AND ITS SUBSIDIARIES.**

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Best Holdings Limited (BHL) and its Subsidiaries (the "Group Company"), which comprise the statement of consolidated and separate financial position as at 30th June 2023, and the consolidated and separate statement of profit and loss and other comprehensive income, consolidated and separate statement of changes in equity and consolidated and separate statement of cash flows for the year then ended and notes to the consolidated and separate financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated and separate financial statements give a true and fair view of the financial position of the Company as at 30th June 2023, and its consolidated and separate statement of profit and loss and other comprehensive income, and consolidated and separate cash flows for the year then ended in accordance with International Financial Reporting Standards (**IFRSs**), the companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with **International Standards on Auditing (ISAs)**. Our responsibilities under those standards are further described in the auditor's responsibilities for the Audit of the consolidated and separate Financial Statements section of our report. We are independent of the Group Company in accordance with the International Ethics Standards Board for Accountants, Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the consolidated and separate financial statements in jurisdiction, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our profession judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statement as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Risk	Our response to the risk
<p>Revenue Recognition</p> <p>Revenue is the most financially significant item in the statement of profit and loss and other comprehensive income. At the year end the company reported gross revenue of Tk. 3,364,686,258.</p> <p>Application of IFRS 15, including selection of transition method involves significant judgment in determining when 'control' of the goods or services underlying the performance obligation is transferred to the customer and the transition method to be applied. As the revenue recognition, due to the significance of the balance to the financial statements as a whole, we regard this as a key audit matter. Under IFRS 15, revenue is recognized when a performance obligation is satisfied by transferring a promised good or service.</p> <p>Revenue (room rent, sales proceeds of food & beverage, income from space rental and agriculture) is recognized at fair value of the consideration received or receivable in the period during which the goods or services are provided. Net Revenue is recognized net of value added tax (VAT), supplementary duty and city tax as well as rebate and discount allowed to customers.</p>	<p>Our procedures included obtaining an understanding of management's revenue recognition process. We tested a sample of transactions to verify whether the revenue was accounted for in accordance with the revenue recognition policy as disclosed in Note- 2.02.27 of the financial statements. In addition, we assessed whether the disclosed revenue accounting policy was in accordance with relevant accounting standards.</p> <p>For the revenue recognized throughout the year, we tested selected key controls, including results reviews by management, for their operating effectiveness and performed procedures to gain sufficient audit evidence on the accuracy of the accounting for customer contracts and related financial statement captions.</p> <p>In addition, we assessed whether the disclosed revenue accounting policy was in accordance with relevant accounting standards.</p> <p>With regard to the implementation of IFRS 15, we verified management's conclusion from assessing different types of contracts and the accuracy of the revised accounting policies in light of the industry specific circumstances and our understanding of the business. We tested the</p>

	<p>appropriateness of the accounting treatment on a sample basis. In addition, we verified the accuracy of IFRS 15 related disclosures.</p> <p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> • Evaluated the design of internal controls relating to recording of efforts incurred and estimation of efforts required to complete the performance obligations. • Obtained an understanding of the various revenue streams and nature of sales contracts entered into by the Company. • We conducted substantive testing of revenue recorded over the year using sampling techniques by examining the relevant supporting documents including sales invoices, bank reconciliation report, bank statement and also, we confirmed selected customers' receivable balances at the financial position date, selected on a sample basis by considering the amount outstanding with those customers. • We specifically put emphasis on those transactions occurring close before or after the financial position date to obtain sufficient evidence over the accuracy of cut-off.
Property, plant & equipment and capital work in progress	
<p>The carrying value of Property plant and equipment amounts to Taka 54,784,372,860 and capital work in progress amounts to Taka 11,022,096,760. This represents a significant amount in the company's statement of financial position as at 30 June 2023.</p> <p>There is a risk of:</p> <ul style="list-style-type: none"> • determining which costs meet the criteria for capitalization; • determining the date on which the assets is recognized to property, plant and equipment and depreciation commences; • the estimation of economic useful lives and residual values assigned to property, plant and equipment. <p>We identified the carrying value of property, plant and equipment as a key audit matter because of the high level of management judgment involved and because of its significance to the financial statements. See note no 3.00 (A) & 4.00 (A) to the financial statements.</p>	<p>Our audit procedures to assess the carrying value of property, plant & equipment and capital work in progress included the following:</p> <p>Our audit procedures included controls testing and substantive procedures covering, in particular of,</p> <ul style="list-style-type: none"> • Assessing the design, implementation and operating effectiveness of key internal controls over the completeness, existence and accuracy of property, plant and equipment and capital work in progress, including the key internal controls over the estimation of useful economic lives and residual values. • Assessing, on a sample basis, costs capitalized during the year by comparing the costs capitalized with the relevant underlying documentation, which included purchase agreements and invoices, and assessing whether the costs capitalized met the relevant criteria for capitalization. • Reconcile on a sample basis the additional capitalized costs for the year to the underlying invoices and supporting documents. • We assessed the company's capitalizations policy for compliance with IAS 16 and tested the expenditure capitalized against the capitalizations policy. • Recalculate the depreciation charge for a sample of assets ensuring that it is being applied consistently and in accordance with IAS 16 Property, Plant & Equipment. • We assessed whether the costs capitalized met the recognition criteria set forth in IAS 23-Borrowing costs, in relation to the capitalization of borrowing costs. • We assessed the adequacy of the disclosures of the financial statements.

Dividend Payment	
<p>The Dividend paid during the year amounts to Taka 303,876,946 (note-15.03). This represents a significant amount in the company's statement of financial position as at 30 June 2023.</p> <p>Only the bank and financial institutions out of total shareholders was paid Dividend during the year that has been paid from the sinking fund (Note- 15.03).</p>	<p>Our audit procedures include:</p> <ul style="list-style-type: none"> • Understanding the Company's Dividend Policy and Procedures, including the criteria used to determine the dividend amount and the process for declaring and distributing dividends. • Reviewing the supporting documents, such as board meeting minutes, dividend declaration documents, and related accounting records. • Assessing that dividend payments are in compliance with legal requirements. • Testing Dividend Distribution to verify that dividend payments were accurately distributed to shareholders. This may involve confirming payments with shareholders and reconciling payment records. During the audit period, we verified that the dividend was only paid to banks and financial institutions among all other shareholders.
Interest Charged on Convertible Secured Bond	
<p>The interest charged on Convertible Secured Bond (Note- 20.01) amounting to BDT 695,412,569. This represents a significant amount in the company's statement of financial position as at 30 June 2023.</p> <p>Interest on Convertible Secured Bond, accumulated this year includes previous two financial years' shortfall interest at current agreed rate as per bank sanction and meeting resolution amongst trustee, investors and issuer.</p>	<p>Our audit procedures include:</p> <ul style="list-style-type: none"> • Understanding the terms of the interest, including the interest rate, payment frequency, calculation method, and any relevant covenants. • Testing interest payments and independently recalculating the interest amounts to ensure their accuracy. Any discrepancies are analyzed. • company's management responds to the audit findings and recommendations, outlining actions taken or planned to address any identified deficiencies. • Checking interest payments were authorized by the appropriate individuals or authorities.
Investment in Subsidiary - Consolidation and Stand-alone	
<p>The company has invested BDT 1,100,000 in Dhamshur Economic Zone Ltd. & 1,480,438,120 in Iconx Hotels Ltd. (Note- 5.03) during the financial year from 01 July 2022 to 30 June 2023. The investment represents major ownership in the subsidiaries. There are intercompany transactions taking place between the two entities. Considering these factors, the overall risk profile of this item was considered high and was considered as a key audit matter.</p>	<p>Our audit procedure:</p> <ul style="list-style-type: none"> • We performed discussion with management to understand their procedure and processes to prepare consolidated financial statements as well as performing reclassification of prior year information. • We reviewed supporting documentation to ensure the subsidiary met the criteria for consolidation and management has applied the appropriate accounting standards. • We reviewed the consolidation procedures performed by the management. We reviewed management's elimination of intercompany balances to ensure accuracy and appropriateness. We also reviewed stand-alone financial numbers used to prepare the consolidation statement to ensure clerical accuracy of consolidated financial statement. • We reviewed management's calculation of Non-Controlling Interest for all financial years presented on the financial position and assumed there was no clerical error and IFRS 10 was applied appropriately. • We reviewed management disclosure and notes to the financial statements to ensure they were accurate and adequate in regards to the requirement of IFRS 10.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the consolidated and separate financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on such work we perform, we conclude that there is a material misstatement of this other information; we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Control

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards (IFRSs), the companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the financial reporting process.

Auditor's responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. This risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosure made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going

concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors report to the related disclosure in the consolidated financial statements or, if such disclosure are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities of business activities within the company to express an opinion on the consolidated and separate financial statements we are responsible for the direction, supervision, and performance of the group audit.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- We draw attention to note No. 2.01.6 being reclassification of financial position as at 30th June 2023. The management has reclassified the last year's Equity Option of Convertible Bond into Convertible Secured Bond (note-20).

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, The Securities and Exchange Rules 2020 and relevant notifications issued by Bangladesh Securities and Exchange Commission, we also report that:

- (a) We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof.
- (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books.
- (c) The consolidated and separate statement of financial position, the consolidated and separate statement of comprehensive income, and the consolidated and separate statement of cash flows dealt with by the report are in agreement with the books of accounts; and
- (d) The expenditure incurred was for the purpose of the Company's business for the year.

1.01 Reporting Entity

Best Holdings Limited ("the Company") was incorporated as a private limited company under the Companies Act 1994 on 31 October 2006 vide incorporation No. C-64333(1824)/2006. The company became a public limited company by shares having its registered office in Bangladesh on 29 June 2020. The company started its business in the year of 2009.

1.02 Registered Office

The registered office of the company is located at 79/A, Airport Road, Nikunja-2, Khilkhet, Dhaka-1229, Bangladesh.

1.03 Corporate Office

The corporate office of the company is located at 49 Kazi Benzir Sarani, Nikunja-2, Khilkhet, Dhaka-1229, Bangladesh.

1.04 Nature of business

Best Holdings Limited has built an unparalleled track record in completing complex projects over its 17 years of business. Well positioned in the travel & tourism sector and in sectors of national interest primed to reap the benefits of Bangladesh's prioritization of investment in infrastructure. The company's impressive portfolio ranges from the construction of numerous large-scale Residential Apartments & Commercial Complex projects to building and managing the most luxurious 5-star hotel destination in Dhaka, Le Méridien and agricultural project consisting of Poultry, Dairy, Fisheries, Plants and Livestock located in Mymensingh and Noakhali .

The hotel business is carried out through a Management Contract dated 27 April 2012 executed between Best Holdings Ltd. ("the Owner") and Starwood Asia Pacific Hotels & Resorts Pte. Ltd. ("the operator"), now Marriott International. The Operator is knowledgeable and experienced in managing and promoting five star hotels and has (and/or its Affiliates have) performed such services throughout the world.

In terms of Management Contract, the operator is entitled to receive base fee, license fee, incentive fees, reservation fee and institutional marketing fee from the owner on account of operation of the Hotel only. In addition, under the contract, the operator is entitled to receive centralized service fees for developing, promoting, operating, maintaining and upgrading the centralized services.

2.0 Basis of preparation and significant accounting policies

2.01 Basis of preparation

2.01.1 Statement of compliance

These financial statements as at and for the year ended 30 June 2023. Financial statements present the financial position and performance of Best Holdings Limited.

These financial statements have been prepared in accordance with International Financial Reporting Standard (IFRS), the Companies Act, 1994, the Securities and Exchange Rules, 2020, relevant guidelines issued by the Bangladesh Securities and Exchange Commission (BSEC), Financial Reporting Act 2015 and other applicable laws in Bangladesh and should be read in conjunction with the financial statements of Best Holdings Limited as at and for the year ended 30 June 2023, the year for which the last full financial statements were prepared.

2.01.2 Regulatory Compliance

The financial Statements have been prepared in compliance with the following laws and regulations;

The Companies Act, 1994

The Securities and Exchange Rules, 2020

The Income Tax Act, 2023

The Income Tax Rules, 1984

The Value Added Tax and Supplementary Duty Act, 2012

The Value Added Tax and Supplementary Duty Rules, 2016

2.01.3 Basis of measurement

These financial statements have been prepared on historical cost basis except for certain assets/liabilities as explained accompanying notes.

2.01.4 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). These financial statements are presented in Bangladeshi Taka ("BDT") which is also the functional currency of the Company. All financial information presented in BDT has been rounded off to the nearest BDT except when otherwise indicated. As a result of these rounding off, in some instances the totals may not match the sum of individual balances.

2.01.5 Use of estimates and judgments

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and assumptions are reviewed on an ongoing basis.

The estimates and underlying assumptions are based on past experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amount recognized in the financial statements are stated in the following notes:

Note 3.00 (A): Depreciation of property, plant and equipment

Note 15.01: Revaluation of Property, plant and equipment

Note 19: Deferred tax liabilities

Note 24: Provision for gratuity

Note 24.01: Provision for income tax

Note 25: Turnover

2.01.6 Prior year adjustment

Reclassification

With reference of Clause#11.02 of Trust deed of BHL Convertible Secure Bond, amounting to tk. 162,50,00,000/- has been transfer to Non-current liability from Equity.

Rearrangement

To facilitate comparison, certain relevant balances pertaining to the previous year have been rearranged or reclassified whenever considered necessary to conform to current year presentation.

- 2.02 Significant accounting policies
- 2.02.1 Directors' responsibility statement
The Board of Directors' takes the responsibility for the preparation and presentation of these financial statements.
- 2.02.2 Date of Authorization

2.02.8 Events after the Reporting Period

In compliance with the requirements of IAS 10: Adjusting Events after the Reporting Period, "Post Balance Events" that provide additional information about the company's position at the balance date are reflected in the financial statements and events after the balance sheet date that are not adjusting events are disclosed in the notes when material.

2.02.9 Basis of consolidation of operations of subsidiaries

These consolidated financial statements comprise the consolidated financial position and the consolidated results of operation of the Company and its subsidiaries (collectively referred as 'Group') on a line by line basis and the interest of non-controlling shareholders is shown separately as a line item of the statement of financial position and statement of profit or loss and other comprehensive income. However, Inter-company transactions have been eliminated where applicable.

2.02.10 Subsidiaries

Subsidiaries are enterprise controlled by the Group. Control exists when the Group has the power to govern the financial and operating policies so as to obtain benefits from its activities. In assessing control, potential voting rights that are presently exercisable are taken into account. The results of operations and total assets and liabilities of subsidiaries are included in the consolidated financial statements on a line by-line basis and the interest of non-controlling shareholders, if any, in the results and net assets of subsidiaries are stated separately. The financial statements of subsidiaries are included in consolidated financial statement of the Group from the date of control achieved until the date of control ceased. Any gain or loss, increase/decrease in non-controlling interest in subsidiaries without a change in control, is recognized as a component of equity. Consolidated Financial statements have been prepared for the year ended 30 June 2023.

Percentage of Holding of Shares on subsidiary companies:

Subsidiary Company	Period	Holding of Share	Percentage of Holdings
Dhamshur Economic Zone Limited	As of 30 June 2023	420,000	51.22%
Iconx Hotels Limited	As of 30 June 2023	5,162,600	51.61%

Dhamshur Economic Zone Limited

Legal Form of the Company

Dhamshur Economic Zone Ltd. is a private limited company by shares having its registered office in Bangladesh. The Company was incorporated under the Companies Act 1994 on 16 November 2017 vide incorporation No. C-141265/2017. The registered office of the company is located at 49, kazi Benzir Sarani Nikunja-2, Khilkhet, Dhaka-1229, Bangladesh.

Nature of Business & Place of business activities

This is a local own company engaged in buying, Selling and Leasing of lands, Buildings, Apartments to establish 100% export oriented Industries & Economic Zone for specially identified industries like Textiles, Ceramics, Tiles, Leather shoes, Electronic & White Goods Industries, Pharmaceuticals, Agro & Food Processing Industries, Sports Wear Etc.

2.02.11 Property, Plant and Equipment

The group applies IAS 16 'Property, Plant & Equipment' for its own assets which are held for current and future use in the business and are expected to be used for more than one year.

Recognition and Measurement

The cost of an item of property, plant and equipment comprises its purchase price, import duty and non-refundable taxes (after deducting trade discount and rebates) and any cost directly attributable to the acquisition of the assets. The cost of self-constructed / installed assets includes the cost of materials, direct labor and any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the intended manner.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of the property, plant and equipment and is recognized under other income/expenses in profit or loss.

Subsequent Costs

Subsequent costs are capitalized only when it is probable that the future economic benefits associated with the costs will flow to the entity and cost can be measured reliably. The carrying amount of the replaced portion is derecognized. The costs of day to day servicing of fixed assets, i.e. repairs and maintenance is charged to profit and loss account as expense when incurred.

Depreciation

No depreciation is charged on land and capital work in progress (CWIP) as the land has unlimited useful life and CWIP has not yet been placed in service.

Depreciation is charged at the rates stated below on all the items of fixed assets on the basis of estimated useful lives as determined in the fixed asset policy of the Company. In all cases depreciation is calculated on the reducing line method. Charging depreciation commences when it's available for use i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management and ceases in the month when the assets are disposed. Revalued Property, plant and equipments are depreciated from the following the year of revaluation.

The annual depreciation rates applicable to different category of assets are:

Capitalization of borrowing costs

As per the requirements of IAS 23 Borrowing Costs, directly attributable borrowing costs are capitalized during construction period for all qualifying assets. The borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are those borrowing costs that would have been avoided if the expenditure on the qualifying asset had not been made. All other borrowing costs are recognized in profit or loss in the period in which they are incurred, if any.

Disposal of Property, Plant and Equipment

An item of property, plant and equipment is removed from the Statement of Financial Position when it is disposed off or when no future economic benefits are expected from its use or disposal. The gain or loss on disposal or retirement of an item of property, plant and equipment (calculated as the difference between the net proceed from disposal and the carrying amount of the item) is recognized in Statement of Profit or Loss.

Revaluation of Property, Plant and Equipment

As per IAS 16, Property, Plant and Equipment paragraph 31, after recognition as an asset, an item of property, plant and equipment whose fair value can be measured reliably shall be carried at a revalued amount and evaluations shall be made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the end of the reporting period.

The group reviews its assets when deemed appropriate considering reasonable interval of years/time. Increases in the carrying amount on revaluation is recognized in other comprehensive income and accumulated in equity in the revaluation reserve unless it reverses a previous revaluation decrease relating to the same asset, which was previously recognized as an expense. In these circumstances the increase is recognized as income to the extent of the previous write-down. Decrease in the carrying amount on revaluation that offset previous increases of the same individual assets are charged against revaluation reserve directly in equity. All other decreases are recognized in statement of profit or loss and other comprehensive income.

In conformity with paragraphs 31 of IAS 16: Property, Plant and Equipment, Land & Buildings of Le Meridien have been made revalued to reflect fair value (prevailing market price) by an independent valuer Hoda Vasi Chowdhury & Co. Chartered Accountants at 05 January 2022 showing value of total assets after revaluation Tk. 42,710,687,158 when carrying amount was Tk. 39,237,903,966, resulting a revaluation surplus Tk. 3,472,783,192. Other Property, Plant and Equipment were kept outside the scope of the revaluation works. These are expected to be realizable at Written Down Value (WDV) as mentioned in the Statement of Financial Position of the company.

As per Bangladesh Bank regulations, the Sinking Fund shall be under the custody and supervision of BSEC approved Trustee the Sentinel Trustee & Custodial Services Limited who shall be independent of the Issuer and Investor-Lender(s).

Details of Sinking Fund has been shown in Note: 5.01 & 13.03.

Investment in Shares

Investment in quoted shares are recorded at fair value and unrealized gain/loss recognized in the Other Comprehensive Income.

Investment in Subsidiaries

In accordance with paragraph 10 of IAS 27: Separate Financial Statements, investments in subsidiaries have been accounted for at cost. Details of holding structure in subsidiaries are as follows:

Name of Subsidiaries	Percentage of Share Holding	Number of Shares
Dhamshur Economic Zone Limited	51.22%	420,000
Iconx Hotels Limited	51.61%	5,162,600

2.02.14 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset to one entity and a financial liability or equity instrument to another entity as per IAS-32.

Financial Assets

Financial assets of the company include cash and cash equivalents, trade receivables and other receivables. The company initially recognizes a financial asset in its Statement of Financial Position when, and only when, the company becomes a party to the contractual provision of the instrument. The company derecognizes a financial asset when, and only when, the contractual rights to the cash flows from the financial asset expire or transfer the contractual rights to receive the cash flows from the financial asset.

Financial Liabilities

Financial liabilities of the company include trade payables and liabilities for expenses. The company initially recognizes a financial liability in its Statement of Financial Position when, and only when, the company becomes a party to the contractual provision of the instrument. The company derecognizes a financial liability from its Statement of Financial Position when, and only when, it is extinguished, that is when the obligation specified in the contract is discharged or cancelled or expires.

2.02.15 Inventories

Inventories represent stock of materials for Le Meridien; Husk, Khail etc. of Bhaluka project and Noakhali project in the ordinary course of business within the company's normal operating cycle which is less than a calendar year.

Net realizable value is based on estimated selling price in the ordinary course of business less any further costs expected to be incurred to make the sale. Costs of inventories include expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. Cost of inventories is determined by using weighted average cost method.

When inventories are consumed, the carrying amount of those inventories is recognized as an expense in the period in which the related revenue is recognized. The amount of any write-down of inventories to net realizable value and all losses of inventories are recognized as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognized as a reduction in the amount of inventories recognized as an expense in the period in which the reversal occurs.

2.02.16 Biological Assets

Agricultural activity: Agricultural activity comprises biological transformation of biological assets for sale, into agricultural produce or into additional biological assets. Agricultural production includes raising livestock & plants e.g. -fish, cow, goat, tree and cultivating rice, vegetables, crops and fruits.

Biological transformation: Biological transformation comprises the processes of growth, degeneration, production and procreation that cause qualitative or quantitative changes in a biological asset. Biological transformation includes living animals e.g.- cow, goat, lamb, Buffalo.

Biological assets are measured on initial recognition and at subsequent reporting dates at fair value less estimated costs to sell, unless fair value cannot be reliably measured.

All costs related to biological assets that are measured at fair value are recognized as expenses when incurred, other than costs to purchase biological assets.

2.02.17 Advance, Deposits & Pre-payments

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads such as property, plant and equipment, inventory or expenses.

Best Holdings Ltd. (BHL) has paid directly to different parties in Bhaluka for purchasing land in favour of Dhamshur Economic Zone Limited (DEZL) in the different financial years. Moreover it is noted that DEZL is a subsidiary of BHL (holding 51.22% Share) and subsequently have significant control over the Board of DEZL. Again, both the parties have signed a mutual agreement to avoid any future complexity and/or disputes, which might arise with regard to their respective rights and obligation thereto. Details calculation are given in Notes: 8.02

Best Holdings Ltd. paid to IconX Services Ltd. as advance against Land in the different financial years. Both the parties have signed an agreement to avoid any future complexity and/or disputes, which might arise with regard to their respective rights and obligation thereto. Both the parties (here the purchaser "BHL" & the seller "ISL") have mutually agreed for purchase land at fair value according to the agreement. Details calculation are given in Notes: 8.02

Deposits are measured at payment value without any adjustment for time value.

2.02.18 Trade & Other Receivable

Trade & Other Receivable is initially recognized at cost which is the fair value of the consideration given in return. After initial recognition it is carried at cost less impairment losses due to uncollectibility of any amount so recognized.

Bad debt expense is used to reflect receivables that a company will be unable to collect. Bad debt is reported on financial statements using the allowance method. Provision for bad debts is made in compliance with the policy of Best Holdings Limited and reported on financial statements in accordance with International Accounting Standard (IAS).

* Details of Trade and Other Receivable have been shown in annexure-B

2.02.19 Cash & Cash Equivalents

Cash and cash equivalents comprise cash in hand and cash at banks that are subject to an insignificant risk of changes in their fair value, and are used by the Company in the management of its short-term commitments.

2.02.20 Share Capital

Paid up share capital represents total amount contributed by the shareholders and bonus shares issued by the Company to the ordinary shareholders. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding up of the Company, ordinary shareholders rank after all other shareholders and creditors and are fully entitled to any residual proceeds of liquidation.

* Details of Share Capital have been shown in Annexure-C

2.02.21 Available for Sales Reserve

Available for Sales Reserve arises from the investment in quoted shares and is recognized at market value.

2.02.23 Income Taxes

Current Tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using the tax rates enacted at the reporting date and any adjustment to tax payable in respect of previous years. Income Tax @ 30% has been provided in the financial statements except fisheries income, poultry & dairy income, dividend income and other exempted income.

Current Tax has been calculated after adjusting the Tax Depreciation. Minimum Tax has been recognized where applicable.

Deferred Tax

Deferred tax has been recognized in accordance with International Accounting Standard (IAS) 12. Deferred tax is provided for temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amount used for taxation purpose. Deferred tax is determined at the effective income tax rate prevailing at the reporting date.

2.02.24 Trade & Other Payable

Trade & Other Payable is stated at cost which approximates the fair value of the consideration to be paid in the future for goods and services rendered. BHL purchases non current assets and other services and products for operating purposes against accounts payable.

* Details Schedule of Trade and Other Payable have been shown in annexure-E

2.02.25 Advance from Different Parties

Advance from Different Parties are included payment receipts from customers and security deposit. Advance receipts from customers which is initially measured at cost. After initial recognition it will be adjusted with the bill. Security deposit was received against rent of commercial space of Le Meridien which will be refunded after end of the contract period.

2.02.26 Provisions

In accordance with the guidelines as prescribed by IAS-37: Provisions, Contingent Liabilities and Contingent Assets, provisions are recognized in the following situations:

- i) when the company has an obligation (legal or constructive) as a result of past events;
- ii) when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation;
- iii) Reliable estimates can be made of the amount of the obligation.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits are required to settle the obligation, the provision is reversed.

2.02.27 Revenue recognition

Revenue from Hospitality Services

Revenue is measured at the fair value of the consideration received or receivable. Revenue comprise sale of rooms, foods, beverages and allied services relating to hotel operations. Revenue is recognized upon rendering of the service providing pervasive evidence of an arrangement exist, tariff/rates are fixed or are determinable and collectability is reasonably certain. Revenue recognized is net of indirect taxes, returns and discounts.

Revenue from rendering services shall be recognized in compliance with the requirements of IFRS 15 'Revenue from Contract with customers.'

Sale of Goods (Agro, Dairy & Fisheries)

When the outcome of a transaction involving sale of goods, revenue associated with the transaction shall be recognized at the end of the reporting period when all the following conditions are satisfied:

- i) The amount of revenue can be measured reliably;
- ii) It is probable that the future economic benefits associated with the transaction will flow to the entity;
- iii) Significant risks and rewards have been transferred to the buyer; and
- iv) The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Revenue from Rental Services

Revenue from the commercial floor rent is recognized on accrual basis. Revenue generated from the commercial floor rent, regular maintenance charges and other service charges are recognized in the statement of profit or loss.

Financial Expenses arises from the interest on bank loan, bond & bank charges except the interest which is capitalized as borrowing cost against qualifying assets.

2.02.29 Unrealized gain/(loss)

Unrealized gain/(loss) is recognized due to difference between the cost and the market price of corresponding investment in shares which have not been sold yet. The unrealized gain or loss arising from change in the fair value of the investments is recognized in other comprehensive income.

2.02.30 Employees' Benefit

The company maintains defined benefit plan for its eligible permanent employees. The eligibility is determined according to the terms and conditions set forth in the respective deeds.

The company has accounted for and disclosed employee benefits in compliance with the provisions of IAS 19: "Employee Benefits".

The cost of employee benefit is charged off as revenue expenditure in the year to which the contributions relate.

The company's employee benefits include Short Term Employee Benefit. Short-term employee benefits include salaries, festival bonuses etc. Obligations for such benefits are measured on an undiscounted basis and are expensed as the related service is provided.

The company operates funds and has made a provision for workers as "Workers' Profit Participation Fund" (WPPF) at 5% of the profit before charging such expense as per Bangladesh Labor Act 2006 (amended in 2013).

Post Employment Benefit Plan:

Provident Fund/ Retirement Plan

The company has a separate provident fund/ Retirement Plan scheme for its eligible employees.

Defined benefit plan (Gratuity scheme)

The company operates an unfunded gratuity scheme, covering all its eligible permanent employees. Provision is made annually on the basis of period of employment and latest basic pay to cover obligation under the scheme in respect of the employees who meet eligibility requirement. No actuarial assessment of the Gratuity provision is made at year-end as no major variation is expected from the recorded amount.

Leave encashment

Leave encashment is allowed to employees if the individuals have accumulated entitled paid leaves which they have not encashed before the expiration of their employment with the company. A liability is recognized for entitled accumulated leaves which are available in the next period.

2.02.31 Foreign Currency Transactions

Transactions in Foreign Currencies are translated into BDT at the rate of exchange ruling on date of transaction in accordance with IAS-21. Monetary assets and liabilities expressed in foreign currencies are translated into BDT at the rate of exchange ruling at the Statement of Financial Position date. Gains or losses resulting from foreign currency transactions are taken to the Statement of Profit or Loss and Other Comprehensive Income.

2.02.32 Statement of Cash Flows

Statement of Cash Flows have been prepared principally in accordance with IAS-7 "Statement of Cash Flows" under direct method. Again the cash flows from the operating activities have been presented under indirect method in Note: 37

2.02.33 Earnings per Share

The company calculates Earnings per Share (EPS) in accordance with IAS-33 "Earnings per Share" which has been shown on the notes to the financial statements.

Basic Earnings

This represents profit or loss at the end of the period attributable to ordinary shareholders of the entity.

Basic Earnings per Share

This has been calculated by dividing profit or loss attributable to ordinary shareholders of the entity by the weighted average number of ordinary shares outstanding during the year.

2.02.34 Diluted Earnings per Share

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares.

2.02.35 Segmental Reporting

As per IFRS-8 "Operating Segments", an operating segment is a component of an entity:

- a) that engages in business activities from which it may earn revenues or incur expenses;
- b) whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance; and
- c) for which discrete financial information is available.

The company has reported separately information about each operating segment in Annex-H

2.02.36 Related Party Disclosure

The company, in the normal course of business, has carried out a number of transactions with other entities that fall within the definition of related party contained in International Accounting Standards 24: Related Party Disclosures. Details of related party transactions have been given in Annex-K.

2.02.37 Risk Exposure

Financial Risk Management

The Company has exposures to the following risks from its use of financial instruments:

- i. Liquidity risk
- ii. Market risk
- iii. Credit risk

The management is responsible for the establishment and oversight of the company's risk management policies that are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Management discloses the exposures to risks and how they arise as well as its objectives, policies and processes for managing the risks and the methods used to measure the risks.

Details of Financial Risk exposure have been given in Annex-J

2.03 General

- i) Figures in the Financial Statements have been rounded off to the nearest Taka.

Best Holdings Limited
Disclosure Regarding Financial Risk Exposure
As at 30 June 2023

Annex-J

Financial risk management

The Company has exposures to the following risks from its use of financial instruments:

- i. Liquidity risk
- ii. Market risk
- iii. Credit risk

The management is responsible for the establishment and oversight of the company's risk management policies that are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Management discloses the exposures to risk and how they arise as well as its objectives, policies and processes for managing the risk and the methods used to measure the risk. The company has exposures to the following risks from its use of financial instruments:

i. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, prepared based on timeline of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date. Moreover, the Company seeks to maintain short term lines of credit with scheduled commercial banks to ensure payment of obligations in the event of insufficient cash to make the required payment. The requirement is determined in advance through cash flow projections and credit lines facilities with banks are negotiated accordingly.

The following are the contractual maturities of financial liabilities of the Company:

Financial Liabilities	As at 30 June 2023			
	Carrying Amount	Contractual Cash Flows	Within 12 Months or Less	Above 12 Months
Trade and other payable including advance from different parties and accruals & provisions except provision for Tax	843,451,898	843,451,898	843,451,898	-

Financial Liabilities	As at 30 June 2022			
	Carrying Amount	Contractual Cash Flows	Within 12 Months or Less	Above 12 Months
Trade and other payable including advance from different parties and accruals & provisions except provision for Tax	768,593,299	768,593,299	768,593,299	-

ii. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

a. Currency risk

The currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate. The Company experiences currency risks on Hotel turnover and purchase of raw material, spare parts, accessories, capital items and royalty fees & others payment . Most of Company's foreign currency purchases are denominated in USD.

The Company's exposures to foreign currency risk are as follows based on notional amounts

Foreign Currency denominated assets	30 June 2023	30 June 2022
Receivable from Customer	2,542,216	8,429,014
Cash and Cash Equivalents	-	-
Foreign Currency denominated Liabilities		
Trade and Other Payable	283,420,261	112,976,541

The company has applied the following significant foreign exchange rates:

Foreign Currency	30 June 2023	30 June 2022
US Dollar	107.50	93.45

b. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

At the reporting date, the financial assets and financial liabilities are as follows:

Financial Instrument	30 June 2023	30 June 2022
Financial Assets		
Long Term Investment-FDR- Note 5.01	324,035,915	613,966,613
Financial Liabilities		
Long Term Loan-Note-18.00 (A)	6,504,134,224	1,588,641,173
Short Term Loan-Note-20.00	569,922,218	173,083,578
Convertible Bond-Note-17.00	8,192,022,407	7,956,705,479

iii. Credit risk:

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The Company has written credit policies with terms and conditions allowed to debtors and the exposure to credit risk is monitored on an ongoing basis to ensure collection within stipulated time. Debtors are categorized according to their risk profile-i.e. frequency of payment, legal status, financial condition etc. Trade and other receivable consist of domestic receivable, foreign receivable and interest receivable.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the Statement of Financial Position.

The maximum exposure to credit risk at the reporting date is as follows:

Particulars	30 June 2023	30 June 2022
Trade receivable	820,722,581	889,637,575
Other Receivable	1,778,829	13,845,389

**Standalone Financial Statements
For the Year Ended June 30, 2023**

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of **BEST HOLDINGS LIMITED (BHL)**.

Report on the Audit of Financial Statements

Opinion

We have audited the financial statements of Best Holdings Limited (BHL), which comprise the statement of financial position as at 30th June 2023, and the Statement of Profit and Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 30th June 2023, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with **International Standards on Auditing (ISAs)**. Our responsibilities under those standards are further described in the auditor's responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the international Ethics Standards Board for Accountants, Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in jurisdiction, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our profession judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statement as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Risk	Our response to the risk
<p>Revenue Recognition</p> <p>Revenue is the most financially significant item in the statement of profit and loss and other comprehensive income. At the year end the company reported gross revenue of Tk. 3,364,686,258.</p> <p>Application of IFRS 15, including selection of transition method involves significant judgment in determining when 'control' of the goods or services underlying the performance obligation is transferred to the customer and the transition method to be applied. As the revenue recognition, due to the significance of the balance to the financial statements as a whole, we regard this as a key audit matter. Under IFRS 15, revenue is recognized when a performance obligation is satisfied by transferring a promised good or service.</p> <p>Revenue (room rent, sales proceeds of food & beverage, income from space rental and agriculture) is recognized at fair value of the consideration received or receivable in the period during which the goods or services are provided. Net Revenue is recognized net of value added tax (VAT), supplementary duty and city tax as well as rebate and discount allowed to customers.</p>	<p>Our procedures included obtaining an understanding of management's revenue recognition process. We tested a sample of transactions to verify whether the revenue was accounted for in accordance with the revenue recognition policy as disclosed in Note- 2.02.25 of the financial statements. In addition, we assessed whether the disclosed revenue accounting policy was in accordance with relevant accounting standards.</p> <p>For the revenue recognized throughout the year, we tested selected key controls, including results reviews by management, for their operating effectiveness and performed procedures to gain sufficient audit evidence on the accuracy of the accounting for customer contracts and related financial statement captions.</p> <p>In addition, we assessed whether the disclosed revenue accounting policy was in accordance with relevant accounting standards.</p> <p>With regard to the implementation of IFRS 15, we verified management's conclusion from assessing different types of contracts and the accuracy of the revised accounting policies in light of the industry specific circumstances and our understanding of the business. We tested the appropriateness of the accounting treatment on a sample basis. In addition, we verified the accuracy of IFRS 15 related disclosures.</p> <p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p>

	<ul style="list-style-type: none"> • Evaluated the design of internal controls relating to recording of efforts incurred and estimation of efforts required to complete the performance obligations. • Obtained an understanding of the various revenue streams and nature of sales contracts entered into by the Company. • We conducted substantive testing of revenue recorded over the year using sampling techniques by examining the relevant supporting documents including sales invoices, bank reconciliation report, bank statement and also, we confirmed selected customers' receivable balances at the financial position date, selected on a sample basis by considering the amount outstanding with those customers. • We specifically put emphasis on those transactions occurring close before or after the financial position date to obtain sufficient evidence over the accuracy of cut-off.
<p>Property, plant & equipment and capital work in progress</p>	
<p>The carrying value of Property plant and equipment amounts to Taka 52,990,500,044 and capital work in progress amounts to Taka 3,324,996,382. This represents a significant amount in the company's statement of financial position as at 30 June 2023.</p> <p>There is a risk of:</p> <ul style="list-style-type: none"> • determining which costs meet the criteria for capitalization; • determining the date on which the assets is recognized to property, plant and equipment and depreciation commences; • the estimation of economic useful lives and residual values assigned to property, plant and equipment. <p>We identified the carrying value of property, plant and equipment as a key audit matter because of the high level of management judgment involved and because of its significance to the financial statements. See note no 3 & 4 to the financial statements.</p>	<p>Our audit procedures to assess the carrying value of property, plant & equipment and capital work in progress included the following:</p> <p>Our audit procedures included controls testing and substantive procedures covering, in particular of,</p> <ul style="list-style-type: none"> • Assessing the design, implementation and operating effectiveness of key internal controls over the completeness, existence and accuracy of property, plant and equipment and capital work in progress, including the key internal controls over the estimation of useful economic lives and residual values. • Assessing, on a sample basis, costs capitalized during the year by comparing the costs capitalized with the relevant underlying documentation, which included purchase agreements and invoices, and assessing whether the costs capitalized met the relevant criteria for capitalization. • Reconcile on a sample basis the additional capitalized costs for the year to the underlying invoices and supporting documents. • We assessed the company's capitalizations policy for compliance with IAS 16 and tested the expenditure capitalized against the capitalizations policy. • Recalculate the depreciation charge for a sample of assets ensuring that it is being applied consistently and in accordance with IAS 16 Property, Plant & Equipment. • We assessed whether the costs capitalized met the recognition criteria set forth in IAS 23-Borrowing costs, in relation to the capitalization of borrowing costs. • We assessed the adequacy of the disclosures of the financial statements.

Dividend Payment	
<p>The Dividend paid during the year amounts to Taka 303,876,946 (note-13.03). This represents a significant amount in the company's statement of financial position as at 30 June 2023.</p> <p>Only the bank and financial institutions out of total shareholders was paid Dividend during the year that has been paid from the sinking fund (Note- 13.03).</p>	<p>Our audit procedures include:</p> <ul style="list-style-type: none"> • Understanding the Company's Dividend Policy and Procedures, including the criteria used to determine the dividend amount and the process for declaring and distributing dividends. • Reviewing the supporting documents, such as board meeting minutes, dividend declaration documents, and related accounting records. • Assessing that dividend payments are in compliance with legal requirements. • Testing Dividend Distribution to verify that dividend payments were accurately distributed to shareholders. This may involve confirming payments with shareholders and reconciling payment records. During the audit period, we verified that the dividend was only paid to banks and financial institutions among all other shareholders.
Interest Charged on Convertible Secured Bond	
<p>The interest charged on Convertible Secured Bond (Note-17.01) amounting to BDT 695,412,569. This represents a significant amount in the company's statement of financial position as at 30 June 2023.</p> <p>Interest on Convertible Secured Bond, accumulated this year includes previous two financial years' shortfall interest at current agreed rate as per bank sanction and meeting resolution amongst trustee, investors and issuer.</p>	<p>Our audit procedures include:</p> <ul style="list-style-type: none"> • Understanding the terms of the interest, including the interest rate, payment frequency, calculation method, and any relevant covenants. • Testing interest payments and independently recalculating the interest amounts to ensure their accuracy. Any discrepancies are analyzed. • company's management responds to the audit findings and recommendations, outlining actions taken or planned to address any identified deficiencies. • Checking interest payments were authorized by the appropriate individuals or authorities.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on such work we perform, we conclude that there is a material misstatement of this other information; we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charge with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRSs), the companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the financial reporting process.

Auditor's responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Paragraph 41(B) of this ISA explains that the shaded material below can be located in an Appendix to the auditor's report. Paragraph 41(C) explains that when law, regulation or national auditing standards expressly permit, reference can be made to a website of an appropriate authority that contains the description on the auditor's responsibilities, rather than including this material in the auditor's report, provided that the description on the website addresses, and is not in consistent with, the description of the auditor's responsibilities below.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. This risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosure made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosure in the financial statements or, if such disclosure are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- We draw attention to note No. 2.01.6 being reclassification of financial position as at 30th June 2023. The management has reclassified the last year's Equity Option of Convertible Bond into Convertible Secured Bond (note-17).

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, The Securities and Exchange Rules 2020 and relevant notifications issued by Bangladesh Securities and Exchange Commission, we also report that:

- (a) We have obtained all the information and explanation which to best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof.
- (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books.
- (c) The Statement of Financial Position, the Statement of Profit and Loss and Other Comprehensive Income and Statement of Cash Flows dealt with by the report are in agreement with the books of accounts; and
- (d) The expenditure incurred was for the purpose of Company's business.

Best Holdings Limited
Notes to the Financial Statements
As at & For the year ended 30 June 2023

1.00 Legal Form of the Company

1.01 Reporting Entity

Best Holdings Limited ("the Company") was incorporated as a private limited company under the Companies Act 1994 on 31 October 2006 vide incorporation No. C-64333(1824)/2006. The company became a public limited company by shares having its registered office in Bangladesh on 29 June 2020. The company started its business in the year of 2009.

1.02 Registered Office

The registered office of the company is located at 79/A, Airport Road, Nikunja-2, Khilkhet, Dhaka-1229, Bangladesh.

1.03 Corporate Office

The corporate office of the company is located at 49 Kazi Benzir Sarani, Nikunja-2, Khilkhet, Dhaka-1229, Bangladesh.

1.04 Nature of business

Best Holdings Limited has built an unparalleled track record in completing complex projects over its 16 years of operation. Well positioned in the travel & tourism sector and in sectors of national interest primed to reap the benefits of Bangladesh's prioritization of investment in infrastructure. The company's impressive portfolio ranges from the construction of numerous large-scale Residential Apartments & Commercial Complex projects to building and managing the most luxurious 5-star hotel destination in Dhaka, Le Méridien and agricultural project consisting of Poultry, Dairy, Fisheries, Plants and Livestock located in Mymensingh and Noakhali .

The hotel business is carried out through a Management Contract dated 27 April 2012 executed between Best Holdings Ltd. ("the Owner") and Starwood Asia Pacific Hotels & Resorts Pte. Ltd. ("the operator"), now Marriott International. The Operator is knowledgeable and experienced in managing and promoting five star hotels and has (and/or its Affiliates have) performed such services throughout the world.

In terms of Management Contract, the operator is entitled to receive base fee, license fee, incentive fees, reservation fee and institutional marketing fee from the owner on account of operation of the Hotel only. In addition, under the contact, the operator is entitled to receive centralized service fees for developing, promoting, operating, maintaining and upgrading the centralized services.

2.0 Basis of preparation and significant accounting policies

2.01 Basis of preparation

2.01.1 Statement of compliance

These financial statements as at and for the year ended 30 June 2023. Financial statements present the financial position and performance of Best Holdings Limited.

These financial statements have been prepared in accordance with International Financial Reporting Standard (IFRS), the Companies Act, 1994, the Securities and Exchange Rules, 2020, relevant guidelines issued by the Bangladesh Securities and Exchange Commission (BSEC), Financial Reporting Act 2015 and other applicable laws in Bangladesh and should be read in conjunction with the financial statements of Best Holdings Limited as at and for the year ended 30 June 2023, the year for which the last full financial statements were prepared.

2.01.2 Regulatory Compliance

The financial Statements have been prepared in compliance with the following laws and regulations;

The Companies Act, 1994

The Securities and Exchange Rules, 2020

The Income Tax Act, 2023

The Income Tax Rules, 1984

The Value Added Tax and Supplementary Duty Act, 2012

The Value Added Tax and Supplementary Duty Rules, 2016

2.01.3 Basis of measurement

These financial statements have been prepared on historical cost basis except for certain assets/liabilities as explained accompanying notes.

2.01.4 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). These financial statements are presented in Bangladeshi Taka ("BDT") which is also the functional currency of the Company. All financial information presented in BDT has been rounded off to the nearest BDT except when otherwise indicated. As a result of these rounding off, in some instances the totals may not match the sum of individual balances.

2.01.5 Use of estimates and judgments

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and assumptions are reviewed on an ongoing basis.

The estimates and underlying assumptions are based on past experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amount recognized in the financial statements are stated in the following notes:

Note 3: Depreciation of property, plant and equipment

Note 13.01: Revaluation of Property, plant and equipment

Note 16: Deferred tax liabilities

Note 21: Provision for gratuity

Note 21.01: Provision for income tax

Note 22: Revenue/Turnover

2.01.6 Prior year adjustment

Reclassification

With reference of Clause#11.02 of Trust deed of BHL Convertible Secure Bond, amounting to tk. 162,50,00,000/- has been transfer to Non-current liability from Equity.

Rearrangement

To facilitate comparison, certain relevant balances pertaining to the previous year have been rearranged or reclassified whenever considered necessary to conform to current year presentation.

2.02 Significant accounting policies

2.02.1 Directors' responsibility statement

The Board of Directors' takes the responsibility for the preparation and presentation of these financial statements.

2.02.2 Date of Authorization

The financial statements were authorized by the Board of Directors on 29 August 2023 for publication.

2.02.3 Reporting Period

The financial statements of the company have been prepared for the year from 01 July 2022 to 30 June 2023.

2.02.4 Components of the financial statements

The financial statements are presented in accordance with guidelines provided by IAS 1 : Presentation of Financial Statements

- a. Statement of Financial Position as at 30 June 2023;
- b. Statement of Profit or Loss and Other Comprehensive Income for the year ended 30 June 2023;
- c. Statement of Changes in Equity for the year ended 30 June 2023;
- d. Statement of Cash Flows for the year ended 30 June 2023;
- e. Notes to the Financial Statements for the year ended 30 June 2023.

2.02.5 Comparative Information

Comparative information has been disclosed in respect of the previous period for all numerical information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current period financial statements. Comparative information has been rearranged wherever considered necessary to conform to the current period's presentation.

2.02.6 Going Concern

The company has adequate resources to continue operation for the foreseeable future. For this reason the directors continue to adopt going concern assumption in preparing the Financial Statements. The current credit facilities and resources of the company provide sufficient fund to meet the present requirements of its existing business.

2.02.7 Compliance with IAS & IFRS

The following IAS have been applied in preparation of the financial statements for the year under review:

IAS 1	Presentation of Financial Statements
IAS 2	Inventories
IAS 7	Statement of Cash Flows
IAS 8	Accounting Policies, Changes in Accounting Estimates and Errors
IAS 12	Income Taxes
IAS 16	Property, Plant and Equipment
IAS 19	Employees Benefits
IAS 21	The Effects of Changes in Foreign Exchange Rates
IAS 23	Borrowing Cost
IAS 24	Related Party Disclosures
IAS 32	Financial Instruments : Presentation

IAS 33	Earnings Per Share
IAS 37	Provisions, Contingent Liabilities and Contingent Assets
IAS 41	Agriculture

The following IFRS is applicable to the financial statements for the period under review;

IFRS 7	Financial Instruments: Disclosures
IFRS 8	Operating Segments
IFRS 9	Financial Instruments
IFRS 13	Fair Value Measurement
IFRS 15	Revenue from Contract with Customers

2.02.8 Events after the Reporting Period

In compliance with the requirements of IAS 10: Adjusting Events after the Reporting Period, "Post Balance Events" that provide additional information about the company's position at the balance date are reflected in the financial statements and events after the balance sheet date that are not adjusting events are disclosed in the notes when material.

2.02.9 Property, Plant and Equipment

The company applies IAS 16 'Property, Plant & Equipment' for its own assets which are held for current and future use in the business and are expected to be used for more than one year.

Recognition and Measurement

The cost of an item of property, plant and equipment comprises its purchase price, import duty and non-refundable taxes (after deducting trade discount and rebates) and any cost directly attributable to the acquisition of the assets. The cost of self-constructed / installed assets includes the cost of materials, direct labor and any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the intended manner.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of the property, plant and equipment and is recognized under other income/expenses in profit or loss.

Subsequent Costs

Subsequent costs are capitalized only when it is probable that the future economic benefits associated with the costs will flow to the entity and cost can be measured reliably. The carrying amount of the replaced portion is derecognized. The costs of day to day servicing of fixed assets, i.e. repairs and maintenance is charged to profit and loss account as expense when incurred.

Depreciation

No depreciation is charged on land and capital work in progress (CWIP) as the land has unlimited useful life and CWIP has not yet been placed in service.

Depreciation is charged at the rates stated below on all the items of fixed assets on the basis of estimated useful lives as determined in the fixed asset policy of the Company. In all cases depreciation is calculated on the reducing line method. Charging depreciation commences when it's available for use i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management and ceases in the month when the assets are disposed. Revalued Property, plant and equipments are depreciated from the following the year of revaluation.

The annual depreciation rates applicable to different category of assets are:

Particulars	Rate
<u>A. Le Meridien Dhaka</u>

Capitalization of borrowing costs

As per the requirements of IAS 23 Borrowing Costs, directly attributable borrowing costs are capitalized during construction period for all qualifying assets. The borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are those borrowing costs that would have been avoided if the expenditure on the qualifying asset had not been made. All other borrowing costs are recognized in profit or loss in the period in which they are incurred, if any.

Disposal of Property, Plant and Equipment

An item of property, plant and equipment is removed from the Statement of Financial Position when it is disposed off or when no future economic benefits are expected from its use or disposal. The gain or loss on disposal or retirement of an item of property, plant and equipment (calculated as the difference between the net proceed from disposal and the carrying amount of the item) is recognized in Statement of Profit or Loss.

Revaluation of Property, Plant and Equipment

As per IAS 16, Property, Plant and Equipment paragraph 31, after recognition as an asset, an item of property, plant and equipment whose fair value can be measured reliably shall be carried at a revalued amount and evaluations shall be made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the end of the reporting period.

The Company reviews its assets when deemed appropriate considering reasonable interval of years/time. Increases in the carrying amount on revaluation is recognized in other comprehensive income and accumulated in equity in the revaluation reserve unless it reverses a previous revaluation decrease relating to the same asset, which was previously recognized as an expense. In these circumstances the increase is recognized as income to the extent of the previous write-down. Decrease in the carrying amount on revaluation that offset previous increases of the same individual assets are charged against revaluation reserve directly in equity. All other decreases are recognized in statement of profit or loss and other comprehensive income.

In conformity with paragraphs 31 of IAS 16: Property, Plant and Equipment, Land & Buildings of Le Meridien have been made revalued to reflect fair value (prevailing market price) by an independent valuer Hoda Vasi Chowdhury & Co. Chartered Accountants at 05 January 2022 showing value of total assets after revaluation Tk. 42,710,687,158 when carrying amount was Tk. 39,237,903,966, resulting a revaluation surplus Tk. 3,472,783,192. Other Property, Plant and Equipment were kept outside the scope of the revaluation works. These are expected to be realizable at Written Down Value (WDV) as mentioned in the Statement of Financial Position of the company.

Earlier, ACNABIN, Chartered Accountants(an independent valuer) was made revaluation of Land & Buildings of Le-Meridien & Le-Meridien commercial at September 22, 2016 resulting a revaluation surplus Tk. 19,085,646,712.

Thereafter, Mahfel Huq & Co. Chartered Accountants (an independent valuer) have only segregated the revalued amount of ACNABIN Chartered Accountants towards 'Land & Land Development' and 'Buildings & Other Civil Construction' of Le Meridien Dhaka & Le Meridien Commercial at September 12, 2019.

Land & Land Developments of Bhaluka Project have been made revalued to reflect fair value (prevailing market price) by an independent valuer Hoda Vasi Chowdhury & Co. Chartered Accountants at 05 January 2022 showing value of assets after revaluation Tk. 6,451,919,029 when carrying amount was same, so no revaluation surplus was arises. Other Property, Plant and Equipment were kept outside the scope of the revaluation works. These are expected to be realizable at Written Down Value (WDV) as mentioned in the Statement of Financial Position of the company.

Earlier, Land & Land Developments of Bhaluka Project have been revalued at September 21, 2017 by an independent valuer ACNABIN, Chartered Accountants to reflect fair value (prevailing market price) resulting a revaluation surplus Tk. 2,432,706,947.

Land & Land Developments of Bashundhara Project have been made revalued to reflect fair value (prevailing market price) by an independent valuer Hoda Vasi Chowdhury & Co. Chartered Accountants at 05 January 2022 showing value of assets after revaluation Tk. 2,867,111,234 when carrying amount was same, so no revaluation surplus was arises. Other Property, Plant and Equipment were kept outside the scope of the revaluation works. These are expected to be realizable at Written Down Value (WDV) as mentioned in the Statement of Financial Position of the company.

Earlier, Land & Land Developments of Bashundhara Project has been revalued at September 21, 2017 by an independent valuer ACNABIN, Chartered Accountants to reflect fair value (prevailing market price) resulting a revaluation surplus Tk. 1,873,057,742.

* Details of Property, Plant and Equipment have been shown in Notes-03

2.02.10 Capital work in progress

Capital work in progress consists of acquisition costs, capital components and related installation cost until the date when the asset is ready to use for its intended purpose. In case of import of components, capital work in progress is recognized when risks and rewards associated with such assets are transferred to the Company.

The management has further started to expansion of Le Meridien Dhaka Hotel, a luxury upper upscale five star hotel. Expansion will increase the capacity of rooms and service area of hotel.

2.02.11 Investments

Investment in FDR

Investments in fixed deposits with banks and financial institutions have been recognized at Fair Value. There are no loan against FDR. Accrued Interest on FDR has been recognized with Other Receivable. Details of investment in FDR are described in Note 5.01

Sinking Fund

In compliance with Bangladesh Bank regulation DOS Circular#03 and #04 (dated May 16th and 26th 2019 respectively) regarding investment by a Bank or Financial Institution in the equity of Best Holdings Limited (BHL), the Company has set-aside an amount equal to 10% of the transaction proceeds in the form of an independent Trustee.

As per Bangladesh Bank regulations, the Sinking Fund shall be under the custody and supervision of BSEC approved Trustee the Sentinel Trustee & Custodial Services Limited who shall be independent of the Issuer and Investor-Lender(s).

Details of Sinking Fund has been shown in Note: 5.01 & 13.03.

Investment in Shares

Investment in quoted shares are recorded at fair value and unrealized gain/loss recognized in the Other Comprehensive Income.

Investment in Subsidiaries

In accordance with paragraph 10 of IAS 27: Separate Financial Statements, investments in subsidiaries have been accounted for at cost. Details of holding structure in subsidiaries are as follows:

Name of Subsidiaries	Percentage of Share Holding	Number of Shares
Dhamshur Economic Zone Limited	51.22%	420,000
Iconx Hotels Limited	51.61%	5,162,600

2.02.12 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset to one entity and a financial liability or equity instrument to another entity as per IAS-32.

Financial Assets

Financial assets of the company include cash and cash equivalents, trade receivables and other receivables. The company initially recognizes a financial asset in its Statement of Financial Position when, and only when, the company becomes a party to the contractual provision of the instrument. The company derecognizes a financial asset when, and only when, the contractual rights to the cash flows from the financial asset expire or transfer the contractual rights to receive the cash flows from the financial asset.

Financial Liabilities

Financial liabilities of the company include trade payables and liabilities for expenses. The company initially recognizes a financial liability in its Statement of Financial Position when, and only when, the company becomes a party to the contractual provision of the instrument. The company derecognizes a financial liability from its Statement of Financial Position when, and only when, it is extinguished, that is when the obligation specified in the contract is discharged or cancelled or expires.

2.02.13 Inventories

Inventories represent stock of materials for Le Meridien; Husk, Khail etc. of Bhaluka project and Noakhali project in the ordinary course of business within the company's normal operating cycle which is less than a calendar year.

Net realizable value is based on estimated selling price in the ordinary course of business less any further costs expected to be incurred to make the sale. Costs of inventories include expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. Cost of inventories is determined by using weighted average cost method.

When inventories are consumed, the carrying amount of those inventories is recognized as an expense in the period in which the related revenue is recognized. The amount of any write-down of inventories to net realizable value and all losses of inventories are recognized as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognized as a reduction in the amount of inventories recognized as an expense in the period in which the reversal occurs.

2.02.14 Biological Assets

Agricultural activity: Agricultural activity comprises biological transformation of biological assets for sale, into agricultural produce or into additional biological assets. Agricultural production includes raising livestock & plants e.g. -fish, cow, goat, tree and cultivating rice, vegetables, crops and fruits.

Biological transformation: Biological transformation comprises the processes of growth, degeneration, production and procreation that cause qualitative or quantitative changes in a biological asset. Biological transformation includes living animals e.g.- cow, goat, lamb, Buffalo.

Biological assets are measured on initial recognition and at subsequent reporting dates at fair value less estimated costs to sell, unless fair value cannot be reliably measured.

All costs related to biological assets that are measured at fair value are recognized as expenses when incurred, other than costs to purchase biological assets.

2.02.15 Advance, Deposits & Pre-payments

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads such as property, plant and equipment, inventory or expenses.

Best Holdings Ltd. (BHL) has paid directly to different parties in Bhaluka for purchasing land in favour of Dhamshur Economic Zone Limited (DEZL) in the different financial years. Moreover it is noted that DEZL is a subsidiary of BHL (holding 50.82% Share) and subsequently have significant control over the Board of DEZL. Again, both the parties have signed a mutual agreement to avoid any future complexity and/or disputes, which might arise with regard to their respective rights and obligation thereto. Details calculation are given in Notes: 8.02

Best Holdings Ltd. paid to IconX Services Ltd. as advance against Land in the different financial years. Both the parties have signed an agreement to avoid any future complexity and/or disputes, which might arise with regard to their respective rights and obligation thereto. Both the parties (here the purchaser "BHL" & the seller "ISL") have mutually agreed for purchase land at fair value according to the agreement. Details calculation are given in Notes: 8.02

Deposits are measured at payment value without any adjustment for time value.

2.02.16 Trade & Other Receivable

Trade & Other Receivable is initially recognized at cost which is the fair value of the consideration given in return. After initial recognition it is carried at cost less impairment losses due to uncollectibility of any amount so recognized.

Bad debt expense is used to reflect receivables that a company will be unable to collect. Bad debt is reported on financial statements using the allowance method. Provision for bad debts is made in compliance with the policy of Best Holdings Limited and reported on financial statements in accordance with International Accounting Standard (IAS).

* Details of Trade and Other Receivable have been shown in annexure-B

2.02.17 Cash & Cash Equivalents

Cash and cash equivalents comprise cash in hand and cash at banks that are subject to an insignificant risk of changes in their fair value, and are used by the Company in the management of its short-term commitments.

2.02.18 Share Capital

Paid up share capital represents total amount contributed by the shareholders and bonus shares issued by the Company to the ordinary shareholders. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding up of the Company, ordinary shareholders rank after all other shareholders and creditors and are fully entitled to any residual proceeds of liquidation.

* Details of Share Capital have been shown in Annexure-C

2.02.19 Available for Sales Reserve

Available for Sales Reserve arises from the investment in quoted shares and is recognized at market value.

2.02.20 Convertible Bond

The amount has been deposited against sanction for investment in BHL 25% convertible secured bond of BDT 650 Crore. Convertible bond is a financial instrument and has been presented and recognized in the financial statements.

2.02.21 Income Taxes

Current Tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using the tax rates enacted at the reporting date and any adjustment to tax payable in respect of previous years. Income Tax @ 30% has been provided in the financial statements except fisheries income, poultry & dairy income, dividend income and other exempted income.

Current Tax has been calculated after adjusting the Tax Depreciation. Minimum Tax has been recognized where applicable.

Deferred Tax

Deferred tax has been recognized in accordance with International Accounting Standard (IAS) 12. Deferred tax is provided for temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amount used for taxation purpose. Deferred tax is determined at the effective income tax rate prevailing at the reporting date.

2.02.22 Trade & Other Payable

Trade & Other Payable is stated at cost which approximates the fair value of the consideration to be paid in the future for goods and services rendered. BHL purchases non current assets and other services and products for operating purposes against accounts payable.

* Details of Trade and Other Payable have been shown in annexure-E

2.02.23 Advance from Different Parties

Advance from Different Parties are included payment receipts from customers and security deposit. Advance receipts from customers which is initially measured at cost. After initial recognition it will be adjusted with the bill. Security deposit was received against rent of commercial space of Le Meridien which will be refunded after end of the contract period.

2.02.24 Provisions

In accordance with the guidelines as prescribed by IAS-37: Provisions, Contingent Liabilities and Contingent Assets, provisions are recognized in the following situations:

- i) when the company has an obligation (legal or constructive) as a result of past events;
- ii) when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation;
- iii) Reliable estimates can be made of the amount of the obligation.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits are required to settle the obligation, the provision is reversed.

2.02.25 Revenue recognition

Revenue from Hospitality Services

Revenue is measured at the fair value of the consideration received or receivable. Revenue comprise sale of rooms, foods, beverages and allied services relating to hotel operations. Revenue is recognized upon rendering of the service providing pervasive evidence of an arrangement exist, tariff/rates are fixed or are determinable and collectability is reasonably certain. Revenue recognized is net of indirect taxes, returns and discounts.

Revenue from rendering services shall be recognized in compliance with the requirements of IFRS 15 'Revenue from Contract with customers.'

Sale of Goods (Agro, Dairy & Fisheries)

When the outcome of a transaction involving sale of goods, revenue associated with the transaction shall be recognized at the end of the reporting period when all the following conditions are satisfied:

- i) The amount of revenue can be measured reliably;
- ii) It is probable that the future economic benefits associated with the transaction will flow to the entity;
- iii) Significant risks and rewards have been transferred to the buyer; and
- iv) The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Revenue from Rental Services

Revenue from the commercial floor rent is recognized on accrual basis. Revenue generated from the commercial floor rent, regular maintenance charges and other service charges are recognized in the statement of profit or loss.

Revenue from Infrastructure Construction, IT & Other Receipts

Revenue and costs from contracts are recognized according to the stage of completion of the contract based on measurement of costs incurred to date as a proportion of total costs of contract when the outcome of the contract can be estimated reliably.

The company maintain its position that all variable sales are legitimate relevant requirements of the VAT Act 2012 have been appropriately followed and deposited to the Government exchequer. Moreover Agro, Dairy & Fisheries sales revenue are VAT Exempted.

2.02.26 Financial Expenses

Financial Expenses arises from the interest on bank loan, bond & bank charges except the interest which is capitalized as borrowing cost against qualifying assets.

2.02.27 Unrealized gain/(loss)

Unrealized gain/(loss) is recognized due to difference between the cost and the market price of corresponding investment in shares which have not been sold yet. The unrealized gain or loss arising from change in the fair value of the investments is recognized in other comprehensive income.

2.02.28 Employees' Benefit

The company maintains defined benefit plan for its eligible permanent employees. The eligibility is determined according to the terms and conditions set forth in the respective deeds.

The company has accounted for and disclosed employee benefits in compliance with the provisions of IAS 19: "Employee Benefits".

The cost of employee benefit is charged off as revenue expenditure in the year to which the contributions relate.

The company's employee benefits include Short Term Employee Benefit. Short-term employee benefits include salaries, festival bonuses etc. Obligations for such benefits are measured on an undiscounted basis and are expensed as the related service is provided.

The company operates funds and has made a provision for workers as "Workers' Profit Participation Fund" (WPPF) at 5% of the profit before charging such expense as per Bangladesh Labor Act 2006 (amended in 2013).

Post Employment Benefit Plan:

Provident Fund/ Retirement Plan

The company has a separate provident fund/ Retirement Plan scheme for its eligible employees.

Defined benefit plan (Gratuity scheme)

The company operates an unfunded gratuity scheme, covering all its eligible permanent employees. Provision is made annually on the basis of period of employment and latest basic pay to cover obligation under the scheme in respect of the employees who meet eligibility requirement. No actuarial assessment of the Gratuity provision is made at year-end as no major variation is expected from the recorded amount.

Leave encashment

Leave encashment is allowed to employees if the individuals have accumulated entitled paid leaves which they have not encashed before the expiration of their employment with the company. A liability is recognized for entitled accumulated leaves which are available in the next period.

2.02.29 Foreign Currency Transactions

Transactions in Foreign Currencies are translated into BDT at the rate of exchange ruling on date of transaction in accordance with IAS-21. Monetary assets and liabilities expressed in foreign currencies are translated into BDT at the rate of exchange ruling at the Statement of Financial Position date. Gains or losses resulting from foreign currency transactions are taken to the Statement of Profit or Loss and Other Comprehensive Income.

2.02.30 Statement of Cash Flows

Statement of Cash Flows have been prepared principally in accordance with IAS-7 "Statement of Cash Flows" under direct method. Again the cash flows from the operating activities have been presented under indirect method in Note: 34

2.02.31 Earnings per Share

The company calculates Earnings per Share (EPS) in accordance with IAS-33 "Earnings per Share" which has been shown on the notes to the financial statements.

Basic Earnings

This represents profit or loss at the end of the period attributable to ordinary shareholders of the entity.

Basic Earnings per Share

This has been calculated by dividing profit or loss attributable to ordinary shareholders of the entity by the weighted average number of ordinary shares outstanding during the year.

2.02.32 Diluted Earnings per Share

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares.

2.02.33 Segmental Reporting

As per IFRS-8 "Operating Segments", an operating segment is a component of an entity:

- a) that engages in business activities from which it may earn revenues or incur expenses;
- b) whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance; and
- c) for which discrete financial information is available.

The company has reported separately information about each operating segment in Annex-H

2.02.34 Related Party Disclosure

The company, in the normal course of business, has carried out a number of transactions with other entities that fall within the definition of related party contained in International Accounting Standards 24: Related Party Disclosures. Details of related party transactions have been given in Annex-K.

2.02.35 Risk Exposure

Financial Risk Management

The Company has exposures to the following risks from its use of financial instruments:

- i. Liquidity risk
- ii. Market risk
- iii. Credit risk

The management is responsible for the establishment and oversight of the company's risk management policies that are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Management discloses the exposures to risks and how they arise as well as its objectives, policies and processes for managing the risks and the methods used to measure the risks.

Details of Financial Risk exposure have been given in Annex-J

2.03 General

- i) Figures in the Financial Statements have been rounded off to the nearest Taka.

Disclosure Regarding Financial Risk Exposure
As at 30 June 2023

Annex-J

Financial risk management

The Company has exposures to the following risks from its use of financial instruments:

- i. Liquidity risk
- ii. Market risk
- iii. Credit risk

The management is responsible for the establishment and oversight of the company's risk management policies that are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Management discloses the exposures to risk and how they arise as well as its objectives, policies and processes for managing the risk and the methods used to measure the risk. The company has exposures to the following risks from its use of financial instruments:

i. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, prepared based on timeline of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date. Moreover, the Company seeks to maintain short term lines of credit with scheduled commercial banks to ensure payment of obligations in the event of insufficient cash to make the required payment. The requirement is determined in advance through cash flow projections and credit lines facilities with banks are negotiated accordingly.

The following are the contractual maturities of financial liabilities of the Company:

Financial Liabilities	As at 30 June 2023			
	Carrying Amount	Contractual Cash Flows	Within 12 Months or Less	Above 12 Months
Trade and other payable including advance from different parties and accruals & provisions except provision for Tax	637,699,129	637,699,129	637,699,129	-

Financial Liabilities	As at 30 June 2022			
	Carrying Amount	Contractual Cash Flows	Within 12 Months or Less	Above 12 Months
Trade and other payable including advance from different parties and accruals & provisions except provision for Tax	620,007,935	620,007,935	620,007,935	-

ii. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

a. Currency risk

The currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate. The Company experiences currency risks on Hotel turnover and purchase of raw material, spare parts, accessories, capital items and royalty fees & others payment . Most of Company's foreign currency purchases are denominated in USD.

The Company's exposures to foreign currency risk are as follows based on notional amounts

Foreign Currency denominated assets	30 June 2023	30 June 2022
Receivable from Customer	2,542,216	8,429,014
Cash and Cash Equivalents	-	-
Foreign Currency denominated Liabilities		
Trade and Other Payable	275,985,485	112,976,541

The company has applied the following significant foreign exchange rates:

Foreign Currency	30 June 2023	30 June 2022
US Dollar	107.50	93.45

b. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

At the reporting date, the financial assets and financial liabilities are as follows:

Financial Instrument	30 June 2023	30 June 2022
Financial Assets		
Long Term Investment-FDR- Note 5.01	324,035,915	613,966,613
Financial Liabilities		
Long Term Loan-Note-15.00	1,783,944,380	1,588,641,173
Short Term Loan-Note-20.00	569,922,218	173,083,578
Convertible Bond-Note-17.00	8,192,022,407	7,956,705,479

iii. Credit risk:

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The Company has written credit policies with terms and conditions allowed to debtors and the exposure to credit risk is monitored on an ongoing basis to ensure collection within stipulated time. Debtors are categorized according to their risk profile-i.e. frequency of payment, legal status, financial condition etc. Trade and other receivable consist of domestic receivable, foreign receivable and interest receivable.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the Statement of Financial Position.

The maximum exposure to credit risk at the reporting date is as follows:

Particulars	30 June 2023	30 June 2022
Trade receivable	820,722,581	889,637,575
Other Receivable	1,778,829	13,845,389

ICONX HOTELS LIMITED

Report of the Board of Directors to the Shareholders

Honorable Shareholders,

It is a great occasion and pleasure to present, on behalf of the Board of Director's report and Auditor's report along with audited financial statements of Iconx Hotels Limited (BHTL) for the year ended 30 June 2023.

Socio Economic Environment:

The socio-economic environment was relatively calm in 2022-2023 and supported the growth of the business. However due to COVID-19 pandemic, relatively all the businesses suffered in FY 2021-22.

Industry Outlook:

Iconx Hotels Limited was incorporated as a private limited company in 2010, with Best Holdings having a 51% equity ownership. The subsidiary is currently constructing Marriott Bhaluka, a 05-star hotel located just 50km from Hazrat Shahjalal International Airport. Marriott Bhaluka is expected to commence its commercial operation in December 2023. The hotel will be another addition to the chain of Marriott International, Inc. USA, a recognized brand in the hospitality industry.

Risks and Concerns

Credit risk

The company has yet to start its commercial operation, so the company is not exposed to credit risk yet.

Liquidity risk

Liquidity risk refers to any company's inability to meet short term financial demand. If the company fails to generate cash from its short-term assets, the company may face difficulties to pay its creditors. The current ratio for the year ended June 30, 2023 is 4.37. So the company is in comfortable position to repay its loan.

Board Meeting Record:

Board Meeting and attendance during the year ended on 30 June 2023:

SL. No.	Name of Director's	Position	Meeting Held	Attended
1	Hasan Ahmad	Chairman	4	4
2	Amin Ahmad	Managing Director	4	4

Rotation of the Directors:

With regard to the appointment, retirement and re-appointment of Directors, the company is governed by its Articles of Association, the Company Act 1994 and other related legislation. The directors of the company are subject to be retired by rotation according to Section 91 and Regulation 79-82 of Schedule I of The Companies Act, 1994.

Key Financial Information:

Particulars	2022-2023	Restated 2021-2022	Restated 2020-2021
Turnover	-	-	-
Profit After Tax	64,396	15,690	29,316
Share Capital	100,026,000	3,100,000	3,100,000
Retained Earnings	109,402	45,006	29,316

Human Resources Development:

In order to improve effectiveness and efficiency of human resources, the company provides formal and informal training to its employee's time to time around the year.

Future Plan:

Marriott Bhaluka is expected to commence its commercial operation in July 2024. The company is working accordingly to meet the expected deadline.

Directors:

According to the AOA of the company, the affairs of the company are being run by 2(Two) Directors.

Auditors:

In accordance with prevailing laws, the current statutory auditor ARTISAN, Chartered Accountants will retire in the next Annual General Meeting. They have carried out the audit for the year 2022-2023 and being eligible as per Companies Act, 1994 have expressed their willingness for reappointment for the year 2023-2024. The Board recommends to re-appoint ARTISAN Chartered Accountants as the statutory auditor of the company for the year ended 30 June 2023 at a remuneration as per the rules of ICAB plus VAT and will continue till conclusion of the next AGM of 2023.

Acknowledgement:

The Board of Directors fully appreciates the efforts and dedication of workers, Staff and Officers of the company for their contribution, sincerity and loyalty in managing the company performance successfully during the period. The Board also recognizes the support and cooperation received from bankers, insurers and government offices and Board of Investments Bangladesh and all other business partners and patrons without which achieving the success of the year would not have been possible.

The Board of Directors also expresses their gratitude to the valued shareholders for their continued support, active cooperation and assistance and, finally, for having trust on the management and board of the company.

Allah Hafez

For and on behalf of the Board of Directors

Report on the Audit of Financial Statements

Opinion

We have audited the financial statements of ICONX HOTELS LIMITED (IHTL), which comprise the statement of financial position as at 30th June 2023, and the Statement of Profit and Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 30th June 2023, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with **International Standards on Auditing (ISAs)**. Our responsibilities under those standards are further described in the auditor's responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the international Ethics Standards Board for Accountants, Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in jurisdiction, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our profession judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statement as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Risk	Our response to the risk
Property, plant & equipment and capital work in progress	
<p>The carrying value of Property plant and equipment amounts to Taka 1,793,872,816 and capital work in progress amounts to Taka 7,697,100,377. This represents a significant amount in the company's statement of financial position as at 30 June 2023.</p> <p>There is a risk of:</p> <ul style="list-style-type: none"> • determining which costs meet the criteria for capitalization; • determining the date on which the assets are recognized to property, plant and equipment and depreciation commences; • the estimation of economic useful lives and residual values assigned to property, plant and equipment. <p>We identified the carrying value of property, plant and equipment as a key audit matter because of the high level of management judgment involved and because of its significance to the financial statements. See note no 3 & 4 to the financial statements.</p>	<p>Our audit procedures to assess the carrying value of property, plant & equipment and capital work in progress included the following:</p> <p>Our audit procedures included controls testing and substantive procedures covering, in particular of,</p> <ul style="list-style-type: none"> • Assessing the design, implementation and operating effectiveness of key internal controls over the completeness, existence and accuracy of property, plant and equipment and capital work in progress, including the key internal controls over the estimation of useful economic lives and residual values. • Assessing, on a sample basis, costs capitalized during the year by comparing the costs capitalized with the relevant underlying documentation, which included purchase agreements and invoices, and assessing whether the costs capitalized met the relevant criteria for capitalization. • Testing the key controls over the management's Judgement in relation to the accounting estimates of the depreciable lives and residual values of property, plant and equipment. • We assessed the company's capitalizations policy for compliance with IAS 16 and tested the expenditure capitalized against the capitalizations policy. • Recalculate the depreciation charge for a sample of assets ensuring that it is being applied consistently and in accordance with IAS 16 Property, Plant & Equipment. • We assessed whether the costs capitalized met the recognition criteria set forth in IAS 23-Borrowing costs, in relation to the capitalization of borrowing costs. • We assessed the adequacy of the disclosures of the financial statements. • Obtain a schedule of all PPE revalued during the year and cast to confirm completeness and accuracy of the revaluation, adjustment and agree to trial balance and financial statements. • Discussion with the management regarding operating effectiveness issues that was identified and communicated with feedback.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on such work we perform, we conclude that there is a material misstatement of this other information; we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charge with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRSs), the companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the financial reporting process.

Auditor's responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. This risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosure made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors report to the related disclosure in the financial statements or, if such disclosure are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, The Securities and Exchange Rules 2020 and relevant notifications issued by Bangladesh Securities and Exchange Commission, we also report that:

- (a) We have obtained all the information and explanation which to best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof.
- (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books.
- (c) The Statement of Financial Position, the Statement of Profit and Loss and Other Comprehensive Income and Statement of Cash Flows dealt with by the report are in agreement with the books of accounts; and
- (d) The expenditure incurred was for the purpose of Company's business.

Information as is required under section 186 of the Companies Act 1994 relating to holding company

1. Directors' Report of Dhamshur Economic Zone Limited
2. Independent Auditor's Report to the Shareholders of Dhamshur Economic Zone Limited
3. Statement of Financial Position as at June 30, 2023
4. Statement of Profit or Loss and Other Comprehensive Income for the year ended June 30, 2023

DHAMSHUR ECONOMIS ZONE LIMITED
Report of the Board of Directors to the Shareholders

Honorable Shareholders,

It is a great occasion and pleasure to present, on behalf of the board of Director's report and auditor's report along with audited financial statements of Dhamshur Economic Zone Limited (DEZL) for the year ended 30 June 2023.

Socio Economic Environment:

The socio-economic environment was relatively calm in 2022-2023 and supported the growth of the business. However due to COVID-19 pandemic, relatively all the businesses suffered in FY 2021-22.

Industry Outlook:

Dhamshur Economic Zone Limited was incorporated in 2017, with the intention of establishing an economic zone in Bhaluka, Mymensingh. Given its proximity to Hazrat Shahjalal International Airport and its prime location near the Dhaka-Mymensingh highway, the company believes this economic zone will be a sought-after commercial epicenter to both local and foreign enterprises. The company is in the process of receiving final approval for this economic zone.

Risks and Concerns

Credit risk

The company has yet to start its commercial operation, so the company is not exposed to credit risk yet.

Liquidity risk

Liquidity risk refers to any company's inability to meet short term financial demand. If the company fails to generate cash from its short-term assets, the company may face difficulties to pay its creditors. The current ratio and quick ratio of (BHTL) for the year ended June 30, 2022 are 1.00 and 1.00 respectively. So the company is in comfortable position to repay its loan.

Board Meeting Record:

Board Meeting and attendance during the year ended on 30 June 2023:

SL. No.	Name of Director's	Position	Meeting Held	Attended
1	Amin Ahmad	Chairman	4	4
2	Afra Anjum	Managing Director	4	4
3	Hasan Ahmad	Director	4	4
4	Ummey Kulsum	Director	4	3

Rotation of the Directors:

With regard to the appointment, retirement and re-appointment of Directors, the company is governed by its Articles of Association, the Company Act 1994 and other related legislation. The directors of the company are subject to be retired by rotation according to Section 91 and Regulation 79-82 of Schedule I of The Companies Act, 1994.

Key Financial Information:

Particulars	2022-2023	2021-2022	2020-2021
Turnover	-	-	-
Profit/ (Loss) After Tax	(2,287,421)	(1,855,953)	(955,833)
Share Capital	8,200,000	6,100,000	6,100,000
Retained Earnings	(7,704,378)	(5,416,957)	(3,561,004)

Human Resources Development:

In order to improve effectiveness and efficiency of human resources, the company provides formal and informal training to its employee's time to time around the year.

Future Plan:

To receive the final approval for this economic zone and to run this zone successfully. We want to contribute in the economy of Bangladesh through this economic zone.

Directors:

According to the AOA of the company, the affairs of the company are being run by 4(four) Directors.

Auditors:

In accordance with prevailing laws, the current statutory auditor ARTISAN, Chartered Accountants will retire in the next Annual General Meeting. They have carried out the audit for the year 2022-2023 and being eligible as per Companies Act, 1994 have expressed their willingness for reappointment for the year 2023-2024. The Board recommends to re-appoint ARTISAN Chartered Accountants as the statutory auditor of the company for the year ended 30 June 2023 at a remuneration as per the rules of ICAB plus VAT and will continue till conclusion of the next AGM of 2023.

Acknowledgement:

The Board of Directors fully appreciates the efforts and dedication of workers, Staff and Officers of the company for their contribution, sincerity and loyalty in managing the company performance successfully during the period. The Board also recognizes the support and cooperation received from bankers, insurers and government offices and Board of Investments Bangladesh and all other business partners and patrons without which achieving the success of the year would not have been possible.

The Board of Directors also expresses their gratitude to the valued shareholders for their continued support, active cooperation and assistance and, finally, for having trust on the management and board of the company.

Allah Hafez

For and on behalf of the Board of Directors

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of **DHAMSHUR ECONOMIC ZONE LTD. (DEZL)**.

Report on the Audit of Financial Statements

Opinion

We have audited the financial statements of Dhamshur Economic Zone Ltd. (DEZL), which comprise the statement of financial position as at 30th June 2023, and the Statement of Profit and Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 30th June 2023, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with **International Standards on Auditing (ISAs)**. Our responsibilities under those standards are further described in the auditor's responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the international Ethics Standards Board for Accountants, Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in jurisdiction, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our profession judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statement as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on such work we perform, we conclude that there is a material misstatement of this other information; we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charge with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRSs), the companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the financial reporting process.

Auditor's responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. This risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosure made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors report to the related disclosure in the financial statements or, if such disclosure are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's

report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, The Securities and Exchange Rules 2020 and relevant notifications issued by Bangladesh Securities and Exchange Commission, we also report that:

- (a) We have obtained all the information and explanation which to best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof.
- (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books.
- (c) The Statement of Financial Position, the Statement of Profit and Loss and Other Comprehensive Income and Statement of Cash Flows dealt with by the report are in agreement with the books of accounts; and
- (d) The expenditure incurred was for the purpose of Company's business.

Note 1: Cells containing (*) refer to those ratios that could not be calculated based on data available to Best Holdings Limited or the listed companies of the travel & leisure sector.

Note 2: As audited financials of June 30, 2023 of all peer companies are not available, Best Holdings took data of June 30, 2022 for comparison.

Note 3: Best Holdings Ltd.'s ratios were calculated using standalone figures from Audited Financial Statements, while industry average ratios were calculated using financial data collected from the Annual Reports of the following publicly traded companies for the corresponding accounting years:

SL	Name of the Company	Accounting Years Considered
1	Bangladesh Services Limited	For the year ended 30 June 2019, 2020, 2021 and 2022
2	The Peninsula Chittagong Limited	
3	Sea Pearl Beach Resort & Spa Limited	
4	Unique Hotel & Resorts Limited	

Analysis:

The industry average has used all the companies that are publicly listed by the Dhaka Stock Exchange. Among them Bangladesh Services Limited (Owner of Intercontinental Dhaka) is not actively traded. Because this industry has substantial amounts of investment that needs to be done over a few years and are susceptible to seasonal revenue fluctuations, it has caused some companies to have extreme values in their ratios.

Liquidity Ratios:

In case of the industry average of both current ratio and quick ratio, we see that while they were higher in pre-pandemic conditions, they have been falling substantially over the years because of the low revenues and increased costs associated with the pandemic. In contrast to that, we see that BHL has increased its current ratio and quick ratio over the years, suggesting a good short-term asset and liability supervision by the management.

Operating Efficiency Ratios:

In case of operating ratios, we see that Best Holdings Limited maintains lower operating ratios because it is still in a growth phase whilst its industry peers have already established itself in the market. Best Holdings Limited has a lower asset turnover ratio than its peers because of a high amount of assets are still work in progress.

Profitability Ratios:

Profitability has been a key issue for the whole travel and leisure industry during the COVID-19 pandemic. Most of the industry peers have had negative net profits during this time which set back the whole industry. But Best Holdings Limited has always maintained a good amount of profitability during this time leading to much better ratios than the industry average from 2018 to 2022.

Solvency Ratios:

Most companies in the travel and leisure sector had to take heavy loans during the pandemic to compensate for the months where no travelers could come to those hotels. This caused the industry average ratios to increase over the years. But we see that solvency ratios of Best Holdings Limited held up well over the years.

Cash Flow Ratios:

Cash flow ratios of Best Holdings Limited were really good compared to the industry average. In industry average, the ratio was negative in the financial year of 2020-21.

(d) Auditor's Report under Section-135 (I), Para 24 (I), of Part-II of Schedule III to The Companies Act, 1994

We have examined the audited Financial Statements of Best Holdings Limited for the year ended 30 June 2018 to 30 June 2022. In pursuance of Section-135(I) of part -II of Schedule -III of the Companies Act, 1994, our report is as under;

1. Best Holdings Limited was incorporated in Bangladesh on 31 October 2006 Vide registration No-C-64333(1824)/2006 under the Companies Act, 1994 as a Private Limited Company.
2. The Statement of Financial position (A), Statement of Operating result (B) and Statement of Cash flows (C) of Best Holdings Limited are as follow:

2023 Surveillance Review

Best Holdings Limited

Major Rating Factors

- | | |
|-----------------------------|---|
| Strengths | <ul style="list-style-type: none">• Achieved double digit revenue growth in last two years with stable profit margins fueled by higher occupancy in the hotel• Low leverage risk due to strong equity base• Strong fixed asset base providing safety for debt holders• The management of the company already has a strong track record in hospitality sector. |
| Challenge/
Risks | <ul style="list-style-type: none">• Project implementation in due time and capacity utilization at the estimated level of ongoing project.• Exchange rate fluctuation and rising prices of construction material could increase the costs of on-going projects adversely affect the NPV of the project• Maintaining quality of service during dollar crisis• Enhanced interest rate risk of the bond |

Rationale Emerging Credit Rating Limited (hereafter referred to as 'ECRL') has affirmed **A+** (pronounced as single A plus) long term credit rating and **ST-2** short term credit rating to Best Holdings Limited (from hereinafter referred to as 'BHL' or "the company"). The outlook of the rating is **Stable**. The ratings are consistent with ECRL's rating methodology for this type of entity. BHL is the owner company of hotel Le Meridian, a 15 storied upper upscale 5 Star Hotel with 304 guest rooms. In addition to providing hospitality services, the company is also engaged with national infrastructure development, agricultural project consisting of dairy farm, fisheries, & livestock's and rental service of commercial space. The rating takes into account the company's trend of operating performance, management experience, strong brand image, scale of business, sound liquidity position, adequate infrastructure facility and prospect of the industry. The rating is based on audited financial statements from FY2020 to FY2023, draft IPO prospectus, draft feasibility reports of The Muslin, A Luxury Collection (an ongoing project of BHL for setup a five-star resort), bank information and other relevant quantitative and qualitative information up to the date of rating.

The affirmed rating reflects the strength of the company which is backed by achievement double digit revenue growth in last two years with stable profit margins fueled by higher occupancy in the hotel, low leverage risk due to strong equity base, strong fixed asset base providing safety for debt holders, and management's strong track record in the hospitality sector. However, ECRL is concerned about the project implementation in due time and capacity utilization at the estimated level of ongoing project, probable increase in costs of on-going projects due to exchange rate fluctuations and rising price of construction materials could have an adverse impact on NPV, and maintaining quality of service during dollar crisis. ECRL is also concerned about the enhanced interest rate risk of the bond.

Due to growing business opportunity as well as success in hotel business, the company has decided to setup a distinctive luxuries five-star resort in Bhaluka, Mymensingh in the name of "The Muslin, A Luxury Collection". The company has also planned to finance the above project by raising funds from capital market through issuing shares, equity and bank finance. The project cost has been estimated to BDT 15,886.18 million in gross or equivalent to USD 162.10 million and 48% of the project will be financed through equity while the remaining will be financed through debt. However, considering the prevailing inflation and rising price of construction materials, ECRL has adjusted the cost of the project by increasing the civil works cost by 10%. The adjusted cost of the project stood at USD 167.92 million. To finance the project's cost, BHL intends to raise BDT 3,500.00 million from the share market through IPO proceeds, whereas ICB Capital Management Limited and Shanta Equity Limited are acting as issue manager. The proceeds from the share issue will be utilized for building and other civil works of the ongoing five-star resort, purchase of local machinery and equipment for the project, repayment of existing bank loan and carrying estimated IPO expenses. The project commenced on February 2021, and till the reviewed date, the projects is about to complete 30%. The project is expected to be completed by December 2025.

The company assumed that the construction of the resort will be completed within thirty-six months after getting the bank finance and the company is expected to utilize 40% of rated capacity in the first year of operation which will gradually increase over the time span of the project. If the company achieves its projected cash flow targets, then the revised NPV of the project is likely to be BDT 5.17 million. Internal Rate of Return of the proposed project has been computed to 13.72% which is higher than the Cost of Capital (13.00%) demonstrating a feasible project for the investment. Pay Back Period of the investment has been estimated to be 5.35 years.

The company's revenue sources include Hotel Le Meridien, agro and fisheries projects in Bhaluka and Noakhali, Le Meridien's commercial unit, infrastructure construction, IT, and other receipts (ICITO). Total revenue grew by 25.18% in FY2023 to BDT 2,992.26 million, primarily driven by revenue derived from Hotel Le Meridien, which made up 76.91% of total revenue. The agro projects had mixed results, with Bhaluka Project revenue decreasing by 13.80% and Noakhali Project revenue increasing by 7.65% in FY2023. With considerable growth in revenue, the profit figures of the company have surged as well. Meanwhile, the profit margins remained fairly stable with marginal increase in gross profit margin and operating margin, and moderate decrease in net profit margin. It is to be noted that, the company has issued a convertible bond for which semi-annual coupon payments should be paid from August 13, 2024. This will increase the finance cost of the company significantly from the respective year and reduce profitability.

Moreover, the efficiency ratios indicate increasing efficiency in operation in controlling operating costs and finance costs in FY2023. However, an unpaid management fee in the previous year was paid in the FY2023 which increased the operator's fees. Though, the liquidity indicators declined from the previous year still shows a strong liquidity position of the company in terms of its current ratios and quick ratios. On the other hand, the CFO of the company stood at BDT 1,827.89 million, up from BDT 1,371.83 million in the previous year which consequently improved the company's ability to pay off financial expenses and debt obligations from the operating cash flows. Meanwhile, the strong equity base of the company has enabled it to sustain a low leverage risk despite significant amount of loans and debt securities.

BHL has two subsidiaries in the name of IconX Hotels Limited and Dhamshur Economic Zone Limited and none of these subsidiaries are generating revenue at this point of time. IconX Hotels Limited has 3 ongoing projects which include the Marriott Hotel, Marriott Commercial Complex, and Marriott Residence. The projects has been completed at 65%, 30% and 20% respectively, and 25% of the work of Dhamshur Economic Zone Limited completed has been completed and is expected to be completed by December 2025. As a result, turnover of BHL and its subsidiaries are showing same as like the turnover of only BHL. However, the consolidated profitability of BHL is slightly lower as compared to the standalone profitability due to additional operating costs incurred by the subsidiaries. The consolidated liquidity position of BHL is slightly stronger as compared to its standalone liquidity. Meanwhile, the consolidated debt to equity position shows slightly higher leveraged capital structure due to loans availed by IHTL for its projects.

BHL has availed credit facilities from multiple financial institutions. The respective financial institutions have sanctioned total credit facilities of BDT 2,669.68 million and BHL has outstanding liability of BDT 2,066.92 million against the limit facilities. Apart from the credit facilities from the financial institutions, BHL has issued a coupon bearing convertible secured bond of BDT 12,000 million in the name of "BHL 25% Convertible Secured Bond" in the year of 2019 to refinance the high cost syndicated loan against Le Meridien. Considering the impact of Covid-19 on tourism industry and the business as well, management of BHL proposed to restructure the principal and semi-annual coupon payment of outstanding amount of the bond with reduction in coupon rate. However, a unanimous decision on the restructuring of the bond is yet to be formed by the investors.

Management of the company is headed by a group of experienced personnel whereas board of directors along with key management team takes decisions regarding financing activities. In addition, BHL has also appointed an advisor to oversee the business prospects and to help in decision making activities.

ECRL views BHL's outlook as **Stable** due to present business setup and goodwill of the company as well as recent move to implement another five-star resort that might increase the overall business performances of the company in future.

A.3.3. About Hotel Operator

The hotel business is carried out through a management contract dated 27 April 2012 executed between Best Holdings Ltd. ("the Owner") and 'Starwood Asia Pacific Hotels & Resorts Pte. Ltd.', now known as Marriott International, Inc. ("the operator"). Marriott International, Inc. is an American multinational company that operates franchises and licenses lodging including hotel, residential and timeshare properties. Marriott is the largest hotel chain in the world by the number of available rooms. It has 30 brands with 8,000 properties containing 1,423,044 rooms in 131 countries and territories. Of these 8,000 properties, 2,149 are operated by Marriott and 5,493 are operated by others pursuant to franchise agreements. The company also operates 20 hotel reservation centers. The operator is knowledgeable and experienced in managing and promoting five star hotels and has (and/or its affiliates have) performed such services throughout the world. In terms of management contract, the operator is entitled to receive base fee, license fee, incentive fees, reservation fee and institutional marketing fee from the owner on account of operation of the hotel only. In addition, under the contact, the operator is entitled to receive centralized service fees for developing, promoting, operating, maintaining and upgrading the centralized services.

A.3.4. About the Brand Le Meridien

Le Meridien is an upscale, design-focused international hotel brand with a European perspective. It was originally founded by Air France in 1972 and was later based in the United Kingdom and Marriott International now owns the chain. As of June 2021, it had a portfolio of 109 open hotels with 29,439 rooms and a pipeline of 37 hotels with 9,585 upcoming rooms. The brand has since been positioned as a premium lifestyle product distinguished by a mid-century modern design aesthetic and destination-centric events and programming.

A.3.5. Operational Efficiency

Revenue of the hotel comes from room rent, food and beverage and some other minor operating department and revenue of the hotel depend on the occupancy rate of the hotel. The occupancy rate shows that Le Meridien faced difficult time during the peak of Covid-19 pandemic time but after the coverage of Covid-19 vaccination introduced in 2021, the situation has gradually improved. In FY2023 the room occupancy improved to 74.42%.

A.4. Agro, Dairy & Fisheries Project

BHL has taken an initiative to grow business in agriculture industry and cultivated and nursing a number of fruits trees and also has a good amount of cultivable land for crops. Except that, the company also owns a good number of cattle farm, fisheries project, dairy farm and the products are sold in the capital and local markets. The company runs two large agro projects in Noakhali and Bhaluka and the company generates revenue from selling of fish, cow, goat, milk, rice, tree and other crops and vegetables. Snapshots of the both projects are given below:

Particulars	Bhaluka Project	Noakhali Project

Vegetables-Lady's Finger, Cowpea, Papaya, Brinjal, Snake Gourd, Wax Gourd, Lau, Pumpkin, Malabar Spinach, Jhinga, Tomato, Cauliflower, Cabbage, Green Banana. Fruits- Coconut, Green Coconut, Betel Nut.
Major/Main Buyers of the products	Local buyers	Local buyers
Workforce employed in the project (Except day labour, only project office staff)	47	54

A.5. Infrastructure Construction

Few years ago, BHL was actively engaged with infrastructure related activities and constructed different bridges on different location of the country. BHL is one of the pioneers in the area of construction sector which has significantly contributing national infrastructure development. BHL has built its own house of expertise in the technology exclusively to meet the complex structures like Extra dozed PC Box Girder Bridge, Pre-Stress Concrete Girder Bridges, RCC Bridges, Culverts, Irrigation Projects, Roads and highways construction development and building of high rise complexes construction, Luxurious property development and other industrial establishments. The company has also completed major earth work, land development, road and highway construction of Chittagong Port Authority, container yards, toll collection and also engaged with operation and maintenance of various bridges in Bangladesh.

A.6. LM Commercial

Le Meridien has been set up in a newly constructed 15 (fifteen) storied RCC building whereas out of the 15 (fifteen) storied RCC building, the hotel facilities are accommodated at demarcated basement floor, ground floor, 8th to 15th Floor and roof/semi-roof thereon. Rest of the building, fifth, sixth and seventh floor of the building is used for commercial purpose. Each floor of the commercial place is occupied around 48,000 sft to 50,000 sft. These floors are used by different corporate houses on rental basis whereas the company receives a good amount of rental income & maintenance charge from the commercial part. Ground floor and basement floor of the building is also used both for commercial purpose as well as for hotel purpose.

A.7. Business Plan

Due to growing business opportunity as well as success in hotel business, the company has decided to setup a distinctive luxury 5-star resort in Bhaluka, Mymensingh in the name of "The Muslin, A Luxury Collection". The company has also planned to finance the above project through capital market, equity and bank finance. The management of the company has decided to raise BDT 3,500.00 million capital through IPO under Book building method from share market.

The proceeds from the share issue will be utilized for building and other civil works of the resort, purchase local machinery and equipment for the project, repayment of bank loan and to bear estimated IPO expenses.

ECRL however views that documented business plan as well as structured fund management policy with the huge fund is yet to be formulated. A brief utilization of IPO proceeds is presented below:

Exhibit 3: Area of utilization of IPO proceeds

Sl.	Details	Estimated Amount (BDT)
1	Building & Other Civil Works of The Luxury Collection	1,760,923,539
2	Local Machinery & Equipment for The Luxury Collection	450,000,000
3	Repayment of Bank Loan	1,156,076,461
4	Estimated IPO Expenses	133,000,000
	Total	3,500,000,000

A.8. Ongoing Project of BHL

A.8.1. The Muslin, A Luxury Collection

BHL is further going to setup a Luxury Collection Resort which would be operated by Marriott International, Inc., a chain hotel of Luxury Hotels International of Hong Kong Limited. The project would be set up in 43 acres' land located at Bhaluka, Mymensingh where little number RCC building would be constructed. Proposed resort would be a six storied modern building would have 221 keys which includes 14 studio king villa, 4 studio queen villa, an executive villa, a LM villa, a presidential villa and 200 premier guest room of first class category. Moreover, the complex would have spa, gym, swimming pool with sundeck, children swimming pool with sundeck, kids club, meeting and conference room with wedding banquet, three meal restaurants, specialist restaurant (floating restaurant with open kitchen concept), bar, artificial sand/rock/gravel beach. Total area would be greenish and mostly surrounded by water body. The area would be bounded by boundary wall and protected from outsiders. BHL has undertaken an agreement with the "Marriott International, Inc. USA" to maintain this resort as an international upscale 5 (five) star resort with its management arrangement. Total cost of the project has been estimated to BDT 15,886.18 million which equivalent to USD 162.10 million includes USD 6.63 million as Interest During Construction Period (IDCP) and initial working capital of USD 3.06 million. The project cost has been proposed to be financed at a Debt: Equity ratio of 52:48. Breakup of the project cost has been plotted below:

Details of Project Cost Financing:					
Items of Cost	Total	Equity in US\$		Bank Loan in US\$	
	Cost US\$	Amount	% of Total	Amount	% of Total
Land & Land Development	36,054,649	36,054,649	100%	-	0

A.9. Subsidiaries of BHL

A.9.1. IconX Hotels Limited

IconX Hotels Limited (IHTL) (Previously known as Best Hotels Limited), is a private limited company incorporated under the Companies Act 1994 on 18 January 2010. The registered office of the company is located at Plot No. 79/A, Commercial Area, Airport Road, Nikunja-2, Khilkhet, Dhaka-1229. The company is engaged in development and civil construction work of commercial and residential buildings in Dhaka as well as other district in Bangladesh and also to carry on the business of standard Hotel, Restaurant, Cafe and Rest house in any name at such place or places in Bangladesh or abroad. The undertaking of the company is to operate a 5 Star Hotel in the name Marriott, Bhaluka. Current on-going project is located in Mawna, Mymensingh. The project is 65% complete and is expected to be completed by June 2024. The hotel business will be carried out through a Management Contract dated 22 June 2021 executed between Best Hotels Ltd. ("the Owner") and Luxury Hotels International Management Co. B.V. Ltd. ("the operator"), a sister concern of Marriott International, Inc. The operator is knowledgeable and experienced in managing and promoting five star hotels and has performed such services throughout the world. In addition, IHTL has two more projects named Marriott Commercial Complex (30% complete) on Mawna, and Marriott Residence (20% complete) on Dhaka Mymensingh Highway. The projects are expected to be completed by

December 2024 and December 2026 respectively. Best Holdings Limited holds 51.61% shares (5,162,600 Nos Share @ Tk. 10 each) of IHTL. IHTL became a subsidiary of Best Holdings Limited in the financial year 2019-2020.

A.9.2. Dhamshur Economic Zone Limited

Dhamshur Economic Zone Ltd. (DEZL) is a private limited company incorporated under the Companies Act 1994 on 16 November 2017 vide incorporation No. C-141265/2017. The registered office of the company is located at 49, Kazi Benzir Sarani Nikunja-2, Khilkhet, Dhaka-1229. This is a local own company engaged in buying, selling and leasing of lands, buildings, apartments to establish 100% export oriented Industries & Economic Zone for specially identified industries like Textiles, Ceramics, Tiles, Leather Shoes, Electronic & White Goods Industries, Pharmaceuticals, Agro & Food Processing Industries, Sports Wear etc. The company holds 51.22% shares (420,000 Nos Share @ Tk. 10 each) of DEZL. DEZL became a subsidiary of Best Holdings Limited in the financial year 2019-2020.

A.10. Sister Concerns

Best Holdings Limited has few sister concerns and individual of them involved with different types of activities. BHL enjoys competitive advantages over the other firms in the industry and help the company in terms of lending and can rely on when a situation of crisis occurs.

B. INDUSTRY ANALYSIS

Tourism is a thriving sector, benefiting both the global and developing economies like Bangladesh. Bangladesh offers diverse attractions, from natural wonders to cultural and historical sites. Visitors can immerse themselves in tribal cultures, wildlife encounters, and various recreational activities. This industry significantly contributes to Bangladesh's GDP growth, creating jobs, reducing poverty, involving local communities, earning foreign currency, and improving economic stability. This research follows a qualitative approach. Bangladesh saw a significant decline in the arrival of tourists from abroad in the aftermath of the pandemic.

According to the Bangladesh Tourism Board (BTB), recent data reveal that the country's tourism industry is exhibiting indications of recovery. When the pandemic was at its peak in 2020, only 1.82 lakh tourists arrived from overseas, signifying a startling 71% decrease from the previous year. The drop continued in 2021, with the number of international tourists falling to approximately 1.35 lakh, a decrease of approximately 26% from the previous year. The situation began to improve last year, when Bangladesh had a phenomenal comeback in international tourists. According to the BTB research, the country will get approximately 5.29 lakh foreign tourists in 2022, representing a considerable year-on-year increase of approximately 292%. This recovery gave people hope.

Bangladesh Economy

Amid the Russia-Ukraine war and the ongoing global recovery from the COVID-19 pandemic, Bangladesh's economy is gaining momentum in its real GDP growth. This progress is the result of a gradual recovery from the economic challenges brought about by the pandemic, with economic activities returning to full swing. However, there have been some challenges. The increased import costs, driven by a potential loss of export demand and the heightened global prices of food, fuel, and commodities due to the war, have led to inflation and an appreciation of the exchange rate. Global inflation has experienced a somewhat turbulent trajectory in 2022. The International Monetary Fund (IMF) has raised its projections for global inflation, primarily due to surges in food and energy prices and persistent imbalances between supply and demand. It is expected to reach 7.2 percent in advanced economies and 9.9 percent in emerging markets and developing economies for the current year. The IMF had previously forecasted a rise in global inflation from 4.7 percent in 2021 to 8.8 percent in 2022, as noted in the World Economic Outlook from October 2022. However, it is anticipated to decrease to 6.5 percent in 2023.

Source: Asian Development Bank

Overall, these figures indicate that Bangladesh experienced strong GDP growth in the years leading up to the COVID-19 pandemic, followed by a temporary slowdown in 2020. However, the economy appeared to rebound in 2021 and 2022. Inflation rates remained relatively stable during this period, with a slight increase in recent years.

Source: World Bank

Overall, FDI as a percentage of GDP in Bangladesh has been following a downward trend. There was a decline in FDI as a share of GDP in 2019 and 2020, followed by stability in 2021 and a further decrease in 2022.

Difficulties faced by Luxury Hotels in FY2023

Due to a lack of import-dependent supplies such as food components, alcoholic beverages, and room amenities, luxury hotels in Bangladesh are struggling to provide excellent services to their foreign and other essential customers. The issue arose as a result of bureaucratic hurdles, government constraints, and a currency crisis. Obtaining foreign-brand liquors can take anywhere from six months to more than a year, as this process involves clearance from several authorities. According to the Bangladesh International Hotel Association, hotels use 1,000-1,200 different types of products connected to their services, with 50%-60% of these products being imported.

The tourist ministry has registered 46 star hotels, the majority of which rely on third-party providers and importers for their daily needs. Suppliers have also had difficulty supplying hotels with basic commodities in recent months, as the opening of letters of credit (LCs) has become more complex. Importers are unable to offer the desired number of products to the hospitality sector due to challenges in opening LCs.

Hoteliers are also suffering from low meat quality since the government has banned the import of frozen meat from India, particularly buffalo meat, in order to protect local cattle producers and domestic livestock. The import policy

requires prior authorization from the Department of Livestock Services for the import of meat, including frozen buffalo (bovine) meat.

Agricultural Sector

Following a downward growth trend, the growth of agriculture sector decreased to 2.20 percent in FY22 from 3.17 percent in FY21. This downfall is mainly due to less production of crops and horticulture; and fishing subsectors. In contrast, the growth of animal farming; and forest and related services subsectors increased notably during the period under review. Among various subsectors, fishing subsector also fell from 4.11 percent in FY21 to 2.08 percent in FY22 which describes almost half of the growth fall this time. As the COVID-related restrictions were withdrawn, the economic recovery was evident during FY22 because of normal environment for all the economic activities in agricultural, manufacturing and services sectors which increased the internal and external demand. The agriculture sector has maintained a broad-based growth momentum on FY 2023 as well by the end of Q3 2023 as reported by the Bangladesh Bureau of Statistics (BBS).

C. BUSINESS RISK ANALYSIS

C.1. Issue Specific Risk

C.1.1. Fund Utilization Risk

In order to meet the partial capital required for civil construction and purchase of machineries for ongoing project (The Muslin, A Luxury Collection) and repayment of its existing bank loan the company is opting of initial public offering for increasing its paid up capital over BDT 3,500.00 million. Around 50.31% of the fund to be raised from IPO will be used in building & other civil works of the resort while 12.86% of the fund will be utilized for purchase of local machinery and equipment for the resort, 33.03% of total fund will be utilized for its existing loan repayment and the remaining 3.80% will be used to meet IPO expenses. This indicates a significant portion fund will be utilized in the resort for civil construction and if the company face difficulty to use the fund on stipulated time, the completion of the project may delay and this might incur additional cost of the project.

C.1.2. Interest rate risk

BHL has requested its investors to restructure the bond i.e. i.e. extension of moratorium by 3 years and validity by 5 years with coupon rate at 7.00% p.a. Among the investors, Mercantile Bank Limited and Investment Corporation of Bangladesh has agreed to the restructuring. All other parties unanimously decided to obtain decision from their respective Boards and bring the very decision in the form of minutes on the bond restructuring as per minutes of the meeting held on January 29, 2023 between the investors, the issuer and the trustee. As per management correspondence, a unanimous decision on the restructuring of the bond is yet to be formed. This increases the exchange rate risk for both the issuer and the investors.

C.1.3. Regulatory Risk

The company is yet to obtain permission from Bangladesh Security Exchange Commission for the IPO. As per management correspondence, the IPO is still under process. If the regulator does not permit, BHL will not be able to proceed the IPO.

C.2. Company Specific Risk

C.2.1. Macro-Economic Impact

C.2.1.1. Inflation

The inflation rate has increased globally which has created a negative impact on the hotels and tourism industry. Due to crisis between Russia and Ukraine the worldwide economic system got affected and the inflation rate hit globally. Due to the increase in price of goods and services, the purchasing habit of the people have changed and for this reason the hotel and tourism sector is losing a certain amount of clients. However, it is also mentionable that luxury hotels and tourist spots targets high class society clients, who maintain a luxury standard and due to this even after having high inflation rate, there will be certain percentage of demand.

On the other hand, the government has revised up the schedule of rates for construction materials, including bricks, bitumen, cement and rods. Since, BHL has several ongoing projects with different stages of completion, the rising prices of the construction materials could lead to significant increase in project costs and adversely impact the viability of the projects.

C.2.1.2. Currency Devaluation

In recent time the price of the local currency is devaluating against US dollar. That may lead to drop down in the local client to take the hotels services mostly food and beverage items but will increase the attraction of foreign tourist. But for the hotel and tourism's point of view it shows that the luxuries international chain hotel set their payment method in USD. The impact of currency devaluation on hotel and tourism industry is positively affected in the sense as the revenue earned from the international client will help to increase foreign reserve for the economy. The management of Le Meridien adjusts the price of their services in response to changes in the exchange rate in order to offset the impact of unfavorable exchange rate volatility on the company's earnings. Moreover, the company is exposing to currency risk as the company has to purchase raw material, spare parts, accessories, capital items and royalty fees and other payments are denominated in USD.

C.2.2. Non-Repayment Risk of Bond

Late payment risk arises from delay in payment of either interest or principal or both by the issuer. BHL raised fund through issuance of 25% convertible secured bond worth of BDT 12,000 million to pay-off high cost syndicated loan against Le Meridien, Dhaka. The non-repayment risk is the risk of loss associated with issuer's inability to fulfill its payment obligation. Although the issuer as plead the investors to restructure the bond to defer the repayment and lower the interest rate, a unanimous decision on the restructuring is yet to be formed. If the investors do not agree to the restructuring, this could give rise to non-repayment risk of the bond. However, the profitability of the company is consistently improving over the years reducing the non-repayment risk.

C.2.3. Seasonal Impact

According to the industry insiders, the hotels and tourism sector's peak season is winter compared to other seasons. And the demand of this sector remain slower in rainy season. Thus September to March is the peak season for hotels and tourism and during this time period room occupancy rate also remain high. So there is a seasonal impact on the business operation as well as income also.

C.2.4. Industry Risk

The performance of the company may be affected due to unavoidable circumstances both in Bangladesh and worldwide, such as war, terrorism, political unrest in the country or customer countries. Changes in global or national policies may also adversely affect the economy in general. The risk due to changes in global or national policies is beyond control of any company. At the same time the industry has become highly competitive with many players present in the locality of Cox's Bazar.

C.2.5. Maintaining Quality Service

As a hotel of standards, Le Meridien Dhaka has to ensure and maintain very high degree of quality in its service. To ensure this, the hotel not only has to develop and implement high quality service guidelines, but also has to employ adequate skilled and qualified personnel capable of providing high quality service. Non-availabilities of materials/equipment/services may affect the smooth operational activities of this type of business. On the other hand, the service equipment (AC, Wi-Fi, Electricity, Generator etc.) may face operational and mechanical failures due to unavoidable reasons, lack of supervision and negligence, leading to severe dissatisfaction to the clients and severe losses for the company. In addition, maintaining consistency in terms of services is the key challenge of this business concern.

Luxury hotels in Bangladesh are struggling due to shortages of imported supplies, including food ingredients and alcoholic beverages. Furthermore, a ban on frozen buffalo meat imports from India is affecting meat quality. This is could impact the ability of BHL to provide good quality services to customers.

C.2.6. Operating Risk

The hotel has to manage its inventories of direct materials, its payables and its receivables in an efficient manner to ensure regular and consistent flow of cash. It also has to ensure proper maintenance of its furniture, decorations, equipment and other properties to maintain its management's good reputation in the market. The service equipment's (AC, Wi-Fi, Electricity, Generator etc.) may face operational and mechanical failures due to unavoidable reasons, lack of supervision and negligence, leading to severe dissatisfaction to the clients and severe losses for the company. Non-availabilities of materials/equipment's/services may affect the smooth operational activities of this type of business. In addition, maintaining consistency in terms of services is the key challenge of this business concern.

C.2.7. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. It is the possibility that an entity will experience losses due to factors that affect the overall performance of investments in the financial markets. The objective of market risk management is to manage and control market risk exposure within acceptable parameters while optimizing the return. BHL is highly exposed to market risk since the company has a good amount of investment in financial market. Moreover, the company has incurred capital loss of BDT 15.00 million on sale of share in the financial year 2022.

C.2.8. Availability of Skilled Professionals

To ensure prominent and world standard service, the resort needs professional personnel. Development of human resources (HR) is yet to gain importance as most of the local hotel owners lack professional approach in operating a hotel service business. Currently, around 30,000 to 40,000 trained, skilled professionals are needed for this sector alone. Without the guidance and training of the staff, it would be difficult to ensure and maintain highest level of quality in its hotel services.

C.2.9. Location Risk

Having a prime location is really important for any businesses. For BHL, since majority of the revenue comes from the Hotel Le Meridien, the location of the hotel is important for its sustainable growth. One of the major advantage of the Hotel is its prime location which is near the Hazrat Shahjalal International airport giving it a competitive edge over the other five star hotels in the city which are quiet away. However, the recently opened elevated expressway has made the travel to other five star hotels in the city quite easier than earlier affecting the competitive edge of the hotel Le Meridien. However, although in the short to medium term, the revenue of the hotel is secure with long term contracts with renowned airlines like Etihad Airways, Emirates Airways etc, in the long run the revenue generation could be at risk if the contracts are not renewed.

D. FINANCIAL RISK ANALYSIS

The rating process was based on qualitative aspects which are based on the company's policies in relation with the operating strategies, financial leverage and ultimate financial goals of the companies. For this purpose of the overall financial risk assessment of the concern, ECRL divided the financial portion into five different criteria which are Profitability Analysis, Liquidity Analysis, Cash flow Analysis, Asset Management, Capital Structure, and overall Financial Flexibility. Detailed analysis is presented below:

D.1. Profitability

Exhibit 4: Selected Indicators: Best Holdings Limited

FYE 30th June	2023	2022	2021	2020
Net Revenue (BDT in Millions)	2,992.26	2,390.35	1,048.13	2,542.26
Revenue Growth (%)	25.18	128.06	(58.77)	(25.15)
COGS (BDT in Millions)	622.06	514.89	332.50	433.52
COGS Growth (%)	20.81	54.86	(23.30)	(13.04)
Gross Profit (BDT in Millions)	2,370.20	1,875.45	715.64	2,108.74
Operating Income (BDT in Millions)	1,332.19	1,038.82	124.37	1,175.77
Non-Operating Income (BDT in Millions)	63.06	123.52	177.57	137.37
Net Profit After Tax (BDT in Millions)	1,144.37	1,017.55	391.90	926.25
Gross Profit Margin (%)	79.21	78.46	68.28	82.95
Operating Profit Margin (%)	44.52	43.46	11.87	46.25
Net Profit Margin (%)	38.24	42.57	37.39	36.43
ROA (%)	1.67	1.53	0.64	1.49
ROE (%)	2.19	1.98	0.80	1.91

FY2020-2023 data obtained from audited financial statements

Revenue of the company is derived from its hospitality service- Hotel Le Meridien, two separate agro and fisheries project located at Bhaluka and Noakhali, commercial unit of Le Meridien as a rental income and maintenance and from infrastructure construction, IT and some other receipts (ICITO). Total revenue of the company grew by 25.18% in FY2023 and stood at BDT 2,992.26 million, up from BDT 2,390.35 million in FY2022. The growth in revenue was mainly facilitated by revenue derived from Hotel Le Meridien which constituted 76.91% of the total revenue in FY2023. Revenue from the hotel surged by 60.79% in FY2023 and stood at BDT 2,587.76 million from BDT 1,609.36 in the preceding year.

During the period, the room occupancy in the hotel increased from 60.98% to 74.42% which significantly improved the room rental income for the company. Moreover, with higher occupancy of guests, revenue from other services in the hotel improved simultaneously as well.

Meanwhile, the agro projects of the company showed mixed performance in FY2023 with revenue from the Bhaluka Project declining by 13.80% and revenue from the Noakhali Project increased by 7.65%. On the other hand, revenue from LM Commercial, and ICITO displayed noticeable decline of 64.37% and 83.87% in FY2023 respectively.

Revenue from Agro Projects

	2023	2022	2021	2020
Revenue from Bhaluka Project (BDT in Million)	258.43	299.80	253.11	322.62
Revenue from Noakhali Project (BDT in Million)	414.05	384.62	243.20	281.69

The gross profit of BHL increased in line with the revenue of the company. Due to the nature of the business the company has a lower direct cost resulting in a higher gross profit margin. In FY2023, cost of sales of the company increased at a lower rate as compared to revenue which led to a slightly higher gross profit margin standing at 79.21% in FY2023 as compared to 78.46% in FY2022. Meanwhile, operating costs of the company increased by 24.07% in FY2023 compared to previous year mainly due to increase in salary costs and management fee for the hotel. Notably, the company was able to generate slightly higher operating profit margin as compared to previous year despite the impact of prevailing inflationary pressure in the operating costs. The company currently bears financial expenses for its long term and short term loans which increased moderately by 8.49% in FY2023. It is to be noted that, the company has issued a convertible bond for which semi-annual coupon payments should be paid from August 13, 2024. This will increase the finance cost of the company significantly from the respective year.

Apart from its main operating activities, BHL generates some non-operating income as well which includes, income from Sinking Fund, Interest income from FDR, Capital gain/loss on sales of securities, exchange gain, fair value gain and dividend income from securities. During the year, income from Sinking Fund fell sharply from BDT 74.59

million to BDT 9.06 million which mainly affected fall in non-operating income by 48.95% in FY2023 from the previous year from BDT 123.52 in FY2022 million to BDT 63.06 million in FY2023. Moreover, the contribution to WPPF and income tax increased during the year as well. Nevertheless, the company was able to generate higher net profit after tax which stood at BDT 1,144.37 million in FY2023 from BDT 1,017.55 million exhibiting a growth of 12.46% year on year. However, the net profit margin shrunk marginally from 42.57% in FY2022 to 38.24% in FY2023. Furthermore, with higher net profit, utilization of assets and equity of the company improved as well.

Figure: Profitability Ratios

Exhibit 5: Selected Indicators: Best Holdings Limited and Its Subsidiaries

FYE 30 th June	2023	2022	2021	2020
Turnover (BDT in Millions)	2,992.26	2,390.35	1,239.55	2,840.07
Net Profit After Tax (BDT in Millions)	1,142.15	1,015.71	411.04	938.16
Gross Profit Margin (%)	79.21	78.46	66.43	82.36
Operating Profit Margin (%)	44.44	43.38	13.46	45.74
Net Income Margin (%)	38.17	42.49	23.51	44.96
ROA (%)	1.56	1.45	0.52	1.21
ROE (%)	2.19	1.98	0.69	1.60

FY2020-2023 data obtained from audited financial statements

BHL has two subsidiaries in the name of IconX Hotels Limited and Dhamshur Economic Zone Limited and none of these subsidiaries are generating revenue at this point of time. IconX Hotels Limited has 3 ongoing projects which includes the Marriott Hotel, Marriott Commercial Complex, and Marriott Residence. The projects are respectively 65%, 30% and 20% complete and 25% works of Dhamshur Economic Zone Limited completed and is expected to be completed by December 2025. As a result, turnover of BHL and its subsidiaries are showing same as like the turnover of only BHL. However, Dhamshur Economic Zone Limited is incurring some operating expenditure which led to see net loss from the DEZL at the end of FY2023 whereas IconX Hotels Limited gained interest income in the FY2023 which lead to see net profit from IHTL in the recent year. The consolidated Net profit after tax stood at BDT 1,142.15 million in FY2023 as opposed to BDT 1,015.71 million in the preceding year. Notably, overall profitability position of BHL (stand-alone) is slightly better than the consolidated profitability position of BHL with its subsidiaries.

D.2. Cost Efficiency

Exhibit 6: Selected Indicators: Best Holdings Limited

FYE 30 th June	2023	2022	2021	2020
Operating cost to Hotel Revenue Ratio (%)*	33.55	38.37	78.74	42.82
Operators Fee to Hotel Revenue (%)	6.95	5.44	3.31	5.65
Finance Cost to Hotel Revenue Ratio (%)**	1.29	1.66	8.64	7.16

FY2019-2023 data obtained from audited financial statements

*While doing the analysis, ECRL considered operating cost of hotel Le Meridian with the revenue from hotel segment after deducting the VAT

****ECRL considered total finance cost of BHL with only the revenue of hotel segment**

The efficiency ratios indicate the improvement in the latest year as reflected by cost efficiency ratio (i.e. total operating cost of the hotel as compared to its revenues) over the analyzed period. Operating cost to revenue ratio displayed a diminishing trend over the last three years, reaching 33.55% in FY2023. Operator's fee/management fee increased significantly in FY2023 which is reflected in the operator's fee to hotel revenue ratio as well. Finance cost to revenue ratio decreased from 1.66% in FY2022 to 1.29% in FY2022 due to higher increase of hotel revenue as compared to finance expense.

D.3. Liquidity Analysis

Exhibit 7: Selected Indicators: Best Holdings Limited

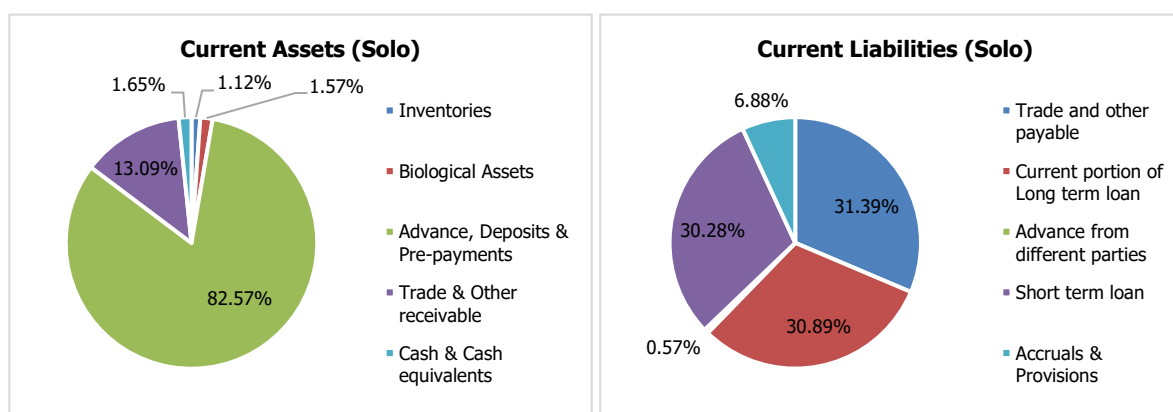

FYE 30 th June	2023	2022	2021	2020
Current Ratio (x)	3.34	5.93	4.15	2.26
Quick Assets Ratio (x)	3.30	5.88	4.09	2.22
Trade Receivables (days)	104	126	270	151
Days Payables (days)	338	361	622	1,931
Inventory Turnover (days)	40	47	84	158
Cash Conversion Cycle (days)	(194)	(188)	(268)	(1,622)

FY2020-2023 data obtained from audited financial statements

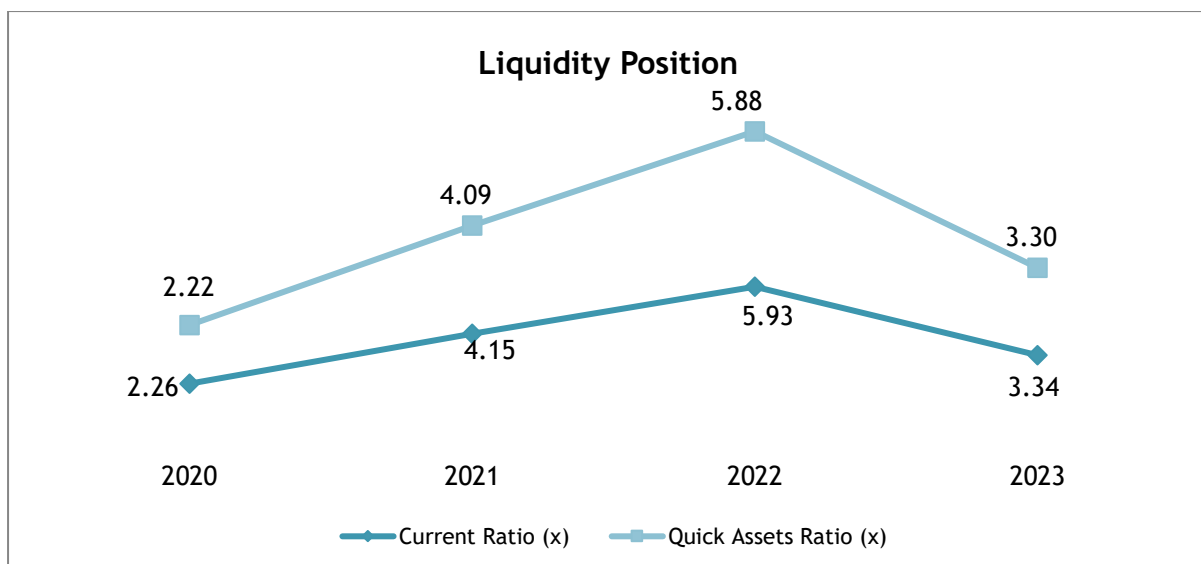

Exhibit 8: Financial Highlights: Best Holdings Limited and Its Subsidiaries

FYE 30 th June	2023	2022	2021	2020
Current Assets (BDT in Millions)	7,182.30	7,959.74	4,588.41	7,055.55
Current Liabilities (BDT in Millions)	2,088.19	1,346.84	1,345.23	2,761.72
Current Ratio (x)	3.44	5.68	3.41	2.55
Quick Assets Ratio (x)	3.41	5.63	3.36	2.52

FY2020-2023 data obtained from audited financial statements

Current assets of the company saw a decline of 11.56% in FY2023 owing to the decline in the major component of the current assets advance deposits and prepayments. On the other hand, due significant increase in both short term and long term loans the current liabilities increased noticeably by 57.10% in FY2023. As a result, the current ratio fell to 3.34 times in FY2023 from 5.93 times in FY2022. Moreover, due to the nature of the business, the liquid assets of the company remains close to its current assets, thus the quick asset ratio followed similar trend as the current ratio during the year. Although, the liquidity indicators of the company have moderately deteriorated in FY2023, the company has adequate liquidity strength to cover its short term obligations.

Since the company gets favorable credit facilities from its suppliers, BHL takes time to pay its suppliers as reflected in the payable period. The company's payable days has significant role in determining the cash conversion period which has decreased to 338 days in the FY2023 from 361 days in the FY2022. It has been observed that the payable days of BHL has gradually decreased over the three two years. Since BHL is a retail service provider that has a good number of corporate clients, most dues are cleared within a short amount of time as well. Receivable days of the company fluctuate on year by year which have decreased to 104 days in the FY2023 from 126 days in the prior financial year. Being a service providing company, the company should enjoy fast cash conversion cycle. The hotel gets instant service revenue for food & beverage, room service and other service items and does not have the need to lock up much of its cash for inventory. Moreover, within a very short interval, its inventory turns into Sales. But overall a high payable day of the company leads to a negative cash conversion cycle in the last financial year as well as prior financial years.

Liquidity position of BHL and Its Subsidiaries in terms of current ratio and quick assets ratio followed similar trend as its standalone performance and stood at 3.44 times and 3.41 times respectively in the FY2023 presenting a good liquidity position retained by the company with its subsidiaries.

D.4. Cash-flow Coverage

Exhibit 9: Selected Indicators: Best Holdings Limited

FYE 30 th June	2023	2022	2021	2020
CFO (BDT in millions)	1,827.89	1,371.83	53.24	2,994.37
CFO Interest Coverage (x)	73.83	60.11	1.37	28.73
CFO Debt Coverage (x)	0.17	0.14	0.01	0.36

FY2020-2023 data obtained from audited financial statements

While analyzing the cash flow of BHL, ECRL found that the company can generate sufficient cash from its operation to meet its debt burden and other liabilities. During FY2023, cash collection from its customer and other parties rose substantially as compared to the payments made to suppliers & other parties which eventually led to a higher cash flow from operating activities. In line with this, the CFO of the company stood at BDT 1,827.89 million, up from

BDT 1,371.83 million in the previous year. Furthermore, the higher growth of CFO improved the CFO debt coverage of the company as well. Nonetheless, CFO debt coverage indicates that CFO covers 17% of the company's total borrowings.

Considering BHL and its subsidiaries together cash flow from operation stood at BDT 1,825.19 million in the FY2023; a notable increase from BDT 1,370.43 million in the previous year.

D.5. Leverage & Capital Structure

Interest Coverage Ratio (x)	56.35	47.99	3.44	11.38
Debt to OPBITDA (x)	7.92	9.36	58.94	7.02
Total Liabilities to Total Assets (x)	0.24	0.23	0.20	0.22

FY2020-2023 data obtained from audited financial statements

Exhibit 11: Financial Highlights: Best Holdings Limited and Its Subsidiaries

FYE 30 th June	2023	2022	2021	2020
Total Assets (BDT in Millions)	73,313.93	70,002.33	78,815.61	77,726.64
Total Equity (BDT in Millions)	52,199.45	51,339.93	61,096.06	60,327.96
Total Liabilities (BDT in Millions)	21,114.47	18,662.41	17,719.55	17,398.67
Debt to Equity (x)	0.29	0.25	0.17	0.16
Total Liabilities to Total Assets (x)	0.29	0.27	0.22	0.22

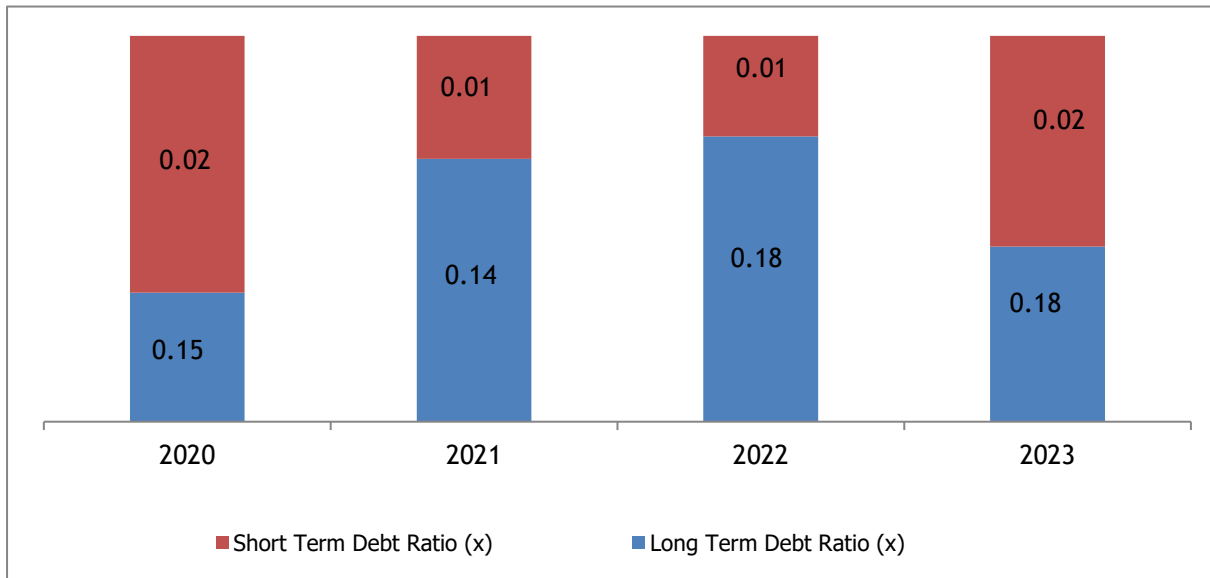

FY2020-2023 data obtained from audited financial statements

The equity base of BHL is gradually broadening with the accumulation of profits year on year. By the end of FY2023, the equity base of the company stood at BDT 52,154.64 million from BDT 51,340.80 in the preceding year, exhibiting a year on year growth of 1.59%. No addition was made in FY2023 in Ordinary shares, or Revaluation reserve of the company, whereas there was some deduction in Sinking Fund and available for sales reserve. On the other hand, the total borrowing of the company including long term and short term borrowing from banks and several NBFIs along with liabilities portion of convertible bond stood at grew by 8.51% in FY2023 and stood at BDT 10,545.89 million, from BDT 9,718.43 million in FY2022. Notably, 11.40% of total borrowings came from long term borrowing from bank and NBFIs whereas 77.68% of total borrowing consist of liabilities option of convertible bond and the rest 10.25% contributed from short term financing and current portion of long term loan depicting that the company has a high level of debt obligation to bond holders.

BHL availed new long term loan and also increased the usage of short term loans in FY2023 as well. This led to the rise in total borrowing of the company in FY2023. However, the resulting debt to equity ratio stood at 0.20 times indicating very low dependency on debt finance by the company. Moreover, the company has good coverage of its interest expenses from its operating profit.

Since the company is running different projects, its asset base is consistently growing with the completion of the projects. In FY2023, the total asset base of the company grew by 2.61% whereas the non-current assets grew by 4.30%. Total asset book of the company was valued at BDT 68,343.15 million in FY2023, up from BDT 66,605.80 million in FY2022 and the non-current assets stood at BDT 62,058.41 million in FY2023, up from BDT 59,499.78 million in the previous year. In addition to PPE and Capital Work-in-progress, the company has investment in FDR, quoted shares and its subsidiaries. Notably, 24% of the total assets in FY2023 were financed by external source of finance indicating that the company has strong asset bases which remain almost stable over the last three years.

High profitability in the last two financial years (FY2023 and FY2022) has enabled the company to have a good coverage of its financial expenses from its operating profit as depicted by the interest coverage ratio.

Considering the BHL and its subsidiaries together, assets base of the company expanded to BDT 73,313.93 million in at the end of FY2023 which was BDT 70,002.34 million in the prior financial year with the progress of projects by IconX Hotels Limited. Meanwhile, the consolidated equity base of the company has enlarged by 1.67% in FY2023. IconX Hotels Limited, subsidiary of BHL has long loan liability total of BDT 4,720.19 million which has been taken to meet the capital requirement for construction of the hotel which increased the debt exposer of the company. However, the consolidated debt to equity ratio still stood at 0.29 times in FY2023 indicating low leverage risk for BHL and its subsidiaries.

E. PROJECT FEASIBILITY ANALYSIS

The financial risk analysis was based on the data taken from the company project profile and certain assumptions taken into consideration by the company and ECRL while calculating the company's income forecasts, cash flow adequacy, net present value (NPV), internal rate of return (IRR), payback period and capital structure.

E.1. Income Forecast

Exhibit 12: Forecasted Income Statement (USD in millions): The Luxury Collection

*Projected data obtained from the project profile.

The following assumptions have been taken into account:

- The economic life of the project has been estimated to be 15 years without major replacement.
- The project will operate for 365 days in a year and in operating day will operate in three shifts.
- Capacity utilization rate has been considered at Y1 40%, Y2 50%, Y3 55%, Y4 60%, Y5 65% and Y6 70%.

- The construction period of the project is 36 (thirty six) months after having the loan disbursed.
- The project is proposing to have long term loan and tenure of the term loan would be 15 years' which will include 60 months' moratorium period for principal as well as interest payment.
- The project will avail five years tax holiday facilities.
- Depreciation will be charged on straight line method.
- Considering the prevailing inflation and higher commodity prices, ECRL has adjusted the direct costs of the project and marked up by 20%.

The project envisages setting up of a resort having facilities of 221 keys which will consist of various types of guest rooms & villas. There would be 200 number of premier room each of 570 sft located at 1st -4th floor and one bay of the Hotel Block. Besides, it would also have 14 numbers of building each of 753 sft studio king villa and 4 number of building each of 753 sft for studio queen villa. It would have a 1,453 sft building for executive villa, a 2,099 sft building for LM villa and a 2,906 sft building for presidential villa. Beside these, the complex would have Spa, Gym, Swimming Pool with sundeck, Children Swimming Pool with sun deck, Kids Club (small scale), Meeting and Conference room with Wedding Banquet, Three Meal Restaurant, Specialist Restaurant (floating restaurant with open kitchen concept), Bar, Artificial Sand Beach. Moreover, it would have other recreational/leisure activities like: Outdoor Sports, Tennis/Squash/ Volleyball, Practice Golf, Horseback Riding, Specialty Shop, Cineplex X2, Disney land (small scale manual rides e.g. benches, slides, like public park facilities, specialty small size zoo), Fishing from Pond, Jogging Track, Karaoke Lounge, Bicycle Ride, Small Scale Water Sports (e.g. paddle boat), Games Room like Billiard Room, X box, Play station, Laundry etc. The project will targeted to attract mainly the foreign and local elite guests who want to stay longer period at comparatively lower cost of equivalent hotel cost.

As it can be seen in the table above, the project will accumulate the designated revenue stream from several sources, naming room rental revenue from premier rooms and villas, income from food, banquet hall & outside catering, income from beverage, income from telecommunications, income from others services like transport, gym, spa, swimming, pool, boating and laundry service etc.

Since the resort will be operated by "Marriott International, Inc. USA", an international renowned chain resort management company, the resort will host a wide range of facilities to provide its visitors. In recent times, family and friends gathering, corporate meeting or day long hangout of corporate office in resorts is a common phenomenon, furthermore to attract a larger crowd; each resort entails a wide range of offers with credit cards services to maximize revenue from this segment. As the popularity of the resort increasing day by day, its occupancy will reach a steady growth, hovering around 70% occupancy on 6th year onwards.

The revenue generated from room revenue, food & beverage revenue, revenue from event, pool & gym revenue, service charge, revenue from cafes and space rental revenue is estimated USD 18.36 million in the first year with 40% capacity utilization at first year which is expected to gradually increase and at the end of sixth year revenue will reach at USD 41.02 million because of increasing occupancy rate and increase in room rates due to inflation. The major direct costs of the project are the cost of maintenance, housekeeping, direct materials for food and beverage and salaries of direct personnel. The shift in revenue as well as raise in capacity utilization is expected leading to a similar movement in COS in all projected years. During the 1st year cost of services will be USD 9.58 million including the cost of all services. Total direct costs of each year have been approximated to be between at 34.19% to 52.17% of the revenue leaving a gross profit margin of 47.83% to 65.81% in the first six year of consideration. Because of the more fixed nature of operating costs, the project's operating profit is expected to grow at a higher rate than the rate of growth in the gross profit. As per project feasibility, the operating profit will be USD 4.06 million in the first year of operation which will gradually improve to USD 24.93 million at the end of sixth year of the project.

As the company will make its term loan installments, its principal balance will decline over time and will also incur the interest expense from third year. As a result, the coverage of interest expenses by operating profit before depreciation and amortization will increase from 2.41 times in the third year to 5.07 times in the sixth year. Since the project will avail five years tax holiday facility, no tax expenses will be incurred in the first five years, the company's net profit is expected to be USD 3.86 million in the first year. At the end of the sixth year of the project, the annual net profit of the company will reach at USD 13.57 million. According to the calculated sales and cost of service, the net profit margin of the company will be 21.04%, 33.98%, 10.87%, 20.47%, 28.25% and 33.08% in the next six years of operation. However, as earlier mentioned net profit margin will be changed, if the cost of service changed.

Return on Assets (ROA) and Return on Equity (ROE) are expected to stand at 2.34% and 4.83% respectively in first year, but as no investment on fixed asset will be made as assumed during first five years of operation and both

ROA and ROE are projected to experience a fluctuating trend during that period in line with return. However, the projected ROE & ROA is low compared to the current deposit rate.

The liquidity position of the company is also expected to be a favorable position and well above from the ideal ratio. The debt to equity position of the project is expected to stand at 1.11 times in first year of projection, considering the project investment including long term investments. On the project's business will be growing alongside its debt to equity ratio will decreased similarly due to raise of cumulative retain earnings along with continuous installment payment of availed project investment. However, regular installments can only be ensured if the company is able to generate the projected revenues and manage its operating costs efficiently and effectively with proper cash management.

E.2. Adequacy of Cash Flow

Cash flow is a vital part of the project finance analysis as it defines the projects sustainability and its future risk mitigation capacity. The concern's estimated sales target and operating expenses is well adjusted with the market norm and practice. Thus, the net profit that has been projected reflects the sustainability of the project through depending on its cash inflow. As per project feasibility, the project will generate surplus cash from its operation over the projected year. The project has taken 15 years projection into consideration years without major replacement; however it will be running after the estimated period as well. Considering, weighted average cost of capital (WACC) at 13.00%. Considering the prevailing inflation and rising commodity prices, ECRL adjusted the civil works cost of the project by increasing it 20% to see the impact. The resulted NPV and IRR of the project is as follows:

Exhibit 13: Selected Indicators: Cash flow and Net Present Value (Figures in USD)

PV of Cost/ Investment	NPV	IRR	PBP
(167,915,123)	5,172,517	13.72%	5.35 years

**As per the feasibility report and assumptions made by ECRL*

E.3. Net Present Value

The revised Net Present Value (NPV) of the project investment stands to USD 5,172,517 (considering the discount rate at 13.00%). However, the NPV would be higher if the project life is considered higher than 15 years, which would represent a healthier present value of all future cash inflows of the project. However, NPV might be change due to less cash flow from operation which is directly related to market competitiveness, maintain the quality of service, irregular supply of power, government decision regarding the industry and the effect of pandemic over the industry. Moreover, decline of service may affect the cash return as expected as well as absences proper marketing strategy that can hamper the servicing facilities.

E.4. Internal Rate of Return

As per the project feasibility report the Internal Rate of Return (IRR) of the proposed project has been computed to 13.72% which represents a higher yield from the project. IRR for this project is higher than the Cost of Capital (13.00%) which demonstrates a feasible project for the investment. However, several industry and socio economy factors can change the projected cash flow which will impact on internal rate of return (IRR).

E.5. Payback Period

Given the current market demand and the occupancy rates of the project, the Pay Back Period (PBP) of the investment has been estimated to be 5.35 years. This shows that the capital invested in the project will be recovered within a period of five and half years. However, various factors will play an important role in governing the payback period of the project. These factors include implementation of the project, international visitor's confidence to travel, hotels approach towards health and disinfection processes, competitive environment, access to funds and cost management effectiveness. Delay in the implementation of the project, increase in project cost and quality management might increase the payback period of the company.

F. Bank Facilities & Credit History

F.1. Loan Facilities

Exhibit 15: Bank & NBFIs Loan Facilities

(BDT in Million)

Bank Name	Mode	Principal Outstanding	Limit
Southeast Bank Limited (As on July 31, 2023)	OD	148.76	500.00
	OD-Stimulus	149.99	150.00

- Personal Guarantee of all the Directors of the company.
- Cheque covering debt with Memorandum of Deposit of Cheque (as per prescribed format) & positive pay instruction.
- Creation of charge on Floating Assets, Receivables, Book debts with RJSC & Farms covering the debt

F.3. Debt Securities

BHL has issued a Coupon Bearing 25% Convertible Secured Bond in the name of “BHL 25% Convertible Secured Bond” in 2019 to refinance the existing high cost syndicated loan against Le Meridien, Dhaka and other high cost debts of BHL and to pile up good operating cash flow at the time of initial operational period of Le Meridien, Dhaka. BHL got the approval for the issuance of the bond from Bangladesh Security Exchange Commission on February 14, 2017. The company finally issued the bond on February, 2019 to nine investors.

F.4. Bond Subscribers and Repayment Schedule

The bond was issued on February 13, 2019 to nine investors and the first semi-annual coupon payment was due on August 2021. As a convertible bond, two investors (Amount of BDT 3,250.00) have fully converted their bonds to equity and BHL has paid fully to its two investors (Amount of BDT 2,250.00 million) as on February 04, 2020. Considering the impact of Covid-19 on tourism industry and the business as well, management of BHL raised the difficulties for coupon payment and principal of the bond and approached to Bangladesh Bank on June 07, 2021 and Financial Institutions Division (FID) of the Ministry of Finance on June 29, 2021. Upon the instruction of Bangladesh Bank and Financial Institutions Division (FID) of the Ministry of Finance, trustee requested to all investors of the bond defer the bond payment and reduce the coupon rate. All the investors were requested to consider the restructuring of the bond; i.e. extension of moratorium by 3 years and validity by 5 years with coupon rate at 7.00% p.a.

Among the investors, Mercantile Bank Limited and Investment Corporation of Bangladesh has agreed to the restructuring. All other parties unanimously decided to obtain decision from their respective Boards and bring the very decision in the form of minutes on the bond restructuring as per minutes of the meeting held on January 29, 2023 between the investors, the issuer and the trustee. As per management correspondence, a unanimous decision on the restructuring of the bond is yet to be formed.

RATING SYMBOL

LONG-TERM RATINGS

ECRL's Long-Term Ratings are assigned to debt with maturities of more than one year. These debt ratings specifically assess the likelihood of timely repayment of principal and payment of interest over the term to maturity of such debts.

RATING	DEFINITION
AAA	Indicates that the ability to repay principal and pay interest on a timely basis is extremely high.
AA	Indicates a very strong ability to repay principal and pay interest on a timely basis, with limited increment risk compared to issues rated in the highest category.
A	Indicates the ability to repay principal and pay interest is strong. These issues could be more vulnerable to adverse developments, both internal and external, than obligations with higher ratings.
BBB	This grade indicates an adequate capacity to repay principal and pay interest. More vulnerable to adverse developments, both internal and external, than obligations with higher ratings.
BB	This rating suggests that likelihood of default is considerably less than for lower-rated issues. However, there are significant uncertainties that could affect the ability to adequately service debt obligations.
B	Indicates a higher degree of uncertainty, and therefore, greater likelihood of default. Adverse developments could negatively affect repayment of principal and payment of interest on a timely basis.
C	High likelihood of default, with little capacity to address further adverse changes in financial circumstances.
D	Payment in default.

Notes: Long-Term Ratings from AA to B may be modified by the addition of a plus (+) or minus (-) suffix to show relative standing within the major rating categories. Bank-guaranteed issues will carry a suffix (bg), corporate-guaranteed issues, a (cg), issues guaranteed by a financial guarantee insurer (FGI), an (fg), and all other supports, an (s) when such guarantees or supports give favorable effect to the assigned rating.

SHORT-TERM RATINGS

ECRL's Short-Term (ST) Ratings are assigned to specific debt instruments with original maturities of one year or less, and are intended to assess the likelihood of timely repayment of principal and payment of interest.

RATING	DEFINITION
ST - 1	The highest category; indicates a very high likelihood that principal and interest will be paid on a timely basis.
ST - 2	While the degree of safety regarding timely repayment of principal and payment of interest is strong, the relative degree of safety is not as high as issues rated ST-1.
ST - 3	This grade indicates while the obligation is more susceptible to adverse developments, both internal and external, the capacity to service principal and interest on a timely basis is considered adequate.
ST - 4	This rating suggest likelihood of default is considerably less than for lower rated issues but faces significant uncertainties that could impact its financial commitment on the obligation.
ST - 5	High likelihood of default, with little capacity to address further adverse changes in financial circumstances.
ST - 6	Payment in default.

Notes: Short-Term (ST) Ratings will also carry a suffix (bg) for bank-guaranteed issues, (cg) for corporate-guaranteed issues, (fg) for FGI-guaranteed issues, and (s) for all other supports when such guarantees or supports give favorable effect to the assigned rating.

Rating Outlook

ECRL's Rating Outlook assesses the potential direction of the Corporate Debt Rating over the intermediate term (typically over a one to two-year period). The Rating Outlook may either be :

POSITIVE	Which indicates that a rating may be raised;
NEGATIVE	Which indicates that a rating may be lowered;
STABLE	Which indicates that a rating is likely to remain unchanged; or
DEVELOPING	Which indicates that a rating may be raised, lowered or remain unchanged.

SECTION XXVIII: PUBLIC ISSUE APPLICATION PROCEDURE

Application Process

Step-1 (Applicant)

1. An applicant for public issue of securities shall submit an application/buy instruction to the Stockbroker/ Merchant Banker where the applicant maintains customer account, within the cut-off date (i.e. the subscription closing date), which shall be **commenced after 20 (twenty) working days and remain open up to 25th (twenty fifth) working days** from the date of publication of an abridged version of the prospectus.
2. The application/buy instruction may be submitted in prescribed paper or electronic form, which shall contain the Customer ID, Name, BO Account Number, Total Amount and Category of the Applicant. At the same time:
 - a) Non-Resident Bangladeshi (NRB) applicants shall:
 - Apply to Stockbroker/ Merchant Banker through BDT/NITA and provide bank certificate evidencing remit of foreign currency in the ESS;
 - Provide relevant documents in ESS in supporting of NRB.
 - b) Eligible investors shall submit an application through the electronic subscription system of the exchange(s) and deposit the full amount intended to subscribe by the method as determined by exchange(s).
 - c) The General Public and Non-resident Bangladeshi (NRB) applicants shall submit the application in the electronic subscription system of the exchange(s) through the Stockbrokers/Merchant Bankers where the applicant maintains customer account.

Step-2 (Intermediary)

3. The registered Stock broker/Merchant Banker in the ESS shall:
 - c) Post the amount separately in the customer account equivalent to the application money;
 - d) Accumulate all the applications/buy instructions received up to the cut-off date and transfer the amount to their respective Consolidated Customer Account;
4. The registered Stockbroker/Merchant Banker in the ESS shall prepare category wise lists of the applicants containing Customer ID, Name, BO Account Number and within **3 (three) working days** from the cut-off date, upload to the ESS, the lists of applicants in electronic (text format with tilde '~' separator) format, deposit the full amount received from the General Public and Non-Resident Bangladeshi (NRB) applicants by the method as determined by exchange(s).
5. The application/buy instructions shall be preserved by the Stock broker/Merchant Bankers up to **6 (six) months** from listing of the securities with the exchange.
6. The Exchanges shall prepare a consolidated list of the applications and send the applicants' BOIDs in electronic (text) format in a CDROM to CDBL for verification **on the next working day**. Simultaneously, the Issuer shall post the consolidated list of applicants on its website and websites of the Exchanges. CDBL shall verify the BOIDs as to whether the BO accounts of the applicants are active or not, verify more than two applications by an individual, verify more than two applications using same bank account and investment criteria.
7. **On the next working day**, CDBL shall provide the Exchanges with an updated database of the applicants containing BO Account Number, Name, Addresses, Parent s' Name and Joint Account information along with the verification report.
8. After receiving verification report and information from CDBL, the Exchanges shall scrutinize the applications, prepare category wise consolidated lists of valid and invalid applications **within 5 (five) working days**.
9. **On the next working day**, the Exchanges shall provide the Commission, Issuer and Issue Manager with the soft copy of subscription result.

Step-3 (Issuer)

10. The Issuer and issue manager shall post the final status of subscription on their **websites within 6 (six) hours** and on the websites of the Commission and Exchanges **within 12 (twelve) hours** of receiving information by the Commission and the Exchanges.
11. **Within 3 (three) working days** of receipt of the subscription result, the Issuer and Exchanges shall:
- e) Process pro-rata allotment of securities to the General Public and Non-Resident Bangladeshi (NRB) applicants;
 - f) Prepare category wise lists of invalid applicants who are subject to penal provisions as per conditions of the consent letter issued by the Commission in electronic (text format with tilde '~' separator) format mentioning the penalty amount against each applicant;
 - g) Issuer shall issue allotment letters in the names of allottees in electronic format, and
 - h) Issuer shall credit the allotted shares to the respective BO accounts on the basis of allotment data (BOID and number of securities) via their CDBL VeDAS Terminal.

12. **15% Private Offer to employees or others of the Issuer:**

According to the compliance with the provisions of the Commission's Notification No. BSEC/CMRRC/2009-193/27/Admin/127 dated 19 July 2021, application process of the 'employees & others' category of the issuer in the initial public offering (IPO) through ESS of the Exchanges shall be conducted as follows:

- g. Employees or others will get 15% of total IPO size subject to payment of 20% premium over fair value for each share. Unsubscribed portion of employees or others will be entitled for General Public (GP) excluding NRB.
- h. The issuer shall upload the list of the existing employees or others in the electronic subscription system of the exchange(s) in electronic (text format with tilde separator) format containing Customer ID, Name (as per BO ID), BO ID, Total Quantity, Total Amount, Category of the Applicant, NID, Employee ID, Service Start Date and Designation.
- i. The existing employees of the issuer or others shall submit application in the electronic subscription system of the exchange(s) through the Stockbrokers/Merchant Bankers where the applicant maintains customer account.
- j. The registered Stockbroker/Merchant Banker in the ESS shall upload the lists of existing employees of the issuer in electronic (text format with tilde '~' separator) format.
- k. The Exchanges shall verify (name, BO ID, amount, duplicate, etc) the applications of existing employees and send the valid BOIDs in electronic (text) format to CDBL for verification. CDBL shall verify the BOIDs as to whether the BO accounts of the applicants are active or not.
- l. CDBL shall provide the Exchanges with an updated database of the applicants containing BO Account Number, Name, Addresses, Parent s' Name and Joint Account information along with the verification report.

The Existing employees or others of the issuer as mentioned above at condition no. **a** whose applications are valid and active will be allotted securities as per their applied quantities, **subject to a lock-in period of 2 (two) years from the first trading day at the exchanges**

Step-4 (Intermediary)

13. On the next working day, Exchanges shall:

- d) remit the number of allotted applicants to the Issuer's respective Escrow Account opened for subscription purpose.
- e) send the penalty amount who are subject to penal provisions to the Issuer's respective Escrow Accounts along with a list.
- f) distribute the information and allotment letters to the stock broker/Merchant Bankers concerned in electronic format with a request to refund the balance application money.

14. On the next working day of receiving the documents from the Exchanges, the Stockbrokers/Merchant Banker shall refund the excess application money in the customer accounts and inform the applicants about allotment of securities.

Miscellaneous:

- 15.** The Issuer, Issue Manager(s), Stockbrokers and Merchant Bankers shall ensure compliance of the above.
- 16.** The Issuer shall pay the costs related to process the Eligible Investors allotment if claimed by the Exchange concerned up to an amount of Tk. 2,00,000/- (Taka Two Lac) only and Tk. 8,00,000/- (Taka Eight Lac) only for processing the applications of General Public and Non-Resident Bangladeshi (NRB) applicants.
- 17.** The Stockbroker/Merchant Bankers shall be entitled to a service charge of Tk. 5/- (Taka five) only per application irrespective of the amount or category for the service provided till withdrawal of the money. The service charge shall be paid by the applicant at the time of submitting an application.
- 18.** The Exchanges shall provide the Issuer with a statement of the remittance.
- 19.** The exchange shall send the penalty amount to the Commission through a bank draft/payment order issued in favor of the Bangladesh Securities and Exchange Commission.
- 20.** The concerned Exchange is authorized to settle any complaints and take necessary actions against any Stockbroker/ Merchant Banker in case of violation of any provision of the public issue application process with intimation to the Commission.
